## DESCRIZIONE PRODOTTO

Straw yellow in color, aromas of citrus and white flowers. On the palate, it is fresh, lively, and pleasantly immediate, with fine bubbles and a clean, harmonious finish.

Perfect as an aperitif paired with fish dishes, vegetables, and fresh cheeses.

## PROFILO TECNICO E SENSORIALE

An agile and fresh grape variety, often underestimated, but when cultivated well it produces lively, linear, immediate sparkling wines.

The Charmat method (second fermentation in an autoclave) enhances the lightheartedness and joy of the wine, with light bubbles and aromas of citrus and white flowers.

It is social, light-hearted, casual, but never banal.

## CARATTERE

This is the version of me that learned to laugh at herself, let go of control, and find balance between lightness and discipline. The ironic, bright, and vibrant side.
