

Enrichment 2026-2027

Our enrichment programme deepens, develops and broadens our students personal, social and imaginative world through our core provision in years 7 and 8 and after school clubs for students up to year 10.

By working in partnership with experienced practitioners, coaches and artists we believe these experiences will build confidence, fuel curiosity and broaden our pupils' ambition.

Timetabled Enrichment – Years 7 and 8 – Once a week on a Monday

Pupils select one enrichment from each of the three groups over the year: **Move, Create and Imagine**

Move enrichment encourages students to move not only their feet, hands and bodies but to use their minds and imaginations to work out how to play as a team, develop their skills and be the best.

Ballers Academy blends professional ambition with pupil-centred training, enabling our young football players to reach their potential on the pitch. [Ballers Academy](#) is based in the heart of Bermondsey.

Mixed Marshall Arts Professional coaches from [London Grapple](#) take students through the essential skills, moves and philosophy of the sport as they blend three martial arts in one.

Parkour is run by [London Parkour's](#) professional coaches exploring and developing the skills to run, leap, bounce and jump on anything and everything you may encounter in everyday life.

Kickboxing provides students with the opportunity to improve their fitness, coordination, and self-discipline while learning new skills in a safe and supportive environment. The club helps build confidence, resilience, and a positive attitude towards physical activity.

Rugby is a first for Charter Bermondsey! We are delighted to be working with [Southwark Tigers](#). Tigers who are building our first team from scratch as pupils learn, train and compete in a truly international sport that demands resilience, integrity and the ability to play truly as a team.

Table Tennis is a fun and inclusive activity that develops hand-eye coordination, concentration, and strategic thinking. Students can enjoy friendly competition, improve their skills, and build confidence while taking part in an engaging sport.

[Ultimate Cheer](#) works with the very best cheer leading coaches developing our students gymnastic skills, teamwork and personal joy!

Make enrichments build our students confidence, resilience and creativity through a wonderful range of activities including:

Arts & Crafts Get creative and explore different artistic techniques through drawing, painting, model making, and craft projects. A great opportunity to express yourself, learn new skills, and create something unique.

Chess It was our Bermondsey Hero, Ada Salter, who introduced the playing of chess as a sport to Bermondsey in the 1920's. Pupils are taught by the brilliant Chess player Hatem Almeer, who works with [Chess in Schools](#)

Leatherwork is one of our founding enrichments reflecting a trade and professional at the heart of Bermondsey's history. Students work with experienced leather designers and makers to produce a range of leather goods from key rings to leather wallets. Our Leatherwork enrichment is generously supported by the [Worshipful Company of Curriers](#).

Sewing is led by our tailor and seamstress, Ginette Nsasi, who introduces our pupils to the fundamentals of sewing and tailoring, building on the fantastic work undertaken in DT. Students make a range of products based on their own creative and inspiring ideas.

Create enrichments fuel our pupils' intellectual and imaginative curiosity offering a broad range of activities including:

Street Dance Learn energetic dance routines inspired by popular street dance styles. Improve coordination, fitness, teamwork, and performance skills while having fun with friends.

DJ Discover the art of DJing by learning how to blend tracks, use professional equipment, and create exciting music mixes. This enrichment helps students develop creativity, teamwork, communication, and technical skills in a fun and supportive environment.

Debating collaborates with [Debate Mate's](#) professional team to develop our students' skills in persuasion, discussion and argument as they tackle some of the most pressing topics and ideas of our day.

Film Club encourages students to engage, discuss and experience a wide range of films from across the world that they may not have come across from Studio Ghibli to British Classics.

Musical Theatre Combine acting, singing, and movement in a fun and supportive environment. Work on performance skills, build confidence, and take part in exciting musical theatre activities.

Spanish Culture Club Discover the language, traditions, food, music, and festivals of Spain and other Spanish-speaking countries. A fun way to experience new cultures and develop language skills.

Before School, lunch time and after school Clubs offer:

- **Axiom Maths**
A challenging and engaging programme that helps students develop advanced problem-solving and mathematical thinking skills.
- **Band Practice**
An opportunity for young musicians to rehearse together, improve their performance skills, and prepare for school events.
- **Boys' Football (Years 7-8)**
A fun and competitive football club where students build teamwork, fitness, and confidence on the pitch.
- **Boys' Football (Years 9-10)**
A football club for older students to develop their skills, enjoy competition, and represent the school.
- **Breakfast Club**
Start the day positively with a healthy breakfast and a welcoming space to socialise before lessons begin.
- **Cooking**
Learn practical cooking skills, explore new recipes, and develop confidence in preparing healthy meals.
- **Darts**
A friendly club where students can improve their focus, accuracy, and strategic thinking through darts.
- **Friday Prayers**
A quiet and respectful space for students to come together for prayer and reflection at the end of the week for Christians, Muslims and Multi-Faith Students
- **Gardening**
Get hands-on with planting, growing, and caring for the school environment while learning about sustainability.
- **Girls' Fitness**
A supportive club focused on improving fitness, wellbeing, and confidence through a variety of activities.
- **Girls' Football**
Develop football skills, teamwork, and confidence in a fun and encouraging sporting environment.
- **Gospel Choir**
Enjoy singing uplifting gospel music while developing vocal techniques and performance skills.
- **Inclusion Lunch**
A welcoming lunchtime space where students can relax, make friends, and feel part of the school community.
- **Kickboxing**
Build fitness, discipline, and self-confidence while learning the fundamentals of kickboxing in a safe environment.
- **Choir**
A chance for students who love to sing to develop their vocal skills and perform as part of a group.

- **STEM Club**

Explore science, technology, engineering, and maths through exciting projects, challenges, and experiments.

- **Table Tennis**

A fast-paced club where students can improve coordination, concentration, and sporting skills while having fun.

- **Dance**

Express yourself through movement, learn new routines, and develop confidence, coordination, and creativity.
