

Your health plan is helping you get the lowest price on your prescriptions

Blue Cross and Blue Shield of Kansas is now offering MedsYourWay® at most major pharmacies.

GET THE BEST AVAILABLE PRICE FOR YOUR MEDICINE

Your health plan understands that getting the best price for your medicines should not be difficult. To help you pay the best price available, with minimal effort, MedsYourWay automatically compares medicine prices from multiple discount cards¹ and your health plan benefit (copay). By simply showing your Blue Cross insurance card at the pharmacy, you will pay the best price available on most medicines.

PROVIDING A SIMPLE EXPERIENCE

- No more time wasted searching for the best discount card prices and then trying to remember which card to present at the pharmacy. Just show your insurance card the next time you fill a prescription.
- Over-the-counter drugs not covered by your health plan may also qualify for a discount. To check, log in to your BlueAccess account by visiting BCBSKS.com/blueaccess and select the “Rx Drugs” tab. Then, select “Find Drugs (formulary)” to be redirected to the MyPrime website, where you can check for discount eligibility.
- Our advanced technology does the rest of the work for you, comparing drug card discount prices so you don’t have to.
