

SUSTAINABILITY AND FUTURE PROVEN

Audico Systems is part of the Audico Group. Audico Group is a company with a long history, over 65 years ProAudio industry and over 30 years in entertainment and AV business (Audico Visual). The Audico Group takes the responsibility and contributes to a sustainable development of our business and the world around us. Our purpose is to offer our customers, future proven, premium, and operational secure audiovisual solutions, products, and services. This to make it possible for people to meet and communicate with great experience and environmentally friendly. For us to create long-term value – for our company, our customers and for the society. Both people and the environment are in focus of a sustainable profitable business today and in the future.

If you want to know more how we work with sustainability, download our policy or contact us for more information about how we can help you to future prove your needs.

THE UN SUSTAINABLE DEVELOPMENT GOALS

Audico Group acknowledges the importance of the UN Sustainable Development Goals (SDGs) as a shared global ambition to protect our planet and create prosperity for all. As a company, we can have a large influence by adapting the way we work to meet the needs of future generations. The SDGs have been integrated into our sustainability agenda where we believe our business can contribute towards them. We aim to actively contribute to achieving the global goals by focusing on the ones that are most relevant to our operations and strategy and, where we as a company can have the greatest impact for us.

Our main goals are:

- 3 Good health and wellbeing
- 12 Responsible consumption and production
- 13 Climate Action
