

Renewed Moments - Media Digitization Pricing (Northern California)

Simple, transparent pricing. Base rates listed below. Discounts may apply for bulk orders (multiple videos or images) at our discretion.

Service	Base Price	Details
Video Tape Digitization (VHS, 8mm, Hi8, MiniDV)	Starting at \$40 per video	Standard digital transfer. Price increases depending on tape length and level of damage.
Photo / Negative Digitization	Starting at \$0.40 per image	High-quality scan. Price increases depending on condition and damage.
Digital Delivery	Included	Delivered to your provided USB flash drive or your own pre-configured cloud storage service.
Enhancement Add-ons		
AI Video Denoise & Upscale	+\$60 per video	Advanced AI processing to reduce noise and upscale footage for improved clarity.
Photo Enhancement (Color Correction, Sharpening)	+\$0.20–\$0.50 per image	Improves color accuracy and clarity.
Severe Damage Recovery Attempt	Custom Quote	For heavily degraded media. Results not guaranteed.
Cloud Media Server Setup	\$250	Setup using Dropbox or Google Drive. Does not include subscription fees.

Serving Lodi, Sacramento, Elk Grove, and surrounding Northern California areas.
