

Your personal MyInsurance Area

Please always login to your personal MyInsurance area at <http://www.esecutive.com/MyInsurance> and download your personal insurance documents before you start your travel!

The system allows you, as an insured member, to set up your own account with your email address as the username and a self-determined password. If it's your first time visiting the MyInsurance website, you will have to create an Account first:

1. Please follow the link
You don't have an account yet? [Click here](#) to set up your account.
2. Enter your details. Our system will check your entry immediately and confirm your entry if your information was found in our system.
3. If the system finds your record, you will just have to confirm that these are your details and create your personal password.

Once you have completed your registration, you will receive a confirmation email with your log-in information.
Please keep this confirmation safe.
