DALLAS, TEXAS | July 14, 2026 – St. Cecilia Catholic School is proud to introduce **Faith in Action**, a student service initiative designed to give students meaningful opportunities to put their Catholic faith into practice through service to others.

For more than 90 years, service has been an important part of the St. Cecilia experience. The school's longtime motto, "**To Serve as Jesus Did**," calls students to recognize the needs of others and understand that faith is something they are called to live each day.

Through **Faith in Action**, students will have opportunities throughout the school year to serve both the St. Cecilia community and the greater Dallas community. Service experiences will include partnerships with local organizations, community projects, acts of kindness, and age appropriate opportunities for students and families to serve together.

Middle school students will also take a more active role in service as they work toward annual service hour goals and participate in opportunities that encourage responsibility, compassion, leadership, and a greater understanding of the needs of others.

Faith in Action is intended to make service an ongoing part of student life at St. Cecilia rather than something reserved for a single event or time of year. Whether students are serving alongside a community organization, helping within their own school, or participating in a simple act of kindness, each experience provides another opportunity to grow in faith and in service to others.

At St. Cecilia, forming Saints and Scholars means educating the whole child and helping students understand that their gifts can make a difference in the lives of others.

To Serve as Jesus Did. Since 1935.
