

AEPA × LEDVANCE · Q4 PROMO

SCHOOL'S IN. FLUORESCENT'S OUT.

The bell already rang, but the AEPA promo is still live. Retire those tubes that flicker over first period, or just stock the shelf for the year. Same contract, better pricing. No freight.

[START MY ORDER](#)

THE ASSIGNMENT

LIGHT EVERY CLASSROOM FOR LESS THIS YEAR

Lighting is one of the biggest line items on a school's utility bill thanks to old fluorescent and HID fixtures. Switching to LED cuts power draw, ladder time, and callbacks. And right now, the tubes cost half of what the bid sheet says.

SO WHY ORDER NOW?

Four numbers that make the case for putting the order in this quarter.
