What's covered. And everything else.

What's Covered

- ✓ Heating, ventilation, and air conditioning (HVAC) systems
- ✓ Electrical systems and panels
- ✓ Water heaters and plumbing systems
- ✓ Built-in kitchen appliances (like ovens, refrigerators, and dishwashers)
- ✓ Home generators
- ✓ Smart home systems and connected technology
- ✓ Mechanical and electrical breakdown caused by power surges, motor burnout, or mechanical failure

What's Not Covered

- ✗ Normal wear and tear or routine maintenance
- ✗ Damage caused by improper installation or neglect
- ✗ Manufacturer defects covered by warranty
- ✗ Breakdown due to flood, earthquake, or other excluded perils
- ✗ Cosmetic damage that does not affect functionality
- ✗ Commercial-use equipment in a residential setting
