We manufacture cardboard packaging.

QUALITY, DESIGN AND SERVICE

We are
exincor[®]

JUJUY
energía viva

Our well-experienced and committed company fosters the comprehensive development in the area that it is settled.

We are strategically located in the province of Jujuy, Argentina right at the heart of the Bioceanic Corridor.

We are not only aware of our role but we also actively take it in our community by respecting

and helping to protect the environment and contributing to action for a joint and harmonious evolution.

Thanks to our laboratory and customized consulting, we have managed to get to high quality standards in packaging service for exportation in the factory, tobacco as well as the fruit and vegetable industries.

Our Services

Design and Printing

Our professional design team is provided with ongoing training to meet our customers' needs and requirements, ensuring our featured quality.

Product Development

Exincor specializes not only in manufacturing standardized products in the market but also in developing new ones. We work alongside the customer, facing together new challenges and proposals because we truly believe that projects are fulfilled when action and empathy go hand by hand.

Transportation

We have truck fleets to optimize delivery times of our products efficiently, allowing our customers' to rely on our system in order to estimate times and delivery methods with no concerns.

Technical Support

Our team of collaborators, professionals and young trainees are willing to help our customers anytime. Our technical support consists of a friendly customer service and promptness in replying. Our trained staff work alongside the laboratory which deals with technical data to ensure a trustworthy relationship with our customers.

Laboratory

Our state-of-the-art and well-equipped laboratory encourages us to be constantly adapting to changes in the market.

We carry out the following tests:

- Water Absorption (Cobb)
- Samples preparation
- Water-based adhesives
- Flattening
- Ring Compression Test (RCT)
- Edge Compression Test (ECT)
- Thickness (caliber)
- Grammage
- Humidity
- Resistance to Box Compression
- Resistance to Wet Cardboard Box Compression
- Cardboard Bursting Strength Test
- Corrugated Cardboard Bursting Strength Test
- Paper Bursting Strength Test
