QUALIFICATIONS AND COMPETENCIES

WHY CHOOSE EEHA AUTOMATION

Our solutions are grounded in maintaining compliance with Australian Standards, International Standards and best practices.

01 OUR COMPANY IS CERTIFIED IN

- ISO 9001 Quality Management System (QMS)
- ISO 45001 Occupational Health & Safety Management (OH&S)
- ISO 14001 Environmental Management Systems (EMS)
- ISO 27001 Information Security Management Systems (ISMS)

02 WE ARE LICENSED & INSURED

- Electrical Licence 1502586
- Labour Hire Licence LHL-06133-L2M6K

03 OUR TEAM ARE QUALIFIED PROFESSIONALS

- PMP – Project Management Professional
- S123 / G1, G2 – Site Supervisor and Risk Management
- CPEng – Chartered Professional Engineer
- NER – National Engineering Register
- RPEQ – Registered Professional Engineer of Queensland
- FS Eng (TÜV Rheinland) – Machinery
- FS Eng (TÜV Rheinland) – Process
- ISA/IEC 62443 Cybersecurity Expert
- CCNA – Cisco Certified Network Associate
- MXCA – Moxa Certified Associate
- PCEW – Person in Control of Electrical Work (mines & quarries)
- Data & Communications (Cert III Data & Voice Comms)
- HVA – High Voltage Awareness
- HV Switching
- Confined Space Access
- Working at Heights
- Cert IV Hazardous Areas Electrical
- 4490 Working Safely near Live Electrical Lines & Apparatus
- M292 Low Voltage Connection
- Cabler Registrations
- Cert II Engineering Production
- Cert IV Photovoltaic Systems
- Cert III Instrumentation
- Cert IV Instrumentation
- High Risk EWP 11 m+

WHO WE ARE

WE SIMPLIFY COMPLEXITY

Australian-owned Industrial Automation & Electrical Engineering Specialist.

SINCE 2014

OUR HISTORY & WHERE WE ARE TODAY

2014 — **Company established**

2015 — First embedded site FIFO resource

2016 — First office

2019 — Five staff

2020 — 100 projects completed

2021 — SCADA Longwall and Outbye merge · **BMA – Broadmeadow Mine**

2022 — **IT/OT department established**

2023 — 1,000 projects completed
Site-wide SCADA overhaul: ~100 PLCs, ~60 servers · **Anglo American – Aquila Mine**
Major greenfields project · **Fitzroy – Ironbark Mine**

2024 — Perth branch opening
Brisbane office relocation to Fortitude Valley
ISO 9001 Quality, 45001 Safety & 14001 Environment certification

2025 — **Electrical department acquisition**
Cleveland workshop opening
ISO 27001 Information Security certification
Power distribution SCADA overhaul · **BAC – Domestic Terminal**

2026 — TODAY
Major project: site-wide PLC and SCADA overhaul **Glencore – George Fisher Mine**
Over 70 Staff
17 embedded site FIFO resources

WHO WE WORK WITH

OUR CLIENTS

Privileged to be working closely with Australia's leading organisations.

WHERE WE WORK

OUR INDUSTRIES

01 **Mining / Quarries**
UG, Surface, CHPP

02 **Power Distribution**

03 **Aviation**

04 **Ports / Shiploading**

05 **Water / Waste Water**

06 **Renewables**

07 **Food and Beverage**

08 **Manufacturing**

09 **Pharmaceuticals**

10 **Oil and Gas**

WHO WE BUILD WITH

COLLABORATIVE PARTNERSHIPS

Partnering with major OEMs to keep you up to date with the latest trends and innovations.

Allen-Bradley · AUVESY-MDT · AVEVA · Cisco · dull. · Emerson · Fortinet
HMS · inductive automation · MOXA · Nozomi Networks · OMRON · Phoenix Contact · ProSoft Technology
Rockwell Automation · Schneider Electric · SIEMENS · Veeam · Velotic

WHAT WE DO

OUR CAPABILITIES

INDUSTRIAL AUTOMATION 01

Control Systems Engineers
PLC · SCADA · HMI · RTU · IIoT · Instrumentation · Reporting · Change Management

Functional Safety Engineers
Compliance & Auditing · System Design · Programming · System Validation

ELECTRICAL SERVICES 02

Engineering
Electrical Design · Drafting · RPEQ

Electricians
Compliance & Safety · Instrumentation · Modifications / Upgrades · Installations · Panel Fabrication · Calibration & Testing

IT / OT 03

System Admin
Virtualisation · Windows · Linux · Entra · Cloud

Network Admin
Firewall · Routing · WiFi · LTE · Redundancy

Server Admin
Logging · Patching · Remote Access

Security Admin
Monitoring · Backups · PW Management · Config · Malware

Software Development

AI 04

Solutions Architect
Custom Bespoke Systems · Vision · LLM

> "First customer is still a client over 12 years later."

> "We're on site, we're with you."

> "Designed by people who have lived through a 2am phone call."

HOW WE ENGAGE

OUR SERVICES

01

PROJECTS

- Scoping / Standards / Auditing
- Advisory / Oversight
- Project / Risk Management
- Design / Development
- Bench / Factory Testing
- Installation / Commissioning
- Training / Handover
- Optimisation / Lifecycle Management
- Simulations
- Data Analytics
- System Modelling

02

EMBEDDED RESOURCES

- Labour Hire
- Rostered Resources

Fixed Term | Ongoing | FIFO | DIDO

- Leave Fill-in Coverage

03

SUPPORT AGREEMENTS

- Remote Support
- On-Site Support
- 24/7 Support / SLA

SAFETY AS THE HIGHEST PRIORITY

	2025	2024	2023	2022
Fatalities	0	0	0	0
Lost Time Injuries (LTIs)	1	0	0	0
Restricted Work Injuries (RWIs)	0	0	0	0
Medical Treatment Injuries (MTIs)	1	0	0	1
First Aid Injuries (FAIs)	0	0	0	0
Total Employee Hours Worked	118,607	57,466	60,264	39,084
