12 November 2026

NEO ENERGY METALS PLC

("Neo Energy" or the "Company")

Updated Corporate Presentation and Investor Meet Company Webinar

Neo Energy Metals plc (LSE/A2X: NEO) ("Neo Energy" or the "Company") announces that an updated Corporate Presentation is available on the Company's website at www.neoenergymetals.com. The Company is also pleased to announce that Theo Botoulas, Chief Executive Officer, will host a live webinar and Q&A via the Investor Meet Company platform on Tuesday 17 November 2026 at 10:00 GMT/12:00 SAST.

The updated presentation follows the release of the Company's latest operational and corporate update covering the quarter ended 30 September 2026. It is intended to clarify the Company's technical, regulatory and corporate progress, as well as its priorities for the period ahead.

The webinar will allow investors to hear directly from management and to put questions to them. It is open to all existing and potential shareholders. Questions can be submitted pre-event via your Investor Meet Company dashboard up until Monday 16 November 2026, 09:00 GMT/11:00 SAST, or at any time during the live webinar.

Investors can sign up to Investor Meet Company for free and watch the webinar via:

https://www.investormeetcompany.com/companies/neo-energy-metals-plc

Investors who already follow NEO ENERGY METALS PLC on the Investor Meet Company platform will automatically be invited.

About Neo Energy Metals plc

Neo Energy Metals plc is a uranium and gold company listed on the London Stock Exchange Main Market (LSE: NEO) and the A2X Markets (A2X: NEO). The Company is developing two South African uranium projects targeting medium-term production: in the Free State province, the New Beisa Node, a high-grade underground uranium and gold deposit; and the Henkries Node, a near-surface uranium deposit in the Northern Cape province.
