

convrse
spaces.

are you ready
for the future?

because the future of real
estate marketing looks like this.

the digital twin

Don't just say what your customers' future homes will look like, show it to them.

With our AI-enabled 3D photogrammetry & advanced spatial rendering program.

the VR & video Walkthrough

Let them cook in the kitchen, relax on the couch, have tea on the balcony, and much more.

With our state-of-the-art immersive virtual reality (VR) apparatus.

the flat selector

Help them explore different towers, select apartments, and be up to date with progress & inventory.

With our proprietary and real-time online information dashboard.

the metaverse

Give them an out-of-world interactive experience in the metaverse.

With our customizable 3D virtual environments, personalised digital avatars & exciting non-fungible tokens (nfts).

why us?

because we are unabashedly customer-focused & uncompromisingly value-driven.

say hello to your one-stop-shop

From interior & exterior design to virtual worlds of your project, all under one roof.

build rewarding relationships

An ecosystem to create an experience for the buyers and develop an emotional connection with them.

sell any time, anywhere, on any device

Highly optimised collaterals compatible with any device & network for easy access & remote sales, including engagement with NRIs & PIOs.

embrace a new era

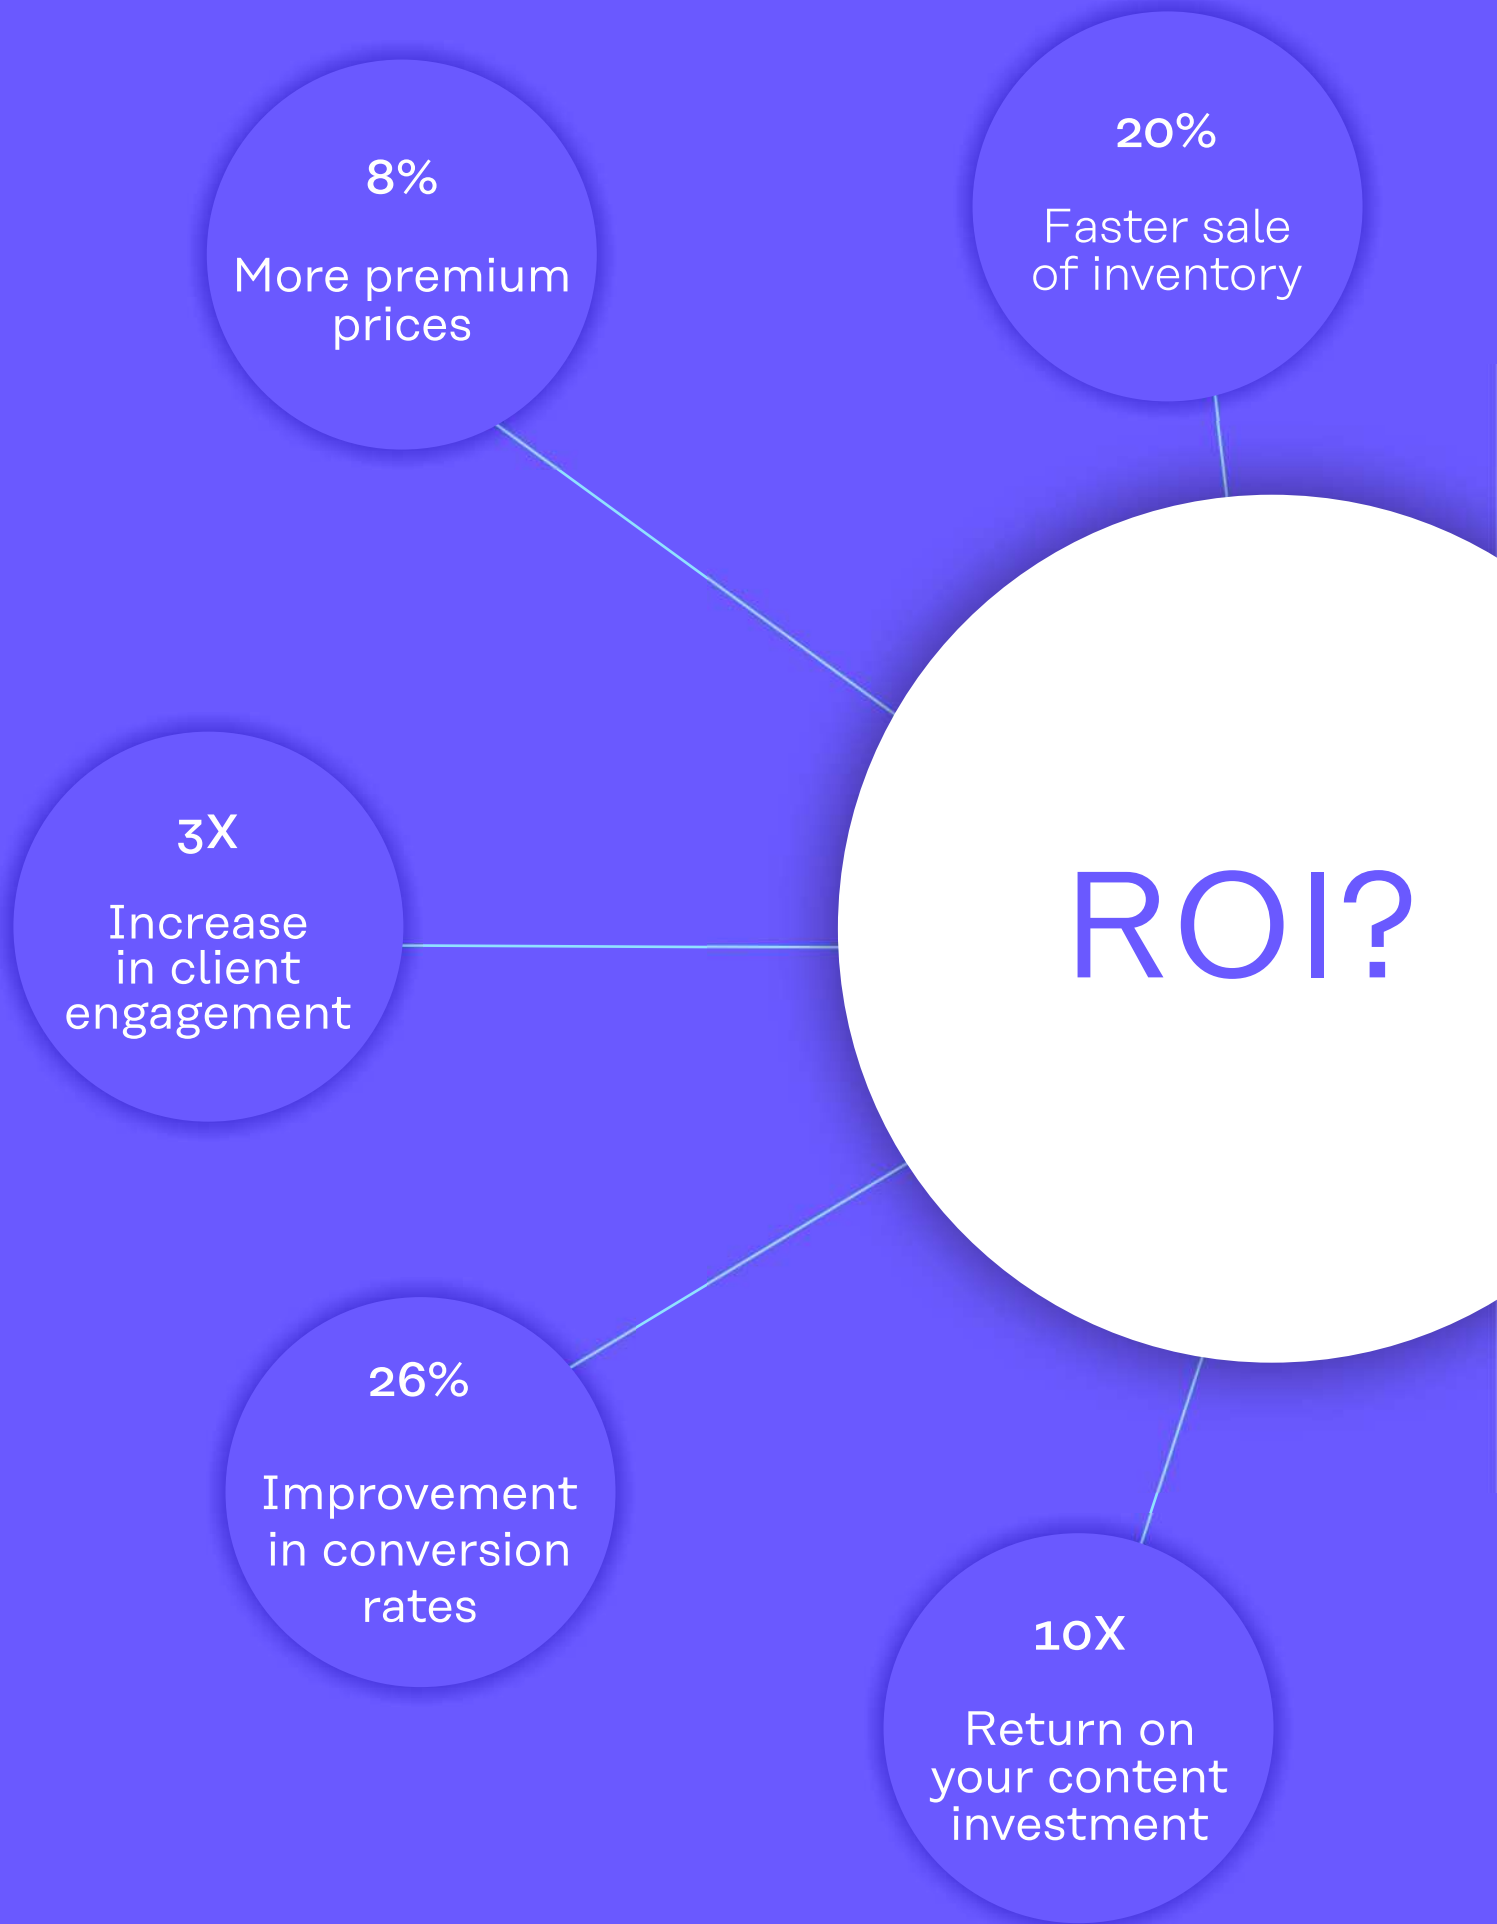

Led by IIT-ians, fueled by tech enthusiasts, driven by design experts, steered by real-estate pioneers.

save & enable

System capabilities that limit expenditure & dependency on brick-and-mortar sample flats, and empower you to build leaner sales cycles.

stand out, stand tall

Digital possibilities that allow you to differentiate yourself and lead the market with industry-first offerings.

ROI?

8%

More premium prices

20%

Faster sale of inventory

3X

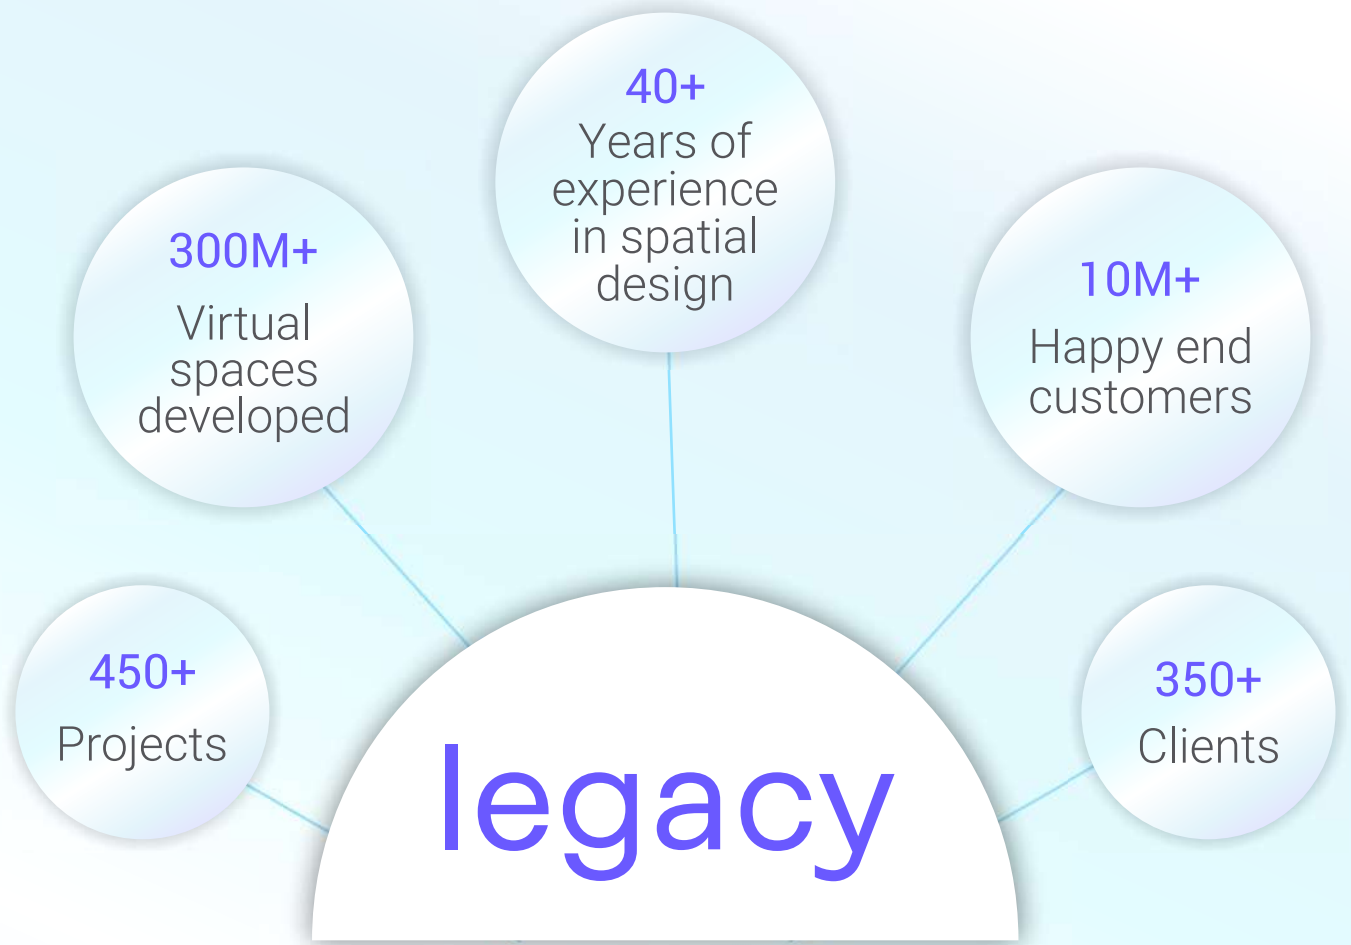

Increase in client engagement

26%

Improvement in conversion rates

10X

Return on your content investment

Trusted by industry leaders

many more...

so, are you ready for the future?

now you can be.
