

SSI Installation (Locations)

Course Overview

This course covers the specific installation techniques required for a typical SSI location Case/REB and will ensure that the delegates are aware of the system and installation requirements. The course will also provide an overview of the key components of an SSI system, the test equipment and the location specific equipment to ensure the installers are aware of the interfaces to the Central interlocking.

Principal Course Elements

- SSI System Overview
- Data Link Modules
- Trackside Functional Modules
- Use of a Go / No Go Tester
- Use of a Message Generator
- Operation of a Data Link Interrogator
- Monitoring Telegrams
- Installation Techniques
 - Equipment positioning
 - Wire Segregation
 - Plug Coupler Crimping
 - Plug Coupler Wire Wrapping
 - Plug Coupler Pin Extraction

Assessment and Certification

Achievement of the Course Outcomes will be assessed by a practical assessment. The delegate's achievement of the Course Outcomes will be confirmed by a certificate which will be forwarded to the nominated client contact following the course.

Pre-Requisites

Ideally the candidates should be already competent installers in Relay Location Installation.

Practical Information

Duration: 5 Days

Location: at our Derby training centre, or on your premises (subject to equipment availability)

Maximum number of delegates: 8

This course is produced and run by Signet Solutions.

Course Progressions

We offer many signalling technical courses, and it can be difficult to work out what's best for your needs. The following table will assist you.

*Development Courses in green text

These courses typically form the backbone of a career development path, and are usually taken in the order shown. *Available on an "open" basis, in which you can take individual places from our regular timetable.*

*Supplementary Courses in blue text

These courses provide supplementary knowledge about a specific technology or process. They can generally be taken on an "as needed" basis, without any particular order. *Available on a "private" basis, in which you sponsor the delivery of a full course. This works better for four or more delegates.*

This is just a quick guide – please consult our individual course specifications for more detailed information. Please ask us if you have any queries.
