SIGNAL & STAGE

Professor Elvira Pérez Vallejos

AI in therapy, responsible AI, grief and digital wellbeing

Professor Elvira Pérez Vallejos is Professor of Mental Health and Digital Technology at the University of Nottingham, with a joint post between the schools of Computer Science and Medicine. Her work focuses on ethical and responsible technological innovation for mental health and wellbeing, including the use of generative AI to support care at the end of life. She was recognised in the 2025 list of 100 Brilliant Women in AI Ethics.

Topics to explore

- AI in Therapy: Ethical Obligations in Practice
- Responsible AI for the Afterlife
- Responsible AI for Death and Dying
- Digital Wellbeing and Online Safety: The Case of DeathTech

Plan the right session

Tell us who will be in the room, your event date and the question you want the session to address. We will discuss audience fit and confirm the speaker, format, duration and terms.
