BROOKLYN NORTH HIGH SCHOOLS

BROOKLYN NORTH HIGH SCHOOLS DISTRICT

DISTRICT VISION

Each student will be provided with a loving, inclusive learning community where they can pursue their passions, achieve academic excellence and economic freedom by graduating within four years, college- and career-ready, highly qualified to collaborate, communicate, think critically, and be creative to persist as global citizens.

DISTRICT MISSION

Brooklyn North High Schools will operationalize Centering Children, Leading with Love, and Innovating for Tomorrow through integrating data, building collective efficacy, and using an asset-based lens. This will ensure each student is provided with loving, inclusive learning communities where they can pursue their passions, achieve academic excellence, and economic freedom.

BKNHS DCEP PRIORITY GOALS

SY26-27

1 NYC Reads

LITERACY/ NYC READS

- **By June 2027, literacy rates for all students will improve, as measured by a 3-point increase, from 74.13 to 77.13, of the average score on the NYS ELA Regents exam results. (Revised)**
- By June 2027, literacy rates for 9th and 10th grade students reading Far Below Expectations will improve, as measured by a 4% increase, from 57% to 61% achieving average or above average growth on the MAP Reading Assessment.
- By June 2027, literacy rates for Students with Disabilities (SWD) will improve, as measured by a 4-point increase, from 65.34 to 69.34, of the district average score on the NYS ELA Regents Exam results.
- By June 2027, literacy rates for English Language Learners (ELL) will improve, as measured by a 5% increase, from 60% to 65%, of the percentage of students who are making average or above average growth on the MAP Growth Reading Assessment.

2 NYC Solves

MATH / NYC SOLVES

- **By June, 2027, the district average Algebra I Regents score for all students will increase by 7 points, from 61.26 to 68.26, as measured by NYS Algebra 1 Regents Exam results. (Revised)**
- By June 2027, the percent of students scoring in the low and low average quintiles on the EOY Map growth assessment will decrease by 2%–4% percent, from 52% to 48%–50%, as measured by students' overall RIT score.
- By June 2027, the district average Algebra II Regents score for Students with Disabilities will increase by 3 points, from 54.55 to 57.55 as measured by the NYS Algebra 1 Regents Exam results.
- By June 2027, the district average Algebra I Regents score for English Language Learners (ELLs) will increase by 2 points, from 57.45 to 59.45, as measured by the New York State Algebra I Regents Examination results.

3

SAFE AND INCLUSIVE SCHOOLS

- By June 2027, safety/belonging for all students will improve, as measured by a 2-6 decrease in repeats measured from 21% to 19%, per the Online Occurrence Reporting System (OORS), Insight, Power BI.
- By June 2027, safety/belonging for all Students will improve, as measured by a 2% decrease, in the number of Level 4 & 5 incidents across targeted locations (classroom, hall, staircase, and cafeteria) from 8% to 6%, per the OORS, Insight, and Power BI.

4

COLLEGE AND CAREER READINESS

- **By June 2027, the advanced course enrollment for all students will increase by 3.0% from 74% to 77% as measured by Insight. (Revised)**
- By June 2027, T1 College and Career Advising Sessions for all students will increase by 1% from 9% to 10% as measured by STARS and Insight.
- By June 2027, there will be a 2% increase in overall pass rates on the Earth and Space Science Regents exam for All Students from 82% to 84% as measured by June 2027 Earth and Space Science Regents ELA Data.
- By June 2027, the number of Brooklyn North High Schools offering the New York State Seal of Biliteracy physical awards will increase from 19 to 22 schools, as measured by the Office of Multilingual Learners report.

5

CHRONICALLY PRESENT EVERY DAY MATTERS

- By June 2027, the overall attendance for all students will increase by 4%, from 88% to 92%, as measured by Insight.
- By June 2027, the percentage of chronically absent students will decrease by 3%, from 32% to 29%, as measured by Insight.

Superintendent, Dr. Rushell White

Dr. Rushell White is a lifelong educator and leader with more than 27 years of experience who currently serves as Superintendent of Brooklyn North High Schools. Born in St. Thomas, Jamaica, and raised in Brooklyn, she earned her doctorate in Educational Leadership and has dedicated her career to advancing educational excellence, equity, and student success. Guided by the commitments of **Centering Children, Leading with Love, and Innovating for Tomorrow**, Dr. White is committed to amplifying student voice, strengthening family and community partnerships, and expanding pathways to college, careers, and lifelong success.

Three Commitments

1. Centering Children
Dr. White emphasizes engaging data driven student centered instruction and foundational skills like literacy, building on citywide initiatives to improve student outcomes and close achievement gaps.

2. Leading with Love
Dr. White leads with compassion, equity, and an unwavering belief in the potential of every student. She fosters inclusive learning communities by expanding equitable access to rigorous academic opportunities, strengthening culturally responsive practices, and ensuring that resources, supports, and opportunities are distributed to meet the diverse needs of all students and school communities.

3. Innovating for Tomorrow
Dr. White is committed to preparing students for success in an ever-changing world by fostering innovative, safe, and inclusive learning environments that embrace New York City's diversity. She champions forward-thinking instructional practices, meaningful technology integration, and expanded college, career, and global learning opportunities that equip every student with the knowledge, skills, and experiences needed to thrive in the future.

Deputy Superintendent Dr. Neil Harris

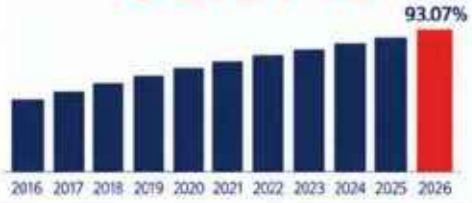

Dr. Harris is a proud graduate of New York City Public Schools whose career has been dedicated to serving and strengthening NYC school communities. He began his career in 2004 as a special education teacher in Brooklyn North and was appointed Assistant Principal in 2007. In 2010, he became Principal of Transit Tech High School.

In 2013, Dr. Harris expanded his impact in educator development, serving as Director and Associate Professor at Long Island University's School of Education. He returned to NYCPS in 2018 as Principal of the historic Automotive High School, where he led its transformation into the innovative A-Tech High School.

OUR PHILOSOPHY & MISSION

At ACLA, **"scholarship, character and service"** are the foundational elements by which leadership is developed in our students. Through rigorous academics, athletics, and meaningful relationships, we expect students to excel as human beings leading healthy and productive lives. Our academic expectations are high for all scholars—our fundamental expectation is that each student is recognized for their full potential, whatever their starting point, and that we provide every opportunity to maximize that potential in a supportive, intellectually stimulating environment.

SCHOOL CONTEXT & STUDENT DEMOGRAPHICS

421	53	73%	19%
Total Enrollment	Class of 2027 Seniors	Economic Need Index	Students with IEPs

All City Leadership Secondary School (ACLA) is a highly supportive public urban high school located in District 32, Brooklyn. Serving grades 9 through 12, ACLA fosters a tight-knit community of scholars focused on college readiness, ethical leadership, and active public service.

THE LEADERSHIP CADET MODEL

9th & 10th Grade Requirement:

All students in the 9th and 10th grades are required to attend mandatory Friday Night Cadet Training Courses. The ACLA Cadet Program is a comprehensive leadership development experience that empowers students to cultivate confidence, character, discipline, and service. Through leadership training, public speaking, teamwork, and community engagement, cadets develop the skills necessary to become effective leaders in their school, college, careers, and communities.

NCO Leadership School:

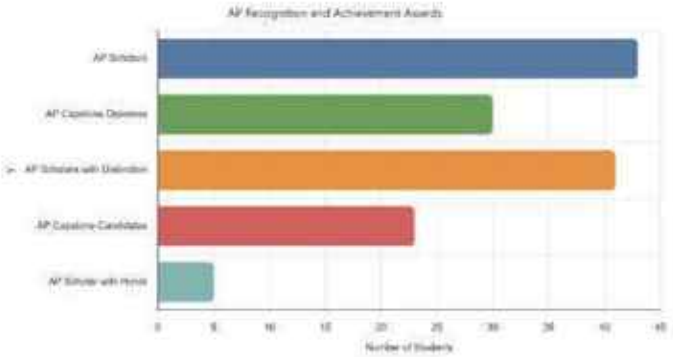

In 9th grade, students can opt into a rigorous 4-year commitment in our Non-Commissioned Officer (NCO) School.

Community Service, Impact & Mentorship:

Most students choose to continue in upper grades, earning leadership roles to mentor younger cadets in academic and personal success. Cadets actively organize and execute community service initiatives within the school building and the broader NYC community.

ADVANCED PLACEMENT (AP) HONORS & CAPSTONE RECOGNITION

AP Honor / Distinction Category	Awarded Scholars
AP Scholars	43
AP Capstone Diplomas (Class of 2026)	30

96% of families believe that school staff work hard to build trusting relationships with them.

90% of students say they feel safe in the hallways, bathrooms, locker rooms, and cafeteria.

2024-25 School Quality Snapshot

The Mission

The mission of BBACD is to provide rigorous, student centered instruction in every classroom and to instill intellectual curiosity, excellence, integrity, and cultural awareness in every student. Through student programs and strategic partnerships, we seek to provide resources for college access, lifelong learning and fulfilling careers.

We will provide opportunities for members of our community to share ideas and resources aligned to enhance the educational experience for our scholars. We are dedicated to creating and maintaining a supportive and collaborative learning environment that encourages our students' physical, social, emotional, and academic growth.

We seek to create occasions for our students to engage in technology based learning for the 21st century, civic engagement and service learning. In addition, we will enhance our professional learning community where teachers collaborate to build their instructional capacity and improve student outcomes.

**As a part of our graduation plan to prepare scholars for the 21st century, it is our expectation that all scholars are required to take four years of math and science. This includes course offerings in advance placement and college level classes in all content areas.

Principal's Greetings

As the principal of BBACD, my sole purpose is to create a collaborative and nurturing environment that will challenge every student and prepare them for college and the 21st century workplace.

We are dedicated to aligning Chancellor Kamar H. Samuels vision for the mission and vision of Benjamin Banneker Academy. We are proud of the rich legacy of Benjamin Banneker Academy and value the hard work and dedication of our stakeholders as well as the foundations which this educational institution is built upon.

Dr. Kinsley Kwateng, PhD.

Bard High School Early College Brooklyn

Launched in 2024, Bard High School Early College Brooklyn (BHSEC Brooklyn) is a new and innovative public early college high school in the East New York neighborhood of Brooklyn. A collaboration between Bard College and the New York City Department of Education, BHSEC Brooklyn will offer young people a set of extraordinary opportunities, including:

- Enabling students to graduate from high school with **60 transferable college credits** and a Bard College AA degree, entirely free of cost.
- A core curriculum in the **liberal arts and sciences**,
- Extensive **college and career guidance** & robust student support structures that attend to students' academic, social, and developmental needs.
- **Internships and applied learning opportunities**

All BHSEC Brooklyn students will begin undergraduate study after the 10th grade, replacing the traditional 11th and 12th grades with two years of rigorous and supportive college curriculum. Within four years, students earn two credentials: A NYS high school diploma and a Bard College Associate in Arts degree, all tuition free. Prioritizing 90% enrollment for Brooklyn residents, BHSEC Brooklyn seeks students of all academic backgrounds.

Our Impact in NYC

- In 2020, The Education Trust found that the NYC Bard Early Colleges have the highest on-time bachelor's degree completion for low-income students of all public schools in New York State.
- According to an independent study in NYC, Bard graduates are nearly twice as likely as graduates of traditional NYC schools to earn a bachelor's degree within four years, controlling for academic and demographic characteristics.
- In the first 20 years of Bard Early College, over **4,400 AA degrees** have been conferred and over **350,000** credits awarded, all entirely free of cost to students and their families.

Bard Early College is a network of ten satellite campuses of Bard College. By bringing high school and college together, Bard Early College offers students deep immersion in the liberal arts and sciences and helps students access, afford, and complete higher education.

GRECIAN HARRISON ED.D, PRINCIPAL

OVERVIEW

The historic Boys and Girls High School is a renowned educational institution that provides multiple pathways to engage students in the learning process. Our instructional practices empower students to take ownership of their learning, develop critical-thinking skills and get them ready for the demands of the 21st century global community and the workforce. Students have the opportunity to participate in Career and Technical Educational programs, such as electrical installation, architectural drafting, theater arts, or get a jump start for college by taking college courses while they are still in high school. All students are enrolled in engaging and academically challenging courses taught by high quality teachers.

ACADEMICS

- AP courses - English Language & Composition; English Literature & Composition; U.S History & Government; Calculus AB; Computer Science Principles; AP Capstone - AP Seminar and AP Research.
- CTE Programs: Electrical Installation, Architectural Drafting, Computer Programming and Theater Arts.
- CUNY College Now at New York College of Technology.
- College credit courses - Grit Lab w/ University of Pennsylvania & Poetry in America w/Arizona State University.
- Community Partnerships: Manhattan Theater Club, Brooklyn Navy Yard.
- Operation Graduation; Mentoring Program; National Honor Society; Civics for All.
- SAT Preparation, College and Career Advisement, College and Career Trips, Saturday Tutoring Academy, Regents Prep Boot Camp.

ACTIVITIES

After-School Tutoring, Beauty & Brains, Cheerleading, Choir, Dance, Drone Club, Drumline, E-Sports Club, Fashion Shows, LGBTQ club, Library Squad, Music Production Studio, MBK (My Brother's Keeper), MSK (My Sister's Keeper), Oratory Competitions, Photography Club, Poetry Slam, Student Advisory, Student Government, Talent Shows, Theater, Yearbook.

Brooklyn Arts

BROOKLYN HIGH SCHOOL OF THE ARTS

School Profile 2026-2027

345 Dean Street, Brooklyn, NY 11217
(718) 855 - 2412
brooklynartshs.nyc | CEEB Code: 330583

Our Mission

Brooklyn Arts is a dual-mission, audition-based public NYCDOE high school dedicated to providing aspiring artists and scholars with an academically rigorous pre-college course of study and a comprehensive, four-year pre-conservatory arts program.

The Arts

All students complete 4 years of intensive training, graduating with the highest level of artistic skills and knowledge, making them advanced candidates for coveted scholarships and conservatory programs. Click here for our arts curriculum.

DANCE. Through training under our teachers and guest choreographers, students will develop their talents in classical ballet, contemporary or modern dance, and they will graduate prepared for the rigors of a liberal arts or conservatory program.

DRAMA. Students receive rigorous, differentiated and sequential high quality theater training to support their dreams in theater and other fields. Our annual productions are regularly selected for the prestigious Shubert Festival.

INSTRUMENTAL. The instrumental department is dedicated to the highest performance standards in music, regularly receiving statewide recognition from the New York State Music Association (NYSSMA), including "Gold with Distinction" and "Gold Honors".

VISUAL ARTS. Students develop technical abilities, critical thinking skills, and personal expressive voice. Their artwork is often showcased at PSArt, Scholastic Art Connections, the Metropolitan Museum of Art, and for a billboard in Times Square.

VOCAL. Students pursue a rigorous program of solo and ensemble singing, and they have the opportunity to work closely with top professional vocalists through our various partnerships as well as perform at popular NYC venues.

Grading Policy

Grades are reported by term (2 terms) on a 100-point scale. Students earn 1 credit per term for each class they pass with a 65+. Physical Education carries 0.58 credits per term, and the course is Pass/Fail. Students taking a science lab earn an S or U grade.

- *Science labs and Physical Education do not get calculated into a student's GPA.*

Students enrolled in AP courses receive a weighted GPA. If a student has not taken any AP courses, the student's GPA is unweighted. All 12th grade students receive an unweighted rank.

CYPRESS HILLS

Brooklyn Lab School

Brooklyn Lab School is a collaborative learning community devoted to sustaining strong character, intellectual inquiry, college readiness, and lifelong learning for all. Every student has the full potential to strive towards their goals and become lifelong learners with a strong sense of integrity. They will become thoughtful and tolerant citizens equipped with the skills and tenacity to face the challenges of the 21st Century.

Highlights

- College and AP Courses
- Financial Literacy Course
- Visual and Performing Arts Program
- Cybersecurity and 3D Printing Courses
- Overnight and one-day college trips
- Northwell LIJ Clinic
- ROTC
- Sustainability program
- Paid Internships
- Civics and Biliteracy Program
- Podcasting
- International Trips
- Hydroponic Lab and Youth Aviation coming soon!

FUTURE READY NYC

Campus-wide Sports

Basketball, Baseball, Football, Soccer, Softball ,Volleyball, Swimming ,Tennis, Bowling ,Track and Field, Cricket, Golf and more!

Clubs

American Sign Language, Violin, Chess, My Brother's Keeper, My Sister's Keeper, Book Club, Hair Styling Club, Art Club, Gaming Club, Podcasting, Robotics, Nail Club, Green Team, Event Planning, and more!

AP Courses

- AP Environmental Science
- AP Seminar
- AP English Language
- AP English Literature
- AP Computer Science
- AP Cybersecurity
- AP Human Geography

THE BROOKLYN LATIN SCHOOL

Cui multum est datum, multum de eo postulabitur

To Whom Much is Given, Much is Expected

MISSION

The Brooklyn Latin School provides a specialized, classical education, including the study of Latin, in a disciplined academic environment. Our curriculum provides the groundwork for an understanding of the foundation of our society, while developing the leadership capacity of our students so that they may serve as leaders in their communities.

ADMISSIONS

The Brooklyn Latin School is one of nine specialized high schools in New York City that aims to provide an education tailored to the city's most advanced students. As with all specialized high schools, our sole admission criterion is the Specialized High Schools Admissions Test (SHSAT), typically given in October or November of each year, which is available to all children residing in New York City in the eighth and ninth grade. Neither interviews nor middle school grades are necessary, as they cannot be used to determine eligibility to attend TBLS.

CURRICULUM

The Brooklyn Latin School offers a liberal arts curriculum with an emphasis on the classics and Latin language instruction. Our curriculum emphasizes a core knowledge of the liberal arts that students will use as the basis for further, more detailed exploration. All students are required to complete four years of Latin, English, history, mathematics, science, and at least two years of Spanish or Greek. In humanities classes, students participate in Socratic seminars and declamation (public speaking exercises). Non-humanities classes feature labs, math expositions and other inquiry-based methods. In all classes, students can expect a strong – and continuing – emphasis on structured writing and public speaking, as well as an overarching practice of the kind of analytical thinking that will ensure that all TBLS students are prepared for the rigors of college work.

SEMINAR

Like the great ancient philosopher Socrates, The Brooklyn Latin School believes that an education does not mean simply filling a student with information. Rather, an education must encourage a student to realize their potential for discovery and independent thought. Socratic seminars allow students to discuss and debate academic topics in a controlled classroom environment and achieve their own insights through informed conversation.

LATIN

The Brooklyn Latin School requires four years of Latin instruction, which lies at the core of our classical liberal arts curriculum. The study of Latin puts students in touch with the great thinkers of the past – from Plato to Cicero to Erasmus. In addition, the study of Latin has been widely shown to improve students' English reading and writing abilities by acquainting them with the grammatical structures on which our own language is founded. In keeping with our classical tradition, all students are expected to regularly participate in Socratic seminars and declamation.

DECLAMATION

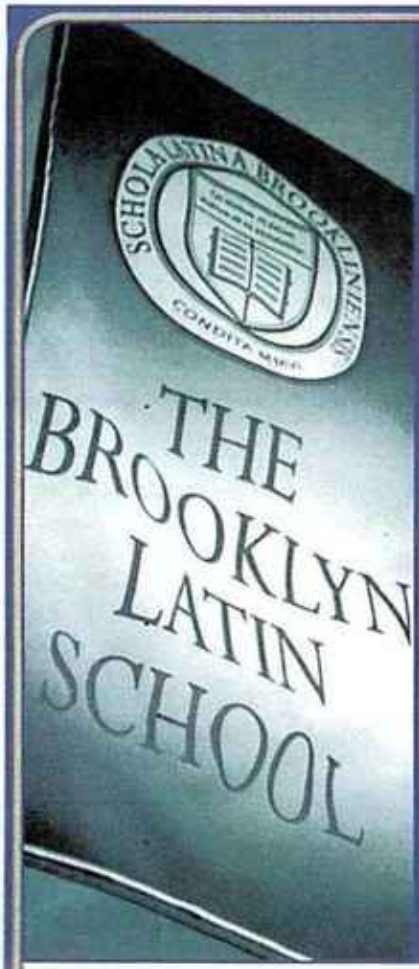

The Brooklyn Latin School subscribes to the classical belief that to be a leader in any field, academic or otherwise, one needs to be well-spoken and have a command of oratorical skills. Research has shown that those trained to speak well develop sharper memories and better writing skills. Many classes, including all humanities, hold regular declamations in which students must memorize and recite relevant texts either assigned by the teacher or chosen independently. In addition, there are school-wide public declamations, for which auditions are held.

UNIFORM

One of the most visible markers of a community is the uniformity that bridges together students from diverse backgrounds to represent the harmony that welcomes them here. The Brooklyn Latin School upholds a dress code that is strictly enforced. Students are expected to be in full uniform during the school day and we provide items to students who need them. Amendments to the uniform are only allowed for documented medical or religious reasons.

EXTRACURRICULARS

One of the ways our students build their character and leadership skills is through our clubs program. The Brooklyn Latin School is part of the Public Schools Athletic League (PSAL). With our two other PSAL schools who share this campus, we offer a combination of joint and TBLS-exclusive activities. Sports offered are volleyball, basketball, badminton, track, soccer and more. Extracurricular clubs shift yearly based on student interest. We offer affinity clubs, artistic clubs, leadership clubs, performance clubs and special interest clubs. Our clubs are student-led and faculty and staff supported.

The Brooklyn Latin School is an International Baccalaureate (IB) World School

The Brooklyn Latin school is the only specialized school in New York City to offer the prestigious International Baccalaureate (IB) Diploma Program to all, a challenging high school curriculum recognized worldwide for its high standards. At The Brooklyn Latin School, all students enroll in the IB program to earn their IB diploma, students must engage in academic work across six disciplines: English, classical and world language, history, science, math and an elective.

The IB program has three additional core requirements: a 4,000-word extended essay; a Theory of Knowledge course; and a Creativity, Activity and Service requirement in which students engage in personally and socially relevant projects outside of the classroom.

At The Brooklyn Latin School, we believe that the IB program plays an integral part in fulfilling the school's mission. The program prepares our students for the rigors of college and fosters their development as caring citizens in a global world.

More information about the IB Diploma Program can be found at www.brooklynlatin.org or www.ibo.org.

PRAISE FOR IB :

IB is well known to us for excellent preparations. Success in an IB programme correlates well with success at Harvard. We are always pleased to see the credentials of the IB Diploma Programme on the transcript.

–Marilyn McGrath Lewis, Director of Undergraduate Admission, Harvard University

One of the advantages of an IB curriculum is its structure and quality. It's a coordinated program, well established, well known, and well respected. We know the quality of IB courses, and we think the IB curriculum is terrific.

–Christoph Guttentag, Director of Undergraduate Admissions, Duke University

I have always been a supporter of the International Baccalaureate. It is a thoughtful and genuinely intel-integrity curriculum with an unusually high degree of integrity and connectedness. There is no other curriculum anywhere that does a superior job of both educating students and inspiring a true and broad based love of learning.

–William Shain, Dean of Undergraduate Admissions, Vanderbilt University

Brooklyn Preparatory HS

Academics: Student Engagement

1. **College Level Courses:** Brooklyn Prep students offers 10 AP classes: Chemistry, Calculus, US History, Studio Art, African American Studies, European History, Environmental Science, Spanish Language, English, and Psychology. We also partner with the College Now Program.

256 students taking AP courses

2. **Elective Courses:** We have flexible programming allowing students to choose, create and lead electives offerings every semester like Japanese Language, Cosmetology, World Travel and Dance.

3. **S.T.A.R. Program:** S.T.A.R. students who excel in: Scholarship, AP courses, extracurriculars, and exams receive incentives for their hard work.

$19,384 average financial aid

4. **College Support:** We have two full-time college counselors providing application support, college fairs, trips, financial aid support and free SAT prep. We connect students with college programs such as: College Now, Opt Net, and SEO. BPHS alumni attend amazing schools like Cornell, Barnard, UPenn and Syracuse!

Extracurriculars: Student Excellence

1. **Job Shadows & After School Activities:** BPHS students have opportunities to visit companies like American Express, Marvel, and AT&T. Students can also participate in activities such as Girls Be Heard, LIONs, Reel Works, Empresses and Outdoor Club.

2. **Internships & Volunteering:** We offer a large variety of internships during the year and summertime. Our students volunteer at senior centers, health walks, schools, and parks.

1,182 community service hours

3. **Sports:** Our campus offers the following PSAL sports: Volleyball, Softball, Handball, Basketball, Cross Country, Indoor Track, Track and Field, Baseball, Flag Football, Cheerleading, and Double Dutch.

www.brooklynprephs.org

Brooklyn Preparatory HS

Social-Emotional: Student Empowerment

165 Teacher's Assistants

135 Learning and Curriculum Leaders

1. Advisory: All students have an Advisory group that meets 3x each week. Advisories connect with each other by learning about social issues, sharing and listening to other's perspectives.

2. Student Leadership: BPHS offers students many ways (including paid opportunities) to be leaders such as: Peer Mentors, Teacher's Assistants, Peer Advisory Leaders, Student Council Reps, Learning Leaders and Curriculum Leaders!

Fast Facts

- Address: 257 North 6th Street, Brooklyn, NY, 11211
- Transportation: L to Bedford, G to Metropolitan, B39, B46, B59 and B61.
- BPHS Graduation Rate: 94%; Citywide Graduation rate: 65%
- College Acceptance Rate: 100%
- Number of 9th grade applications: 2,000
- Number of students in BPHS: 550
- Number of students in HVA Campus: 1,800
- Common HVA spaces: Cafeteria, Gym, Auditorium
- Class size: 25-30; Advisories: 18
- Number of AP classes: 9
- 1:1 student to laptop
- How to Apply: BPHS is an Education Option (Ed Opt) school based on students' 8th grade State Test Scores. We receive over 2,000 applications for about 130 9th grade seats. We highly recommend that you attend an open house with a parent or guardian to find out if BPHS is a fit for you before you apply. Ask your guidance counselor for more information.

ABOUT US

We develop a community of young leaders who will demand the best from themselves today and work together for a more just tomorrow. We are committed to providing a challenging curriculum that empowers students to succeed and to be active in the social, cultural, and political lives of their communities and their world. We are committed to ensuring that every student has constant and consistent opportunities for intellectual engagement and becomes confident in facing the pressing issues of the day.

BSSJ offers many programs and clubs within the school. By joining these clubs, I have been able to build many connections with my peers and staff members as well as provided me with the opportunity to partake in activities outside of the school setting. By being a part of said activities I have been able to network with others and gained many useful resources to help me throughout my academic and personal life.

- Jeury Pena, Class of 2022

Being a student at bssj has been very fun from attending basketball games, to supporting with school fundraisers held by the National Honors Society (NHS) and a class geared to teach everyone about Black History. I appreciate my teachers for being very supportive and caring in ensuring I understand the class material. I'm thankful for the opportunity for joining NHS where I can continue serving my school/community.

- Rihanna Hamilton, Class of 2024

Brooklyn Technical High School

TECH
2026-27
PROFILE

29 Ft. Greene Place • Brooklyn, New York 11217 • Phone: (718) 804-6400 • Fax: (718) 260-9245 • Email: info@bths.edu • CEEB Code: 330630

Brooklyn Technical High School is the nation's largest specialized public high school for science, technology, engineering and mathematics. Housed in a physical plant reborn for the 21st century, the school is a national model for excellence. Recognized as a Blue Ribbon School, a New American High School, a Project Lead The Way Model High School, and an Intel School of Distinction in Science, Brooklyn Tech is also annually recognized in both US News and Newsweek as a Gold Medal School and is currently ranked the 71st best high school in the country. In addition, Brooklyn Tech ranked 1st in the nation in the Niche Standout High School rankings which ranks schools with at least 50% of students identified as economically disadvantaged.

Tech has a stimulating environment that fosters transformational education and personal growth in classrooms and labs which are on par with university and industry standards. With modern technology at its core, Brooklyn Tech serves as a vibrant intellectual arena for faculty and students to explore and embrace the ideas, technology and instructional methods that will shape the future.

All of the 6,000 students attending Brooklyn Tech reside in the five boroughs of New York City. The majority of the students are multi-lingual and over 61% are entitled to free or reduced lunch. Brooklyn Tech has 279 full time faculty members. 92% of the faculty currently hold advanced degrees and 13% hold terminal degrees.

DISTINGUISHING FEATURES

Admissions - Students interested in attending Brooklyn Tech must take the Specialized High Schools Admissions Test (SHSAT) administered by the New York City Department of Education. A student receives an offer to Tech based solely on his/her test score, how he/she ranked the school among the other specialized high schools, and seat availability. On average, approximately 30,000 8th and 9th graders take the test each year with between 1,450 and 1,550 being admitted into the incoming cohort.

Alumni Foundation - A unique feature of Brooklyn Tech is its strong alumni network, with over 60,000 stakeholders in our school. Brooklyn Tech has a strategic partnership with the Foundation which provides administrative support for internships, mentorships, Career Day, Recent Alumni Day, Ruby Engineers (for young women's leadership), and a remarkable annual Homecoming event. The Foundation also generously supports (both financially and experientially) teacher professional development, new programs and initiatives, enhanced instructional programs for students, facilities improvements and renovations, and technology upgrades.

Project Lead the Way (Engineering) – a world-class, activity driven, project and problem based curriculum in STEM fields crafted by teams of industry professionals and collegiate faculty. College credit is granted through a consortium of state specific institutions (Rochester Institute of Technology in NY) based on cumulative performance and achievement on the final exams.

Weston Research Scholars Program – provides students with a three-year opportunity to participate in the creation of new knowledge through scientific investigation at graduate and post-graduate levels. It is unique in its structure incorporating an internal mentor model consisting of Brooklyn Tech teachers with research experience, a summer institute to prepare students, student research teams, on-going activities through the academic year and summer and external mentors at colleges, universities and research facilities.

Consistent with the National Consortium of Secondary STEM Schools, BTHS does not rank students except to determine the Valedictorian (highest weighted GPA) and Salutatorian (second highest weighted GPA). Courses worth college credit through Advanced Placement or formal articulation agreements with colleges and/or universities are weighted at 1.1 only in the cumulative GPA; actual transcript course grades are not weighted.
*** Note: Students are limited to taking a maximum of 3 AP Courses a year.**

DIPLOMA REQUIREMENTS

THE BTHS INSTRUCTIONAL MODEL

Ninth and Tenth Grades: The mandated 9th grade Design & Drawing for Production class, which satisfies the New York State Arts requirement for graduation, is a foundation course through Project Lead The Way that immerses students in the design process from brainstorming to prototyping through 3D printing. Students use industry standard 3D modeling software (Autodesk Inventor) to complete both individual and team oriented projects honing student communication skills in graphic form with an equal emphasis on oral presentation. During 10th grade, all students are mandated to take AP Principles of Computer Science. During the spring semester of the tenth grade, students must participate in the "Major Selection Process" which enables them to list each major in order of preference from a set of 18 options. Placement in a major is based on a combination of student preference and prior academic performance.

Eleventh and Twelfth Grades: Majors include at least **2** periods of instruction junior year and at least **3** periods of instruction senior year. The 18 Majors are: Aerospace Engineering; Architectural Engineering, Biological Sciences, Chemical Engineering, Civil Engineering, Electrical Engineering, Environmental Science, Finance, Industrial Design, Law and Society, LIU Pharmacy, Mathematics, Mechatronics and Robotics, Digital Media, Neuroscience, Physics, Social Science Research, and Software Engineering.

Career and Technical Education Endorsement – Students in the Media, Civil, Architecture, Aerospace Engineering, Industrial Design, Electrical Engineering, Software Engineering, and Mechatronics majors are eligible to receive a CTE Endorsed diploma. This means that students must complete a specific sequence of courses, receive professional certifications recognized by the relevant industry, and have career and work-based learning, training, and/or experiences.

Advanced Placement – We offer a wide array of Advanced Placement courses, our menu includes: Studio Art, Comparative Government and Politics, Human Geography, Psychology, Computer Science A, Computer Science Principles, Biology, Chemistry, Environmental Science, Calculus AB, Calculus BC, Chinese Language and Culture, English Language and Composition, European History, French Language and Culture, Italian Language and Culture, Macroeconomics, Microeconomics, Physics I, Physics 2, Physics B, Physics C, Research, Seminar, African American Studies, Spanish Language and Culture, Statistics, United States Government and Politics, United States History, World History.
*** Note: Students are limited to taking a maximum of 3 AP Courses a year.**

STUDENT LIFE: CLUBS & ORGANIZATIONS

Students are encouraged to participate in extra-curricular activities. It is a way in which students find their affinity groups, earn club credits, and develop interpersonal, participation, and leadership skills.

- *Student Government Organization includes school wide and grade specific officers, councils that focus on issues and policies, and groups that oversee clubs and activities.*
- *Clubs: There are over 400 clubs focused on a wide array of student interests, cultures, hobbies, etc.*
- *Academic Organizations/National Societies -National Honor Society; BETA; National Society of Black Engineers; Society of Women Engineers; American Society of Civil Engineers, American Institute of Architecture Students, Girls Who Code*
- *Service Clubs: Red Cross, Hope, Key Club, Relay for Life*
- *Performance Clubs: Boys' and Girls' STEP teams, Breakdance Club, Opera, and Acapella*
- *Academic Clubs/Teams: Mock Trial, Moot Court, Debate, Model UN, Math Team, Science Olympiad, FIRST Robotics, Chess*
- *Publications: The Survey (school newspaper), Blueprint (yearbook), Horizons (literary magazine), The Radish (satirical newsletter), Math Student Magazine (original research journal).*
- *Productions: Annual Fall Play (comedy/drama), Spring Musical, Winter Holiday and Spring Concert Series, Talent Show, Battle of the Bands*

STUDENT LIFE: ATHLETICS

Brooklyn Tech Scholar-Athletes are required to take the same academic course load as students not participating on athletic teams. All students are NCAA eligible based on clearinghouse course registration and individualized standardized achievement scores. All Scholar-Athletes must maintain amateur status to play in the Public School Athletic League.

In 2026, Brooklyn Tech won 6 Public School Athletic League City Championships

Our Stats:

90% — 2025 Six Year Graduation Rate
This is the percentage of seniors who graduated from Bushwick Leaders High School within six years.

95% — 2026 Inclusive Environment
The percentage of teachers who indicated that the school fosters a diverse, inclusive and equitable community for all students.

92% — 2026 Student Safety
The percentage of students who indicated feeling safe in classes and the cafeteria.

95% — 2026 Parent-Teacher Trust
The percentage of parents who feel respected and supported by their child's teachers and feel treated like partners.

92% — 2026 Family Satisfaction
The percentage of families who indicated they are satisfied with their child's academic progress and experience.

COMPETENCY-BASED EDUCATION

At BLHS our vision is to provide our students with a rigorous, collaborative, and culturally responsive academic program that encourages them to think critically, generate discussion, and create products to demonstrate their learning. To realize this vision our school has adopted a **competency-based approach to education**. Students work towards developing skills or competencies listed below in every class. Developing these skills will prepare our students for college and careers.

School Wide Competencies:

- Communication (Listening & Speaking Skills)
- Collaboration
- Creativity
- Critical Thinking
- Argue (Writing Skills)
- Self-Management
- Growth Mindset
- Cultural Competency

CTE PROGRAM

Bushwick Leaders' High School has developed a cutting-edge **Career & Technical Education (CTE) program focused on Data Science** that will ultimately enable students to access a high quality and satisfying career as well as provide students with long-term economic security. We are the first school in New York State to have such a program approved by the New York State Education Department.

Data science is a field in the technology sector that combines computer science, statistics and business to organize data, make meaning from it and guide decision making. According to the US Bureau of Labor Statistics, the median salary for data scientists was $103,500 in May 2022.

SMALL SCHOOL, BIG IMPACT

BLHS is a small community high school of about 330 located at at **797 Bushwick Ave** in Bushwick, Brookyn.

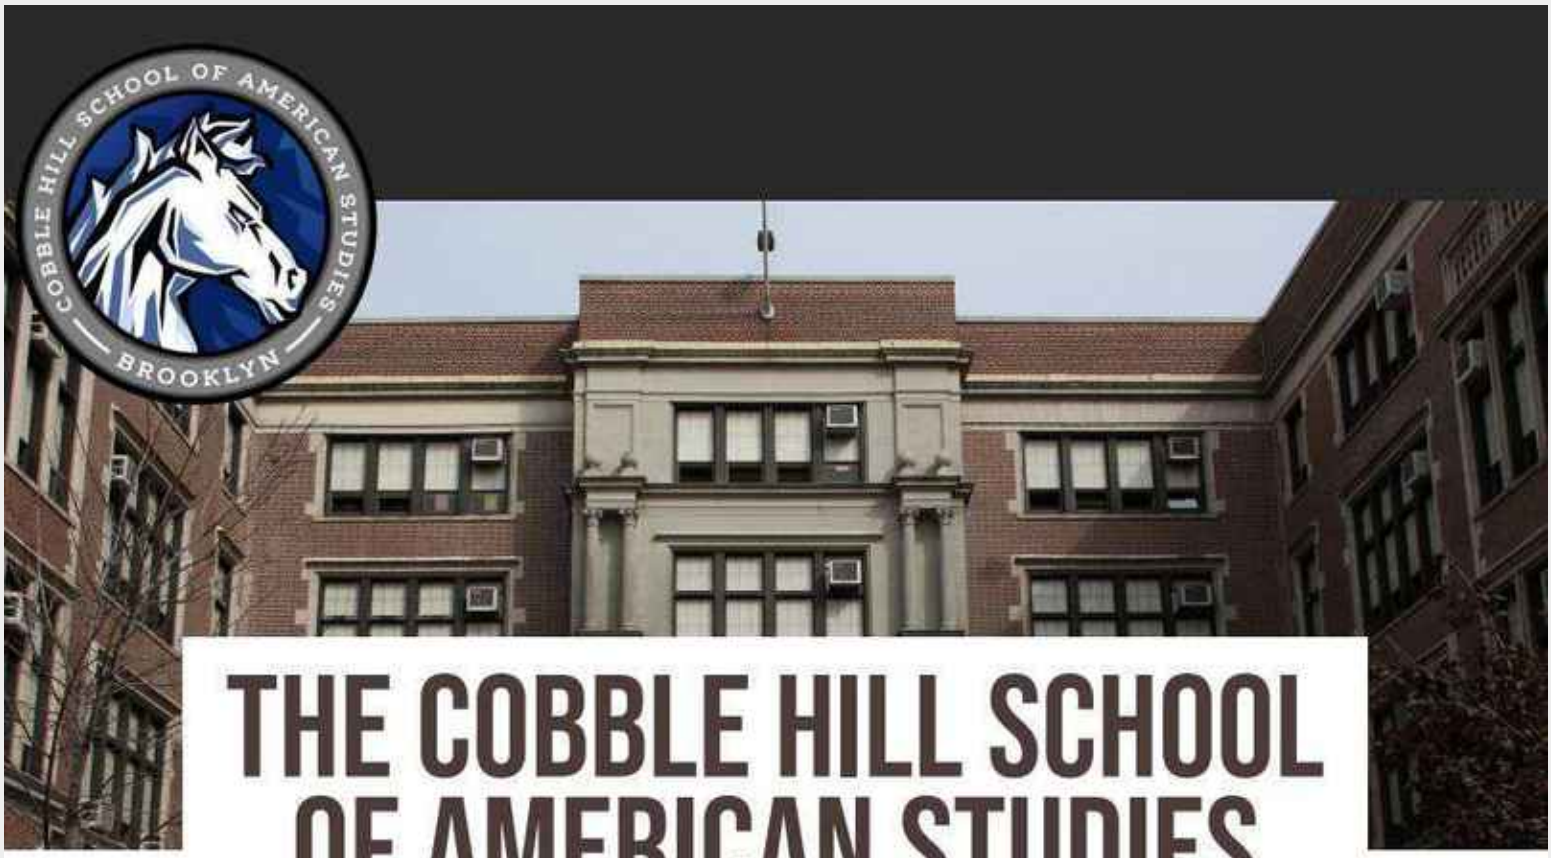

The majority of our diverse student population comes from the surrounding communities of Bushwick, Bedford-Stuyvesant, East Williamsburg and Ridgewood. At BLHS, we believe every student is an asset who brings a tremendous amount of value to the academic experience. This is why **we welcome all students** regardless of their culture, language or varied identities to be a part of our school community.

One of benefits of attending a small high school is how well we get to know each student. This allows us to provide a high level of attention and support that is tailored to each student's individual needs.

PROGRAMS & ACTIVITIES

At BLHS we believe that school should be fun too. This is why we offer many opportunities for students to participate in school events, trips. sports, clubs, after school activities and programs. Below is a list of just some of the things that we offer at BLHS to keep students engaged.

- **School Events** – (e.g. dances, assemblies, tournaments, cultural celebrations)
- **PSAL Sports Teams** –(e.g. basketball, soccer, volleyball)
- **Clubs** – (e.g. cheerleading, robotics, GSA, Student Government, Students-in-Action, Chess, Art)
- **Electives** – MSK/MBK, Fashion and Beauty, Food Science, African American History, Music Production, Yearbook, LatinX
- **After School Program** – Sports – Basketball, Boxing, Dance
- **Trips** – (e.g. Six Flags, MoMa, Natural History Museum, Metropolitan Museum of Art, Colleges)

THE COBBLE HILL SCHOOL OF AMERICAN STUDIES

PLTW BIOMEDICAL SCIENCE

Biomedical Science empowers students to build knowledge and skills in biomedical science, as well as in-demand transportable skills like problem solving, critical and creative thinking, communication, and collaboration.

4 YEAR AVID SEQUENCE

No matter what post-secondary path highschool graduates choose, we ensure that students develop the essential skillsneeded to design their own futures: critical thinking, collaboration, reading, writing, and relationship building.

JRC LEGAL STUDIES

Our dynamic, student-centered law and civic education program cultivates future leaders as students learn about the functions of government, their roles and responsibilities as citizens, and develop a heightened respect for the law.

The Cobble Hill School of American Studies is a caring learning community. We are focused on developing engaged, productive, global citizens.

Creators Academy

Ignite · Lead · Shine

We are a small ARTS based unscreened public high school in Downtown Brooklyn/DUMBO founded in 2005. Creators Academy infuses a rigorous early college curriculum with the arts. We do not require special auditions or portfolios for application, believing that all students benefit from an arts education and should have access to early college opportunities.

Our Mission

Our 21st century arts school is committed to providing a dynamic and innovative learning environment that nurtures artistic expression, creativity, and critical thinking. We strive to inspire a lifelong love and appreciation for literacy and the arts that serves as a strong foundation for academic excellence and career readiness.

SCAN HERE ↙ Website

SCAN HERE ↙ Interest Form

Our Vision

- 🎨 Cultivate confident, skilled, and forward-thinking artists
- 💡 Inspire creativity that positively impacts the world
- 🌎 Celebrate diverse perspectives and artistic expression
- 🚀 Push creative and artistic boundaries
- 🌟 Prepare students to become leaders in the 21st century

What We Offer

ACADEMICS & COLLEGE

- 🎓 Bard Early College
- 📚 Core Academics

ARTS PROGRAMS

- 💃 Dance
- 🎵 Modern Band
- 🎶 Music
- 🎨 Studio Art

Ignite your passion. Lead with purpose. Shine through creativity.

EBC BAND PROGRAM

BUSHWICK / BROOKLYN

YOUR BAND. YOUR PEOPLE. YOUR PLACE.

At EBC, students do more than learn music. They find their voice, build friendships, and become leaders—one rehearsal at a time.

01 START HERE. GROW HERE.

BEGINNER / INTERMEDIATE / CONCERT BAND

No experience needed. Learn an instrument, read music, and grow from first notes to the concert stage.
Build listening skills, focus, and confidence with every rehearsal.

02 MORE THAN A CLASS.

PERFORMANCES / COMMUNITY / LEADERSHIP

Play concerts, collaborate with peers, develop confidence, and represent the Bushwick community.
Discover a creative outlet and a place to belong through music.

03 BIG OPPORTUNITIES. REAL ARTISTS.

NYSSMA / NYC HONORS / MASTERCLASSES

Festivals, solo opportunities, guest artists, teaching residencies, and new music with professional composers.
Learn directly from musicians through coaching and masterclasses.

FIND YOUR SOUND AT EBC.

Ask about joining the band program!

FDNY Captain Vernon A. Richard High School for Fire and Life Safety is one of three schools co-located on the Thomas Jefferson Campus in East New York, Brooklyn. Through the two-decade partnership with FDNY, students are exposed to the values of service, bravery, honor, responsibility, teamwork, and leadership. Our goal is not simply to prepare students to graduate, but to ensure they leave high school prepared to succeed in college, careers, public service, and life.

Our Mission

Our mission is to develop critical-thinking young adults who are responsible citizens and future community leaders by leveraging the unique resources and experiences provided through our school and public safety partnerships. We prepare every graduate to serve and lead with honor, integrity, courage, and respect, while equipping them with the knowledge, skills, and character needed to thrive, adapt, and contribute meaningfully in an ever-evolving society.

The FDNY High School Experience

Our school integrates academics, career exploration, hands-on learning, and personalized student support through an FDNY Career Ecosystem. Students have opportunities to explore multiple pathways and various enrichment activities including:

- Emergency Response & First Aid
- Firefighter 101
- Emergency Medical Technician (EMT) Preparation
- Cybersecurity
- Forensics
- Culinary Arts
- Podcasting
- Driver's Education
- Drone and Robotics
- College and Career Readiness
- PSAL

ABOUT JOHN JAY SCHOOL FOR LAW

Mission	Vision	Instructional Focus
At John Jay School for Law, we foster an inclusive, collaborative, and culturally responsive community that is equitable and nurturing. Through our rigorous academic programs, we inspire students to pursue knowledge passionately, think critically and analytically, and cultivate strong leadership skills for the twenty first century.	Students will graduate from John Jay School for Law with an understanding of the legal principles that shape their world; they will refine their problem- solving process and emerge as exceptional individuals, poised for elite college experiences, distinguished careers and global citizenship of the highest caliber.	John Jay School for Law will develop scholars who are committed to academic excellence through strong literacy skills, equity, and justice. This will be achieved through daily, data-informed, rigorous instruction that promotes mastery across all subject areas with real-world applications. Instruction will be characterized by lessons that support autonomous learning, collaboration, and critical consciousness.

1. ***MBHS 101:***
   - ~675 students
   - Fully inclusive educational setting; 50% of classes co-taught
   - 25-34 students per class
   - 4 required years of Science, Math, Social Studies, English, and Research; 3 years of Spanish or French
   - 11 Advanced Placement courses (11th & 12th Grade; must meet specific eligibility requirements – see the "Academics" tab on website for details), College Now course options
   - Small advisory groups that loop together for all 4 years
   - 40+ extracurricular clubs
   - 30+ PSAL sports
   - Annual community service requirement (10 hours)

2. ***School Day Structure:***
   - School Day: 8:00 AM – 2:20 PM
   - Class Periods: 45 minutes, with occasional double-periods for Science and Humanities
   - Lunch: 45 minutes, students allowed to go out to lunch with parent / guardian permission
   - Office Hours: 2:25 – 3:00 PM, T-F
   - Club / PSAL sports: 3:05 – 4:05 PM

3. ***MBHS Statistics:***
   - 99-100% annual graduation rate
   - 92% College & Career Readiness (CCR) rate
   - 100% college acceptance rate

   For a complete list of college acceptances and other related information, please go to millenniumbrooklynhs.org and click on "School Profile" under the "College" tab.

4. ***Relationship to Millennium Manhattan HS:***
   - Medium-sized, academically rigorous screened schools with similar curricula
   - Both schools play for the John Jay Jaguars PSAL program

5. ***MBHS Research Program:***
   - Full Research Department; students take 4 years of Research courses
   - Foundations of Research (9th Grade), AP Seminar (10th Grade), Upper House Electives: Engineering, Sociology, AP Computer Science, and AP Psychology (note – choices may vary slightly from year to year)

Millennium Brooklyn High School
237 Seventh Avenue, Brooklyn, NY 11215

Kevin Conway, Principal
Lindsey Baumgarten, Asst. Principal of Special Ed.
Nigel Franklyn, Asst. Principal of Organization
Jason Otto, Asst. Principal of Supervision

Department of Education

6. ***Application Criteria:***
   - The screening process and selection criteria are determined solely by the DOE:
     - For the updated academic screen criteria, please visit the DOE website: *schools.nyc.gov/enrollment*
   - Student attendance will not be a part of the selection criteria
   - NOTE: Admissions priority is given to students who qualify for Free or Reduced-Price Lunch (based on family income) for up to 66% of seats.

   Additional questions? Please see millenniumbrooklynhs.org under the "Admissions" tab

7. ***Application Process:***
   - 1st Step: Attend Open Houses, review our course sequence and school brochure, and determine whether or not MBHS is a good fit
   - 2nd Step: Apply to MBHS! Your middle school guidance counselor can assist with any "My Schools" or high school application process questions.
   - Note: We are not able to accept letters of recommendation or samples of student work

8. ***Transition to MBHS:***
   - 9th Grade Orientation
     - Introduce students to faculty / classmates, tour space, get MBHS t-shirt!
     - Overview with parents and guardians, complete paperwork
     - Note: students coming from non-public schools must provide Regents Exam scores and a transcript by mid-July
   - All 9th graders placed in small advisory groups that meet 3 times per week and stay together for all 4 years
   - Communication via email Advisory Announcements, and school website (millenniumbrooklynhs.org)

Still have questions? Please go to millenniumbrooklynhs.org. We have tabs for admissions, academics, athletics, college, extracurricular clubs, and more. We also list all faculty members and their MBHS email if you have specific questions and would like to reach out.

NELSON MANDELA SCHOOL FOR SOCIAL JUSTICE

A New York City Public School

EMPOWERING CHANGEMAKERS

SOCIAL JUSTICE • STEAM • GLOBAL CITIZENSHIP

MORE THAN A SCHOOL...

At Nelson Mandela School for Social Justice (NMSSJ), we believe every student has the power to make a real and lasting difference in their community and the wider world.

Through the **International Baccalaureate (IB) Middle Years Programme (MYP)** and Career-related Programme (CP), we combine social justice, civic engagement, and the creative power of STEAM. Rooted in Afrocentric and communal values, our inclusive environment celebrates every student's identity, builds leadership, and nurtures a sense of belonging for all.

Think Locally. Act Globally.

International Baccalaureate Candidate School

OUR FOCUS

- SOCIAL JUSTICE
- CIVIC ENGAGEMENT
- STEAM INNOVATION
- GLOBAL PERSPECTIVE

ACADEMICS THAT OPEN DOORS

- **Advanced Placement (AP) Courses**
- **College Courses (On Site & Through College Now, Howard University, Cornell University – National Equity Lab)**
- **CISCO Networking & Computer Science**
- **Commercial Drone Pilot Program**
- **World Languages & More!**

GLOBAL MINDED. COMMUNITY FOCUSED.

MIDDLE YEARS PROGRAMME (MYP)

Inquiry • Action • Impact

The MYP builds critical thinkers, creative problem **solvers, and compassionate leaders**. Students explore **real-world** issues, make meaningful connections, and develop the skills to create positive change.

- INQUIRY
- CRITICAL THINKING
- COLLABORATION
- GLOBAL MINDEDNESS

CAREER-RELATED PROGRAMME (CP)

Learn • Gain Experience • Build Your Future

The CP connects classroom learning with real-world experience, preparing students for college, careers, and lifelong success through:

- ✓ Internships & Paid Internships
- ✓ Community Service (Expected)
- ✓ Student Government (Barraza)
- ✓ Black Lives Matter
- ✓ Gaming
- ✓ Step
- ✓ Gender Sexuality Alliance (GSA)
- ✓ College Trips
- ✓ Summer Bridge
- ✓ Financial Literacy
- ✓ Early College
- ✓ Expert College & Career Advisor
- ✓ Online Grading System

89% GRADUATION RATE

All students graduate having taken at least four college courses to as many as 11 before going to college.

SAFETY & SCHOOL CLIMATE

87% feel safe in hallways & cafeteria

84% feel safe in bathrooms & locker rooms

SUPPORT FOR EVERY STUDENT

Excellent Relationships with Families

See the School Quality Snapshot.

ARTS & CREATIVITY

- Visual Arts • Dance
- Band / Brass / Percussion / Woodwinds

ATHLETICS & EXTRACURRICULARS

- Flag Football • Basketball • Cheerleading
- Dance • Fitness • Tennis

LEAD • CREATE • SERVE

IT'S MORE THAN A SCHOOL. IT'S A MOVEMENT.

School Vision

Progress High School emphasizes culturally relevant, rigorous instruction designed to equip students with the necessary skills and human compassion for success in a global society. The school partners with all stakeholders and actively involves diverse community members in preparing students for economic freedom in their post-secondary life.

School Mission

Progress High School's all-inclusive model is deeply rooted in a cooperative, asset-based lens to ensure all students are provided diverse opportunities for academic, personal, and social-emotional growth in 21st century environments. The school works collaboratively with multiple stakeholders to graduate all students ready for college, career, and participation in a democratic society.

Instructional Focus

The instructional focus of PROGRESS High School for Professional Careers emphasizes collaboration, critical thinking, communication, and creativity in student engagement; it prioritizes close reading strategies, constructing claims, and justifying them with evidence and reasoning.

CTE Career and Technical Education

AP CollegeBoard Advanced Placement Program

CN COLLEGENOW

Science Skills is an early college high school that offers students college classes as early as the 9th grade. We take pride in making sure that all students are successful in our school by maintaining an environment where each child is exposed to a rigorous and engaging curriculum.

Our curriculum is designed to prepare students with the knowledge and skills they need to compete in a global society. Through our school wide Advancement Via Individual Determination (AVID) we bolster the quality and equity of concurrent programs. The systems from AVID help us to foster a safe and open culture, high expectations for teachers and students and collaboration in all classrooms.

We stand prepared, we have accepted the challenge, our time is now and the victory is certain. Please join us to experience excellence as the standard at Science Skills. We support our students with the following:

- One to one computer access for all students
- Dual college credit program with college and university partners
- Peer Mentorship Program (mentors are students in the 11th and 12th grade)
- 14 AP courses and college Now Classes with CUNY
- Social emotional learning, mental health and trauma supports for students and parents
- All textbooks provided for each student even for college classes
- College trips as early as the 9th grade
- After school academic support through tutoring sessions, PM School and Saturday School
- Clubs, monthly grade level Assemblies
- Sports teams: Basketball, soccer, softball, table tennis and track and field
- Student Leadership- Student Government and Youth Leadership Council

WHSAD's Incoming Freshmen Get a Jump Start on Their Architecture Education

September 10, 2026 (Brooklyn)

Since the summer of 2015, WHSAD's incoming 9th grade students have had the opportunity to participate in the school's SummerBridge program, which allows them to begin exploring the world of Architecture and Design prior to the start of school. Read on to learn about some of the experiences students had during this special pre-9th grade program.

WHSAD SummerBridge students take photos of the NYC skyline from The Edge to inspire their sketches and explore the city plan of Manhattan.

The Edge:
WHSAD students visited The Edge observation deck at Hudson Yards in Manhattan to practice one-point perspective drawing and learn about the world of urban planning. With breathtaking views as inspiration, they sketched the skyline and captured photos to support their artist statements, blending real-world observation with artistic technique.

Gale Nurseries:
WHSAD SummerBridge students visited Gale Nurseries, in Lower Gwynedd, PA, where they were hosted by WHSAD alumna Chandler McLaurin, a landscape designer who recently graduated from Temple University. The students explored landscape design projects and learned about the process of selecting vegetation for landscape architecture. They also had the hands-on experience of potting plants to take home, gaining deeper appreciation for the craft behind designing outdoor spaces.

WHSAD students get their hands dirty at a visit to Gale Nurseries, a landscape architecture company.

Redefining CTE in NYC

WHSAD Students Explore the Design Process with RAMSA

September 10, 2026

WHSAD first partnered with renowned architecture firm Robert A.M. Stern Architects (RAMSA) in the spring of 2021, when professionals from the firm did virtual presentations about their work for students learning remotely. That initial relationship has grown into one of WHSAD's most relevant and productive industry relationships, as dozens of our students have received mentoring, critique, and guidance from RAMSA architects and designers since the summer of 2022.

Linda presents her final designs.

Based on the success of the virtual programs, WHSAD's 10th grade CTE teacher, Mr. Abraham Rodriguez, began planning a six-week summer mentorship program for a group of design students who are participating in the school-based SYEP program. For the last five summers, a cohort of 20-25 students has had the opportunity to supplement the design education they are learning in their CTE classes with hands-on project development. Students meet regularly with mentors from RAMSA who provide opportunities for reflection and revision, allowing students to refine their creative designs. Students are also given the opportunity to learn how to use additional design software programs, including Revit, Rhino, TwinMotion, and others.

Linda's pavilion design

Linda Foster participated in the program in the summer of 2024 and had this to say about the experience:

"(I created) a pavilion that was intended to elicit a sense of awe and wonder in its visitors. Throughout the design process, we were able to freely use our imagination, resulting in a project that exceeded our initial expectations. One of the most exciting and fulfilling moments during the RAMSA program was the final presentation, where all of our hard work from the past six weeks was finally put on display. Presenting in front of a room full of architects was extremely nerve-wracking, but the sense of pride and satisfaction that I felt upon sharing my project and seeing the wonderful work of my peers was unparalleled. It was truly a win in my book. Above all, being a part of such an enriching experience that will undoubtedly help me in my future architectural endeavors is a testament to how incredible and worthwhile this program is."

Redefining CTE in NYC

WHSAD Students Help Rehabilitate Newtown Creek

September 10, 2026 (Brooklyn, NY)

Over the last few years, WHSAD students have been able to see first-hand their work impact the ongoing improvement of a neighborhood Superfund Site, Newtown Creek, a tidal arm of the New York-New Jersey Harbor Estuary, which forms the westernmost part of the Brooklyn-Queens border.

Designated a Superfund site in 2010, after decades of industrial pollution, Newtown Creek has seen a flurry of activity over the years in an effort to rehabilitate and rejuvenate the beleaguered waterway, and WHSAD students have been part of several key projects.

First, in 2023-2024, students worked to design and build a Living Dock in Newtown Creek, which was used to monitor and improve water quality by encouraging the growth of biodiverse aquatic species. Students used underwater drones to capture video of the underwater ecosystem. The project taught students about the vital link between nature and technology and how the latter could be used to benefit the former.

During the 2024-2025 school year, a team of students worked to design an expansion of the Green Roof on the building that houses the Newtown Creek Alliance, along the shores of the superfund site. In addition to visiting the site to help inform their designs, students researched the different methods for green roof construction and how they can best be utilized to encourage biodiversity and create thriving ecosystems in areas that lack green spaces.

Read the students' reflections on the Green Roof project here:
https://www.whsad.org/the-column/whsad-students-reflect-on-their-newtown-creek-alliance-green-roof-design-work

Drone footage captures students working alongside NCA staff on the living dock.

Mahkaylla Joliboisgantt, Class of 2028, presents the team's design for the Green Roof.

Redefining CTE in NYC

WHSAD 's Industry and Community Partnerships

September 10, 2026 (Brooklyn)

WHSAD is very fortunate to have the support of a variety of partners who provide WBL opportunities, student mentoring, equipment and materials, curriculum feedback, and more to help us provide academic and extra-curricular experiences for our students, both in-person and remotely. (Use the hyperlinks to view articles on www.whsad.org about our partner projects.)

Redefining CTE in NYC

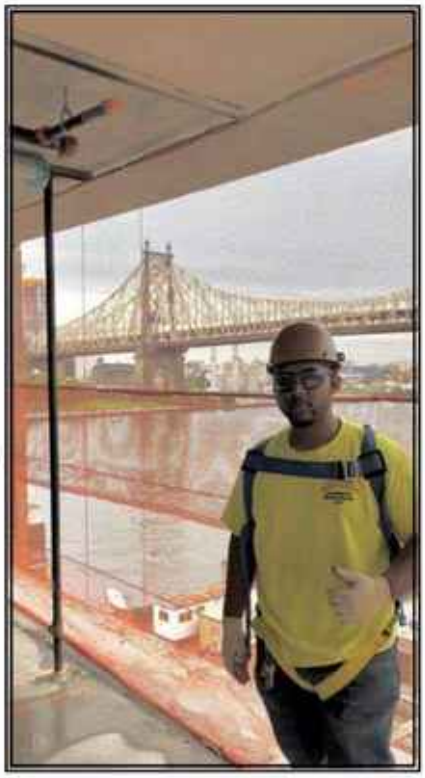

Where Are They Now? WHSAD Alumni In College and Careers

https://www.whsad.org/the-column/the-keys-to-success-at-whsad

Jalen Vasquez, Class of 2017, completed both his Bachelor's and Master's Degrees in Architecture at Howard University. After graduation, Jalen landed a job as a Job Captain at Gensler, the largest architecture firm in the world (and a longtime WBL partner of WHSAD). Working out of the NYC office, Jalen oversaw a massive project of more than 1,000,000 square feet, while he continued to develop his own architectural practice and work towards his professional architecture license. Currently a Junior Designer at IA Architects in Houston, TX, Jalen credits his time at WHSAD with helping him understand the role architects play in creating the built environment and what he could contribute to the field.

Kenny Singh, Class of 2019, participated in the Construction Skills Pre-Apprenticeship program during his senior year, which prepares students for careers in the unionized building trades. After graduation, he began his four-year apprenticeship with Local 580, the Ornamental Ironworkers union. As part of the union, Kenny works on some of the largest construction projects in NYC. His tasks are as diverse as welding gutters on high-rise buildings, to installing curtain walls on glass skyscrapers. His union training also included 838 hours of classroom experience, upon completion of which he became a Journeyman. He also earned numerous certifications during the course of his apprenticeship, which will only add to his opportunities in the construction field.

Chandler McLaurin, Class of 2020, is making waves in the world of Landscape Architecture. After graduating from Temple University in 2024, Chandler is pursuing her professional career at Gale Nurseries, in Gwynedd Valley, PA, where she works to create unique and inviting outdoor spaces in the greater Philadelphia area. Her work has been featured at the Philadelphia Flower Show, and she was a guest on the "Women Talk Construction" podcast, where she shared her journey from WHSAD to Temple, stressing the importance of mentorships and networking, especially for young women in the field.
