STATEMENT OF AUDITED FINANCIAL RESULTS FOR THE YEAR ENDED MARCH 31, 2016

	Rs. lakhs
1	The above audited financial results have been reviewed by the Audit Committee and approved by the Board of Directors at their meeting held on May 27, 2016.
2	The Company is operating in a single segment (i.e) "Pharmaceuticals".
3	Exceptional items for quarter / year ended March 31, 2016 includes amortisation of exchange loss on restatement of Foreign currency loans amounting to Rs.1362.31 Lakhs and Rs.5254.53 Lakhs (Corresponding previous quarter Rs. 1093.46 Lakhs and for the 18 months period ended Rs. 6159.29 Lakhs)
4	The Company had exercised the option provided under the Companies (Accounting Standards) Amendment Rules, 2006 dated March 31, 2009. The Ministry of Corporate Affairs vide notification dated 29/12/2011 has extended the amortisation of gains or losses arising on reporting of foreign currency monetary items over the balance period of such long term asset/liability. Accordingly exchange loss on long term foreign currency loans have been amortised over the balance period of such loans. The amount remaining to be amortised in the financial statements as at March 31, 2016 on account of exercising the above option is Rs.10,365.05 Lakhs.
5	From 01/04/2015, the Company has adopted Schedule II rates as provided in the Companies Act, 2013. On account of adoption of these rates, the depreciation for the quarter / year ended 31/03/2016 is lower by Rs.799.96 Lakhs / Rs.2818.50 Lakhs. In accordance with the transition provision available under Schedule II, a sum of Rs.1661.81 Lakhs has been debited to Reserves. These provisions have been adopted since this is the first financial year commencing after the effective date of Companies Act, 2013 came in to force.
6	Interest expenses for the quarter/year ended March 31, 2016 is net of interest earned Rs.484.92 Lakhs and Rs.1876.42 Lakhs (Corresponding previous quarter/ 18 months period Rs.621.07 Lakhs and Rs. 1506.65 Lakhs)
7	The auditors have observed matters relating to recovery of certain advances paid to suppliers, non-provision of diminution in value of investments in foreign R&D subsidiaries and holdback money receivable. The Corporate Debt Restructuring scheme already approved has been implemented in July 2014. Due to financial constraints, the Company was not able to take delivery of materials/capital goods. The company is confident that it would be able to take delivery of these materials/capital goods in due course, based on its performance. During the third quarter the Company, through its subsidiary, has entered in to a long term financial arrangement which will help the Company explore new growth opportunities while enabling the current business achieve incremental value. This will also enable the Company to fulfill all capital commitments and take delivery of the materials / capital goods / adjust the advances. As far as the diminution in value of investments is concerned, the Company is confident that the value of intellectual property of molecules held by the foreign subsidiaries will be more than the investment. In respect of holdback money claims, the company has refuted its claims through its lawyers. Hence the Board of Directors considering the explanation given by the Management is of the opinion that the observations made by the auditors will not have any material impact on the financials.
8	Previous period figures have been regrouped wherever necessary.
9	Current year figures are not strictly comparable with previous period figures, which is for 18 months.
10	The statement includes the results for the quarter ended 31/03/2016, being the balancing figures between audited figures in respect of the full financial year and unaudited year to date figures up to the third quarter of the current financial year.
