

The Placement Statistics for the Academic Year 2025–26 were presented and disseminated during the PAIC meeting. The committee reviewed the overall placement performance of the students and appreciated the consistent efforts taken by the department in enhancing student employability and industry readiness.

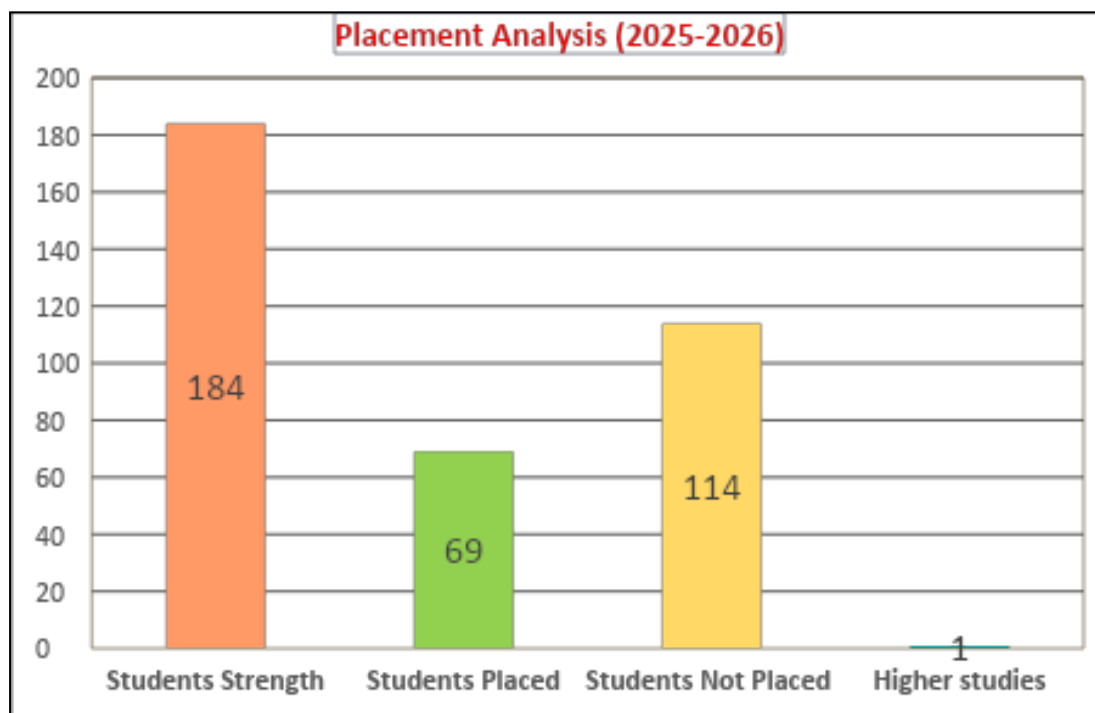

It was reported that students were successfully placed in reputed organizations, including CTS, Infosys, LTI Mindtree, Deloitte, Virtusa, DLUX, TechnoCovai Software Pvt. Ltd., Sierra Support Centre Pvt. Ltd., KodNest Technologies, Mallow Technologies, Hexaware Technologies, C5i, Rently, Kawasaki Robotics India Pvt. Ltd., Zuci Systems India Pvt. Ltd., and several other companies.

The committee observed that the placement outcomes reflected the effectiveness of the department's continuous training initiatives such as aptitude training, coding practice sessions, technical skill enhancement programs, mock interviews, communication skill development, and internship support activities.

Alumni members appreciated the department's efforts in securing placement opportunities across diverse domains including software development, consulting, analytics, support services, robotics, and emerging technology sectors. They also acknowledged the active role of faculty members and placement coordinators in guiding students throughout the recruitment process.

During the discussion, alumni members suggested:

- Increasing industry-oriented technical training programs.
- Conducting additional mock interviews and coding contests.
- Strengthening alumni mentorship support for placements.
- Enhancing collaboration with product-based companies and startup organizations.
- Encouraging students to pursue internships and industry certifications to improve employability skills.

The committee concluded that the placement performance for AY 2025–26 was highly satisfactory and appreciated the collective efforts of students, faculty members, placement coordinators, and alumni in achieving successful placement outcomes. The above figure shows the placement statistics of the academic year 2025-2026, and the details are given in Annexure IV.
