Websites

Build a simple app that feels clean, modern & slightly playful. The app is an AI productivity assistant that helps users organise tasks and ideas.

Funding Support Available

WORKSHOP OUTLINE

BUILD APPS AND AUTOMATIONS WITH CLAUDE

AI-Powered App Building with Claude

- Turn ideas and everyday challenges into simple digital solutions
- Create app layouts, features, and prototypes using natural language prompts
- Build interactive dashboards and tools without coding experience

Productivity Solutions through AI Coding

- Develop simple tools that improve everyday tasks and workflows
- Test, refine, and enhance AI-generated solutions for better usability
- Apply AI coding techniques to solve workplace challenges and boost productivity

Connecting AI to Real Tools

- Design AI workflows for everyday business tasks
- Use Claude Chat and Claude Co-Work to organise information and collaborate with AI
- Connect Claude to tools such as Gmail, Drive, and Slack through MCP
- Read files, retrieve business information, and automate multi-step workflows
- Understand workflow states and troubleshoot common issues

Creating Deployable AI Agents

- Build a working AI agent prototype using Claude and connected tools
- Prepare AI-powered solutions for workplace implementation and deployment
