Today's Bible story is from the book of the Bible called Judges! This book of the Bible is found in the Old Testament, which is the first part of the Bible. We get to learn about a man named Samson whose life mattered to God. Our lives matter to God too!

DISCUSS & DISCOVER

1. In our lesson today, we looked at a blueprint and learned that builders use it so a house doesn't turn out crooked or messy. The Bible tells us that God created us on purpose and has a perfect plan for our lives. How does knowing that God has a "blueprint" for you help you trust Him when life gets messy or doesn't go the way you planned?
2. Even though Samson was uniquely gifted by God with amazing strength, he made a lot of wrong choices and sinned. But even after he slipped up, God still listened to his prayer and worked through his life to rescue His people. How does Samson's story show us that our lives still matter to God even when we make wrong choices or mistakes?
3. Sometimes we might look at other people and feel like we aren't special, or we might worry that we need to look and act like everyone else to be important. How does knowing that you are uniquely designed help you remember that your life matters to God just the way He made you?

Pray: God, thank You for being the ultimate Designer and for creating each of us on purpose. Thank You for teaching us today that our lives truly matter to You, and that you have a perfect blueprint for our future. We are so grateful that even when we make wrong choices and sin, Your love for us never changes, and You sent Jesus to rescue us so we can stay on Your track. Help us to stop comparing ourselves to others and to start seeing ourselves as priceless. Work through our lives this week to do great things for You. Amen.
