ABOUT US

Powering a Legacy of Excellence

Since the start of the millennium, **Abja Power**, part of the **My Home Group**, has been at the forefront of India's power sector.

From pioneering **EPC services** in power plant operations to embracing **solar energy** on a grand scale, we have continuously evolved to meet the nation's **growing energy demands**.

OUR JOURNEY

Setting New Standards with Every Success Milestone

Each **achievement** sets a new **benchmark**, driving **innovation** and bringing us closer to a sustainable future.

50+
PROJECTS

Successfully **completed over 50+ projects** across residential, commercial, and public sectors, showcasing our diverse expertise.

683
DRIVE FORCE

Our team of **683 expert engineers, designers, and innovators** is dedicated to delivering exceptional power solutions with unmatched **quality and commitment**.

500MW
CAPACITY POWER
PLANT INSTALLED

With a focus on **efficiency and sustainability**, we've generated significant energy output, helping to power industries and communities while **reducing environmental impact**.

Meeting Energy Demands with Proven Expertise

Explore our **energy solutions** tailored to meet every project's unique needs with precision

EPC Services

Comprehensive **engineering, procurement and construction services** related to **power plants and MEP works** for **high rise residential & commercial projects** for seamless project execution.

- Thermal power plants
- Waste heat recovery power plants
- External electrical works
- High tension line works upto 33 KV
- External and internal plumbing works
- Fire hydrant and sprinkler system
- Fire alarm and detection system

Renewable Energy

Harnessing sustainable energy through **innovation solar power & green technologies.**

- Ground mounted solar power plants
- Rooftop solar power plants
- Shed mounted solar power plant
- Liasioning work
- CEIG & Net metering approvals
- Wind power plants
- Biomass based power plants

Power Trading

Optimizing **energy procurement** with reliable and efficient **power trading solutions**

- Exchange trading: Day Ahead, RTM and GTAM
- Bilateral trading: Short term, Medium term and Long term
- Renewable energy certificates: energy saving certificates (ESCerts)

Coal Trading

Securing dependable **coal supplies** for industries with efficient **sourcing and trading**

- Trading imported coal from global sources at Indian ports
- Supplying low-cost blending coal and oman origin natural gypsum
- Indian coal trading for cement and power plants
- Delete support services
