

Compliance with Safety and accessibility standards

The site of Birkbeck, University of London's Bengaluru Campus in Sattva Tech Park in Whitefield, Bengaluru, is built to **Grade-A commercial property standards**, ensuring comprehensive compliance with India's national building codes, occupational safety protocols, and accessibility laws.

The infrastructure across the campus—including Akash (Wing A)—integrates standard industrial safety systems with inclusive design features to support a diverse workforce.

The building is Grade A with adequate statutory approvals including Fire No Objection Certificates (NOCs) and the development is compliant with the National Building Code (NBC)
