

Depotcharge

Europe's charging network for electric freight.

DEPOT OPERATOR:

LOGISTIC COMPANIES INVEST MILLIONS
INTO CHARGING INFRASTRUCTURE, YET
60% OF CAPACITY SITS IDLE EVERY DAY.

Carriers, Shippers, Retail, Hubs, Ports, Terminals

FLEETS:

ELECTRIC TRUCKS NEED CHARGING ON
THE GO. PUBLIC CHARGING ADDS
DETOURS, COSTS UP TO 66 CT/kWH, AND
PUSHES OPERATORS BACK TO DIESEL.

Carriers, Courier & Parcel, Commercial Fleets

| WE TURN IDLE DEPOTS INTO EUROPE'S TRUCK CHARGING NETWORK.

For Depots and CPOs
Higher utilization and
direct access to e-truck
fleets with own prices.

For Fleets
Charging across Europe at
discounted rates at partner
and customer sites.

+180 Listed
sites

+150 Companies
on platform

+500 Registered
trucks
