How to Access Pasito in Microsoft Teams

Pasito is available directly within Microsoft Teams, making it easy to find benefits information, compare plans, and get answers to common benefits questions.

1. Open **Microsoft Teams**.
2. Select **Apps** from the left menu.
3. Search for **Pasito**.
4. Select **Pasito AI Benefits Assistant**.
5. Click **Add** or **Open** to start using it.

Important: When searching for Pasito, you may see multiple apps. **Add: Pasito AI Benefits Assistant**. **Do not use: Pasito** (standard app).

Make sure you're using the latest version of Microsoft Teams and install any available updates. If it still doesn't appear, fully close and restart Teams, then try searching for Pasito again.
