

HIGH-PERFORMANCE HDMI TOUCHSCREEN OIT

View site status and interface – without a laptop

Now you can interface with the PLC, on easy-to-read colorful screens, without a laptop! TESCO's full-color HDMI touchscreen operator interfaces provide complete control of a connected L3000e[®], and remote control and monitoring of any networked Tesco PLC register. The OIT can be mounted next to the PLC, enabling you to retrieve live data, view alarms, watch trends, and remotely access other PLCs in the system—using touchscreen technology.

Choice of sizes

Each L3000 PLC comes with your choice of operator interface display. TESCO's color HDMI touchscreen operator interface is available in various sizes to fit your requirements.

Door mount HDMI

HDMI with pivoting bracket mount for adjustable screen position

Benefits
