NOMAD'S EATERY & BAR

THE DESIGNER RESTAURANT

The Eatery is the heart of Nomad. The lively yet uncomplicated atmosphere is perfect for a cozy dinner, a varied business lunch or a hearty brunch. With seating for 110 guests, the Eatery has room for quiet corners as well as space for events with live music. The all-window front lets lots of light in and when the weather is nice we open up the windows wide. The Eatery then merges with the sunny boulevard and we also serve food outside when the weather is good.

The menu consists of favourite dishes from around the world that the urban nomad has enjoyed on their many travels. Our international kitchen team brings together delicious food travel memories and quenches your wanderlust from noon to night. After dinner the bartenders will mix you a cocktail at the long bar in the middle of the Eatery.

THE PLACE TO MEET UP

The long bar with its lounge and boulevard is Basel's after-work hotspot for urban cosmopolitans in the middle of the lively business district. Our international bar team creates signature drinks that will help you unwind after work. You'll be tempted to stay for a second round of drinks.
