

AX5 Android POS Terminal

The flagship Android terminal from NCR Voyix combines the stability and connectivity of a fixed POS with the compact, sleek look-and-feel of a tablet

Designed for Modern Dining

The NCR Voyix AX5 Android Terminal is built to run the latest Android OS on ARM-based architecture, supporting restaurants that want a high-performing POS that also has a modern aesthetic. Its sleek, minimalist design reflects NCR Voyix's commitment to quality, making it an excellent addition to your restaurant.

Built for Restaurant Environments

The AX5 features a compact, durable design that withstands the rigors of a busy restaurant. The 15.6" LED backlit LCD screen offers full HD resolution and capacitive touch technology, while solid-state components ensure a fanless, reliable operation with no moving parts to break.

Effortless to Use

Enhance your service speed with the AX5's adjustable screen, which allows staff to find the perfect viewing angle. The 7" customer display lets guests confirm their orders and pay without handing over their cards, ensuring a seamless and secure transaction. The AX5 can be wall-mounted or secured to the counter with a unique hub that keeps cables and clutter out of sight.

Key Features

- High-quality components in a compact, tablet-like design
- Optional guest facing display and EMV capable payment device
- Full range of motion with clever cable management

Technical Specifications

Product dimensions

- Weight: 6.00lb (2.72kg)

Operating Temperature

- 32° F - 104° F (0° C - 40° C)

Storage Temperature

- -4° F - 140° F (-20° C - 60° C)

Humidity

- 10% to 90% Non-condensing

Main Display Connections

USB

- 2 x USB-C for customer display and dedicated I/O Hub connection with power
- 1 x USB (extended to base)

Network

- WiFi 6., Bluetooth 5.2, PIMI

Audio

- 3.5mm CTIA Audio In/Out

Operating systems

- Android (13)

Display

- PCAP 15.6" LCM, 1920x1080, 400nits, Anti-Glare

Processor

- Qualcomm – QCS 5430 COM

Memory / SSD

- 64GB SSD | 8GB RAM

MSR

- Integrated Encrypted MSR

Mounting

- Countertop Stand, Wall Mount, VESA

Certifications

- EMI: FCC Class A, CE, C-Tick
- Safety: TUV, CB Shame
- RoHS, WEEE

External I/O Hub Connections

USB

- 1 x 24V powered USB 2.0 for printer
- 3 x 3.0 USB (type A)
- 1 x USB-C for dedicated power to Display

Network

- 1 x Gigabit Ethernet

Cash Drawer

- 1 x RJ11 Cash Drawer 12/24V

Power

- Locking PS2 connector for main power in to I/O hub
