Leadership

Jennifer DiPietro — Founder & President
Richard DiPietro II — Vice President

What We Do

R&R Contracting Utilities is a women-owned, minority-certified workforce partner serving general contractors across the Mid-Atlantic:

Certified workforce crews — laborers, skilled laborers, equipment operators, truck drivers, foremen, and superintendents who embed directly into GC projects, in whatever crew configuration the job requires.

Turnkey traffic control & flagging — complete traffic control solutions delivered as a managed service.

Utility & sitework support — water mains, storm drains, sewer construction, cement mortar lining, hydrant repair and installation, and site preparation for tunneling.

Certifications

Certified Women-Owned (WBE), Minority-Owned (MBE), Disadvantaged (DBE), and Small Local (SLBE) Business Enterprise across multiple states and agencies, including MDOT, WMATA, DDOT, DelDOT, SWaM (Virginia), and PennDOT.

Recognition

Baltimore County Executive Citation — Women's Business Enterprise of the Year (2007)

Service Area

Maryland, Washington D.C., Virginia, Delaware, and Pennsylvania — the Mid-Atlantic utility and road construction markets.
