

Vertical Quiet Wall

XFRAME®

Vertical Quiet Wall

The Vertical Quiet Wall is a premium, modular acoustic solution ideal for both educational and office spaces. Its' design allows for easy deployment in dynamic workspaces to adapt to changing needs and impromptu collaboration.

Circular

Designed to be effortlessly reconfigured, upgraded and recycled. Made from 100% PET materials without any adhesives or laminates.

Customisable

The Quiet Wall's clip-on linings include options for custom printing, patterned grove textures, and different colourways.

Configurations

Moveable Quiet Wall

Nested Quiet Walls
