SERIES TRACTORS

JOHN DEERE

8R/RX/RT SERIES TRACTORS

THE NEXT LEAP FORWARD IN 8R TRACTORS.

THE 8R TRACTOR SERIES TURNS TECHNOLOGY INTO AN ADVANTAGE. IN YOUR CASE, THAT MEANS HELPING YOU MAKE DECISIONS THAT RESULT IN HIGHER YIELDS, REDUCED COSTS AND MORE ACRES FARMED.

WHEAT | CANOLA | CORN | SOYBEANS

OWN THE DAY

Take a seat and get ready to log some serious hours in comfort, style, and peak productivity:

- A choice of cloth or leather seats
- 6.5inch touchscreen radio with 6 speakers
- More spacious headroom
- Refrigerator

A higher backrest and adjustable side bolster lets you sit comfortably within the seat, enabling you to be more productive and more comfortable. Options subject to Cab selections*

PRECISION AG (JDLINK™)

It's easier than ever to have a connected machine - one that helps you set up, plan, monitor, execute and analyse every move you make. All 8 Series tractors come standard with a JDLink™ connection*.

By connecting through JDLink™, you can wirelessly share information with those who help you farm so you can make even better decisions. The Generation 4 CommandCenter™ Display makes every pass through the field more productive and efficient, and you will get more precision.

POWERTECH™ 9.0L ENGINE

The 8R Series are all fitted with a PowerTech™ 9.0L (549-cu in.) engine. Boost pressure in the intake manifold is controlled at its optimum point for added fuel economy and performance, regardless of rpm or load. The overall benefits:

- Increased low rpm torque
- Quicker response to load
- Increased peak torque
- Improved fuel economy
- Improved performance at high altitudes

RIDE COMFORT

8R Tractors offer a variety of suspension options to fit your specific field conditions or application. Options include:

- Air seat with fixed cab offers excellent ride quality in a variety of applications
- Two-post cab suspension with an air seat offers an exceptional ride for operators spending time on the road
- ActiveSeat II greatly reduces vertical motion experienced in field applications
- Choice of options is available on all 8R Tractors
- Independent-Link Suspension (ILS™)

OWN THE NIGHT

When you have got a job to do, you can keep going even when the day turns into night. With the various options on lights, farming has never been this easy:

- The option between LED and Halogen working lights
- Camera-ready
- Electrical or Manual Exterior mirrors

Get twice as much light as compared to our previous lighting options, putting you in charge of night-time productivity.

SHIFT INTO HIGH GEAR

No other manufacturer gives you this many transmission options with different benefits and capabilities:

- Electric Variable Transmission (EVT) 410hp Only*
- Infinitely Variable Transmission (IVT™)
- e23™ Powershift Transmission
- 16-Speed Powershift Transmission

No Matter the job, we have a transmission that will suit your needs.

8R

Engine Type: John Deere PowerTech™ 9.0L
Rated Hp: 230hp - 410hp
Maximum Hp: 235hp - 443hp
Transmission: PowerShift /E23™/EVT /IVT™
Base Machine Weight: 11 700kg - 12 700kg
Hydraulic Capacity: 227 L/Min - 318 L/Min

8RX

Engine Type: John Deere PowerTech™ 9.0L
Rated Hp: 310hp - 410hp
Maximum Hp: 341hp - 443hp
Transmission: PowerShift /E23™/EVT /IVT™
Base Machine Weight: 15 600kg
Hydraulic Capacity: 227 L/Min

8RT

Engine Type: John Deere PowerTech™ 9.0L
Rated Hp: 310hp - 410hp
Maximum Hp: 341hp - 443hp
Transmission: PowerShift /E23™/EVT /IVT™
Base Machine Weight: 19 600kg
Hydraulic Capacity: 227 L/Min - 318 L/Min
