WHY BROKERS SHOW PSHP TO CLIENTS

- Get in front of age 65+ business owners & sole proprietors with a *PLAN F equivalent,* even if they turned age 65 on or after 1/1/2020.
- Offer a tax-advantaged Medicare solution that lets seniors see their same doctors and hospitals nationwide.
- Pursue opportunities outside of AEP or IEP, since sponsorship itself qualifies as an SEP.
- Enrollment, just like sponsorship, is permitted any time of year.
- Receive broker education, collateral, and case support throughout the sales process.
- Superior customer service and advocacy for you and your client result in *long-term retention.*

PLAN & ELIGIBILITY HIGHLIGHTS

- Active employees & spouses qualify in groups under 20 total full- and part-time employees (per Medicare Secondary Payer rules).
- Retirees & their spouses qualify in employer groups of any size.
- Guaranteed issue and guaranteed renewable.
- Nationwide access (all 50 states) wherever Medicare is accepted.
- Pays 100% of Part A services and 100% of Part B excess charges.
