

# A data breach at your firm isn't just an IT issue. *It's a bar complaint.*

Client privilege. Ethical walls. E-discovery readiness. Your firm handles the most sensitive data in any industry. The question is whether your IT posture can defend it to the bar, your insurers, and your clients.

Audit-Ready, Every Quarter

**<15 min**

Critical Incident Response

## Real outcomes. Built specific to *you*.

### Privilege Protection

Ethical walls, matter-based access controls, communication archiving, and privileged data segregation — built into your infrastructure from day one.

### Cyber & Insurance

SOC monitoring, EDR, MFA, dark web monitoring, and incident response. Documented controls your cyber insurer will actually accept at renewal.

### Strategic Governance

Named vCIO. Monthly executive reporting. Quarterly reviews with your managing partner. Compliance documentation, risk assessments, and technology roadmaps.

— Your firm's technology posture should be as defensible as your legal counsel. —

## Three steps. One disciplined *framework*.

1

### Executive Strategy Session

A complimentary 30-minute conversation about your firm's risk exposure, compliance gaps, and infrastructure maturity.

Free · No obligation

2

### Technology Governance Assessment

A deep-dive into your operations: risk scoring, bar compliance review, and a prioritized 12-month roadmap built for your practice.

Fee credits toward engagement

3

### Governed Operations + SBR

Continuous governance, quarterly strategic reviews with your managing partner, and documented defensibility.

Ongoing · Strategic partnership

## One conversation could change how your firm *operates*.
