Consultancy Services

INNOVATIVE SOLUTIONS
FOR COMPLEX CHALLENGES

At Katoni Engineering, we specialise in providing high-quality consultancy services to help our clients overcome complex challenges and achieve their goals. We have a team of experienced professionals who are dedicated to delivering innovative solutions that are tailored to meet our clients' specific needs.

Our Consultancy Services

Our focus is on providing consultancy services that enhance productivity, reduce costs, and improve overall efficiency. Our approach ensures projects are delivered safely with minimising environmental impact at its core. We specialise in the following areas:

Assurance and Optimisation

Our Assurance and Optimisation services cover a wide range of areas including Conceptual Design, Bottlenecking and Optimisation, Root Cause Analysis, Obsolescence Management and Due Diligence. We work with our clients to deliver results that reduce downtime, increase capacity, and improve overall performance of their operations.

Safety and Compliance

We offer extensive and high-quality expert services that are tailored to the specific needs of our clients around safety and compliance. This includes Safety reviews, Functional Safety, Electrical Safety (Arc Flash), Cyber Security and HSE Audit and Compliance reviews. We prioritise clear communication and collaboration to ensure a successful delivery to enhance our clients safe operations.

Net Zero Solutions

Our team has a wealth of experience in providing Net Zero solution services across several industries. Our services include Net Zero Concept Development, Energy Transition Integration, ERAP Support, Smart Power Management and Power Optimisation. We provide hands-on support to our clients, leveraging our experience and expertise to help them design solutions that are cost-effective, reliable and aid in their transition journey.
