Jaelyn Young is the Vice President of People Operations at Kairos Power. In this role, she is responsible for leading the People function across the organization including talent acquisition, learning and development, workforce planning, people operations, culture, and employee experience. Young will guide talent strategy, support leadership development, and strengthen readiness to scale across the company's sites.

Young most recently served as Vice President, People for Bluescope Steel where she managed the People function for more than 700 employees across 8 locations. She also held leadership roles within aerospace organizations including the Marvin Group, General Electric and Senior Operations and was the VPHR for Flagship Inc., supporting 5700 employees across the United States.

Young holds a master's degree in business administration from Central University.
