

Conference on Solar energy and Biodiversity
28–29 October 2026, Paris

SPONSORING OPPORTUNITIES

July 2026

ABOUT CSB

The **Conference on Solar energy and Biodiversity (CSB)** is an international event dedicated to the interactions between solar energy development and biodiversity.

As the first edition, CSB 2026 marks the launch of a new recurring international forum, held every two years. Building on the experience of similar initiatives such as the Conference on Wind energy and Wildlife impacts (CWW), it aims to **bring together researchers, industry professionals, policymakers, and other stakeholders from around the world.**

The CSB provides a forum to **share knowledge, explore emerging challenges, and develop science-based solutions** to better integrate biodiversity considerations into solar energy projects. By fostering dialogue between science, industry, and public stakeholders, CSB seeks to support the sustainable development of solar energy while contributing to biodiversity conservation.

THE 1ST CONFERENCE ON SOLAR ENERGY AND BIODIVERSITY (CSB 2026) WILL TAKE PLACE IN PARIS, FRANCE, ON OCTOBER 28 AND 29, 2026.

The conference venue is the **NEWCAP Event Center**, a modern facility offering a direct view of the Seine and located in close proximity to the Eiffel Tower.

The conference will include a range of plenary sessions, panel sessions, individual talks, and posters on several topics representing the diversity of subjects related to **understanding the effects of photovoltaic power plants on biodiversity and the solutions to reconcile them.**

CSB 2026 is organized by **France renouvelables**, the major renewable energy professional association and former co-organizer of CWW 2025.

With several hundred attendees expected, the CSB 2026 offers a unique platform to showcase your organization's commitment to a sustainable and nature-positive energy transition. Join key decision-makers, scientific experts, and industry leaders in Paris to maximize your brand's visibility.

SPONSORING OPPORTUNITIES

STRATEGIC THOUGHT LEADERSHIP

Speaker Partner | 4 slots available

Position your company at the very heart of the conversation. This premium package allows you to showcase your expertise and innovative solutions directly on stage. As a key contributor to the program, you will benefit from maximum exposure, recognition as a thought leader, and a direct connection with our audience during a dedicated session.

HIGH-IMPACT VISIBILITY

Visibility Partner | 4 slots available

Ensure your brand is seen everywhere, all the time. This package offers a comprehensive 360° presence across all conference touchpoints, from digital signage and newsletters to the physical program. It is the ideal choice for partners looking for consistent brand recall throughout the two-day event.

EXCLUSIVE EXPERIENCE

Photobooth Partner | Exclusive – x1

Associate your brand with the most festive and social moment of the conference. Your logo will be featured on every photo, ensuring your brand lives on in the participants' memories (and on their social media) long after the event ends.

Cloakroom Partner | Exclusive – x1

Be the very first and last point of contact for every attendee. By sponsoring the welcome area, your brand provides a primary service, greeting participants as they arrive and ensuring a professional final impression as they depart.

BRAND ESSENTIALS & LOGISTICS

The following opportunities are first-come, first-served and offer unique, high-frequency visibility as every participant will carry your brand.

Lanyard Partner
Exclusive – x1
Your logo around every neck, appearing on every attendee and most event photo.

Badge Partner
Exclusive – x1
The most looked-at item of the conference. A subtle but powerful way to ensure constant brand recognition.

Tote Bag Partner
Exclusive – x1
A long-lasting branding opportunity. Your logo travels with the attendees throughout the venue and follows them home.

Ecocup Sponsor
Exclusive – x1
A sustainable and practical choice. Your brand will be in the hands of every participant during every coffee break.

Beyond visibility, we offer a platform to connect with your future clients and partners. Let's build this experience together!

TRAVEL GRANT PARTNER

The CSB 2026 brings together the very people who will define the next decade of nature-positive energy transition, and many of the most promising contributions come from early-career researchers with limited institutional travel budgets. The **Travel Grant Partner package** lets your organisation directly fund the participation of a young researcher whose abstract has been accepted at CSB 2026. **The Travel Grant Partner package is a visible, values-driven commitment to the scientific community your business depends on, at a moment when supporting emerging talent matters more than ever.**

HOW IT WORKS

- France Renouvelables allocates grants to young researchers (PhD students, early-career scientists) whose abstracts were accepted, based on demonstrated need and travel distance.
- Grants cover the conference registration fee and contribute as much as possible to travel and accommodation costs.
- A short online form collects interest and travel details from eligible young researchers ahead of allocation.

WHY IT MATTERS

- Directly supports the next generation of researchers working on solar energy and biodiversity.
- Strengthens the diversity and geographic reach of the scientific programme
- Offers a genuine, story-driven CSR narrative: your organisation's name tied to a named researcher's journey, not just a logo.
- A modest, non-exclusive commitment, ideal for organisations who want to support CSB 2026 through philanthropy rather than pure visibility spend.

I'M A YOUNG RESEARCHER – HOW DO I APPLY?

- To apply, please complete the form by scanning the QR code
- **Eligibility criteria:** be under 30 years of age (born in 1997 or later) or BSc/ MSc/PhD student, and be the author of an abstract accepted for CSB 2026
- Applications will be assessed by the organising committee. Priority will be given to applicants from countries listed within low, lower middle and upper middle income classes based on the World bank classification, and to those working in laboratories or universities.
- If the application is successful, the organising committee may request proof of eligibility.

I WANT TO BE A SPONSOR

SELECT YOUR SPONSORSHIP:

- | | |
|--|--|
| ☐ Speaker Partner €5.000 | ☐ Badge Partner €1.200 |
| ☐ Visibility Partner €2.000 | ☐ Tote Bag Partner €1.200 |
| ☐ Cloakroom Partner €1.600 | ☐ Ecocup Partner €1.200 |
| ☐ Photobooth Partner €1.600 | ☐ Travel Grant Partner €1.500 |
