- Bonnyville Veterinary Clinic
- Magnolia Veterinary Services
- Pet Valu

HIDDEN GEM

Jessie Lake: Just a few blocks from Main Street, this stunning lake is known for the wide variety of migratory birds that pass through the area. April to October is the best time for birdwatching. A relatively flat, 10.8-mile path loops around the lake, making it a great option for a leisurely hike. In late November, enjoy the festive winter lights along the lakeshore!
