

TOUCH-FREE PTT

DENTAL TEAMS

Dental employees that require sanitation at all times can wear the wrist sensor PTT to speak without touching the earpiece PTT. Just put the wristband one-inch from the PTT to activate the microphone.

SnapLock Earpieces

Wristband Easily Snaps On!

The silicone material allows for a fast snap onto your wrist easily for a clean comfortable fit.

Touch-Free Communication

Trigger Push-To-Talk (PTT) with ease using the Touch-Free wristband, perfect for industries requiring hands-free communication, hygiene, and convenience.
