OVER 20 YEARS OF TREE EXPERTISE AND KNOWLEDGE

Cricket's Tree Service, Inc. is a locally owned and operated family business and has been providing professional tree services in Tallahassee and surrounding areas since 2001.

SERVICES

WE'RE READY TO GET TO WORK FOR YOU

TREE REMOVAL

Cutting down trees is very dangerous work. Only professional tree services like ours should be consulted. Dead and dying trees can become hazardous. Safety is our primary concern.

STORM DAMAGE

We work with insurance companies to take care of lightning struck trees, storm damaged trees and clean up after natural disasters.

TREE TRIMMING & PRUNING

Tree trimming can be essential to a tree's health. Different types of trees require different pruning methods.

HAULING

Removal of tree and brush debris from your property.

FERTILIZATION

Fertilization is needed by many trees to replace the nutrients they are missing.

STUMP GRINDING

Completes the removal process allowing you to plant grass, flowers etc.

ARBORICULTURAL MITIGATION

Pre-development and development services available.

"Thank you for doing such a great job. The crew was a great group of guys. They were so pleasant, professional, and we are grateful they could come so quickly."

Samantha H. | Cricket's customer

With more than 20 years of experience, you can trust Cricket's with the job.

WHAT WE DO

WE IMPROVE EDUCATION IN FLORIDA

MISSION

As a valued partner in public education and a direct support organization for the Florida Department of Education, the Florida Education Foundation invests in high achievement for every student to contribute to Florida's globally competitive workforce.

VISION

Every student graduates from high school ready for post-secondary education and a career.

ACTION

The Florida Education Foundation supports the Florida Department of Education and highest student achievement for all Florida students through:

1. Recognizing and supporting the development of teachers, learners and leaders.
2. Telling the story of Florida's education progress in preparing students for lifelong success.
3. Raising and managing financial resources to improve Florida's outcomes.

OUR PURPOSE & HISTORY

HISTORY

The Florida Legislature established the Florida Education Foundation as a direct support organization to the Florida Department of Education in 1984. The Foundation was created to manage external resources for the benefit of pre-kindergarten to 12th grade education. The Foundation's endowment was established with a generous gift from Mary Murdock in 2012.

In 2015, the Board took note of foundation and state educational organizational models, and launched a strategic planning process to determine areas where a private sector foundation might serve as a change agent for improved educational outcomes. That process launched the three major areas of work that currently define the Foundation's efforts: Strengthening systems for standards and accountability, closing achievement gaps, and improving outcomes in early grades reading.

MISSION

As a valued partner in public education and a direct support organization for the Florida Department of Education, the Florida Education Foundation invests in high achievement for every student to contribute to Florida's globally competitive workforce.

VISION

Every student graduates from high school ready for post-secondary education and a career.

PROGRAMS & EVENTS

The Florida Education Foundation (FEF), with the help of our generous partners, supports many programs and events year-round. These programs emphasize the importance of civics and debate, literacy, leadership and STEAM education. As a valued partner in public education, FEF invests in high achievement for Florida students, recognizing and encouraging the development of teachers, learners, and leaders.
