About Nile Goods

Nile Goods, a prestigious Egyptian company, takes immense pride in its specialization in exporting top-tier fresh and frozen agricultural products.

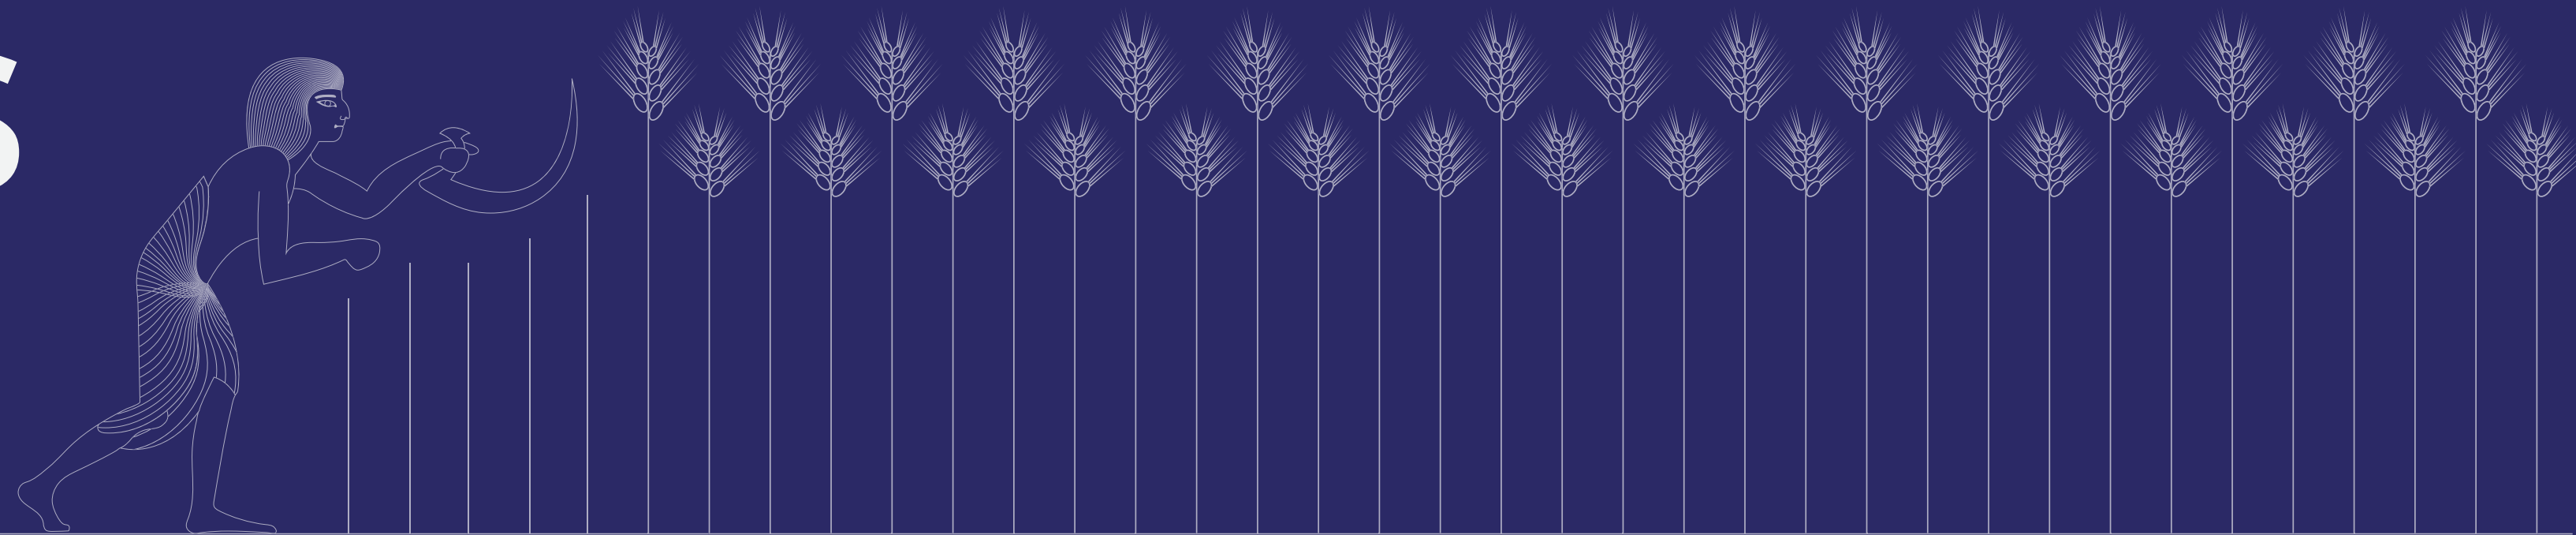

Our notable success is driven by a highly experienced team, many of whom are graduates of logistics colleges, committed to maintaining the highest quality standards across the entire supply chain, from cultivation to shipment. We operate in full compliance with FIATA terms and conditions, and with well-established relationships with global shipping lines, we ensure efficient and reliable transportation, enabling swift deliveries worldwide.

Beyond direct exports, Nile Goods has built solid experience in cross-trading operations in the Far East, as well as extensive trade activities across the Gulf region and Europe, handling fresh and frozen fruits, vegetables, and alfalfa. Our strategic collaborations with logistics stations allow us to comprehensively serve all destinations while meeting diverse market requirements.

In addition, Nile Goods is actively engaged in importing fruits, vegetables, and dry beans from Africa and the Far East, further strengthening our global supply network. With deep expertise in adapting logistics processes to each destination's needs, we ensure consistent freshness, quality, and competitive pricing. This commitment to excellence gives our partners a strong competitive edge in their local markets and solidifies Nile Goods as a preferred global partner for agricultural trade.

Vigetables

Green Beans

Introducing Nile Goods› Green Beans (*Phaseolus vulgaris*), recognized by various common names such as French beans, string beans, snap beans, and the French name haricot vert.

Green beans, versatile ingredients in global cuisine, can be enjoyed raw or prepared through various methods such as steaming, boiling, stir-frying, or baking. Renowned for their rich content of flavonoids and antioxidants, these green beans are sourced meticulously.

Our frozen beans, available in cut or whole options, uphold the highest standards of quality.

Nile Goods ensures that you experience the finest green beans, a delightful addition to diverse culinary creations.

Peas

Indulge in the freshness of Nile Goods' Green Peas, derived from the seed pods of the fruit (*Pisum sativum*).

With origins tracing back to early discoveries around 4800-4400 BC in the Nile Delta area and 3800-3600 BC in Upper Egypt, green peas hold a rich history in Egyptian agriculture.

These peas, primarily recognized as a starchy vegetable, are a versatile and nutritious addition to your meals.

High in fiber and protein, our green peas are freshly picked and carefully shelled before undergoing freeze processing to preserve their natural goodness.

Nile Goods guarantees a premium quality product that not only reflects the legacy of Egyptian agriculture but also adds a wholesome touch to your culinary creations.

Peas and Carrots (Mix)

Introducing Nile Goods' Peas and Carrots Mix, a delightful combination that brings together the sweet and tender essence of peas with the vibrant, crisp texture of carrots.

Our carefully curated mix is a testament to quality and freshness, ensuring a delightful culinary experience.

Sourced from trusted suppliers, the peas and carrots in this mix are IQF to preserve their peak flavor and nutritional value.

Green Beans, Peas, and Carrots (Mix)

Experience the perfect blend of freshness with Nile Goods' Vegetable Mix, a harmonious combination of Green Beans (*Phaseolus vulgaris*), Peas, and Carrots.

This versatile medley, often referred to as a succulent trio, is a culinary delight that brings together the vibrant flavors and nutritional benefits of these three vegetables.

Sourced from reputable suppliers, each component of our Vegetable Mix is individually quick-frozen to retain its peak freshness and flavor.

Okra

Discover the culinary excellence of Nile Goods' Okra, locally known as Bammia (*Abelmoschus esculentus*).

Hailing from the rich agricultural landscape of Egypt, our Okra presents green seed pods that serve as an excellent source of minerals, vitamins, antioxidants, and fiber.

Sourced meticulously, our Okra is graded into three sizes, ranging from 1.5 cm to 6 cm, ensuring a diverse selection for various culinary applications.

With a commitment to quality, Nile Goods delivers Okra that not only embodies the nutritional benefits of this vegetable but also adds a touch of authenticity to your dishes.

Elevate your culinary experience with the finest Bammia from Nile Goods.

Mulukhiyah

Indulge in the rich flavors of Nile Goods' Molokhia, also known as "Jew's mallow" (*Corchorus olitorius*).

Our Molokhia is meticulously minced and frozen, ready to elevate your culinary experience by seamlessly integrating it into soups or stews. A traditional dish, often prepared with chicken broth and served alongside white rice, Molokhia offers a hearty and wholesome meal.

Packed with nutritional goodness, the leaves of this vegetable are a rich source of folate, beta-carotene, iron, calcium, vitamin C, and more than 32 essential vitamins and minerals.

Nile Goods ensures the highest quality in each frozen batch of Molokhia, allowing you to savor the authentic taste and nutritional benefits of every comforting bowl of soup or stew.

Cauliflower

Experience the culinary versatility of Nile Goods' Cauliflower (*Brassica oleracea*), a highly nutritious and sought-after vegetable in kitchens worldwide.

Known for its adaptability in various cooking styles, cauliflower has become a staple in households around the globe.

Packed with essential nutrients, our cauliflower is a go-to ingredient for both its taste and health benefits.

Its popularity extends beyond conventional kitchens, making it an indispensable component of vegan diets.

Nile Goods takes pride in delivering cauliflower that meets the highest standards of quality, ensuring you have a premium and versatile ingredient to enhance your culinary creations.

Elevate your dishes with the wholesome goodness of Nile Goods' Cauliflower.

Artichoke

Savor the nutritional richness of Nile Goods' Artichokes (*Cynara cardunculus*), a culinary delight that combines low-fat content with high fiber and a plethora of essential vitamins and minerals.

Bursting with nutrients such as vitamin C, vitamin K, folate, phosphorus, and magnesium, artichokes are recognized as one of the richest sources of antioxidants.

To ensure convenience without compromising quality, our artichoke hearts are expertly cut and frozen, ready to enhance your culinary creations.

Nile Goods' frozen artichokes provide a hassle-free way to incorporate this wholesome and flavorful ingredient into your cooking.

Enjoy the goodness of nutrition and taste with Nile Goods' Artichokes.

Broccoli

Delight in the popularity and nutritional excellence of Nile Goods' Broccoli (*Brassica oleracea*), one of the world's most beloved vegetables.

With its vibrant green florets, broccoli stands out as a versatile ingredient that can be effortlessly enjoyed either raw or cooked.

Recognized as a particularly rich source of vitamin C and vitamin K, broccoli adds both flavor and essential nutrients to your diet.

Notably, its characteristic sulfur-containing glucosinolate compounds, isothiocyanates, and sulforaphane are best preserved through steaming, microwaving, or stir-frying, ensuring optimal nutritional value.

Nile Goods freezes its broccoli, maintaining these vital nutrients for an extended period, allowing you to enjoy the goodness of broccoli in its freshest form.

Spinach

Immerse yourself in the nutritional richness of Nile Goods' Spinach (*Spinacia oleracea*), a versatile leafy green vegetable that can be savored both cooked and raw.

Spinach, high in oxalate content, is a nutritional powerhouse packed with essential nutrients.

Rich in iron, calcium, and vitamin K, it makes a wholesome addition to your diet.

Nile Goods takes pride in delivering premium-quality spinach, carefully selected and frozen to preserve its freshness and nutritional value.

Whether tossed into salads, blended into smoothies, or incorporated into various cooked dishes, our spinach adds a burst of flavor and health benefits to every meal.

Elevate your culinary creations with the goodness of Nile Goods' Spinach, making it a staple in your quest for a balanced and flavorful diet.

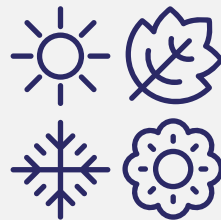

Potato

Nile Goods proudly offers a wide range of premium Egyptian potatoes, including well-known varieties such as Diamond, Nicola, Spunta, Valor, Winston, Lady Balfour, and Oceania.

Each variety is selected to meet different market needs, whether for fresh consumption, processing, or frying applications. Known for their consistent size, high yield, and excellent taste, our potatoes are cultivated in Egypt's fertile soil under strict agricultural and quality standards.

Carefully harvested, sorted, and packed, they are handled with precision to maintain their quality and extend shelf life.

Through efficient logistics and reliable supply chain management, Nile Goods ensures the delivery of high-quality potatoes that meet international standards, providing our partners with a dependable product and a strong competitive advantage in their local markets.

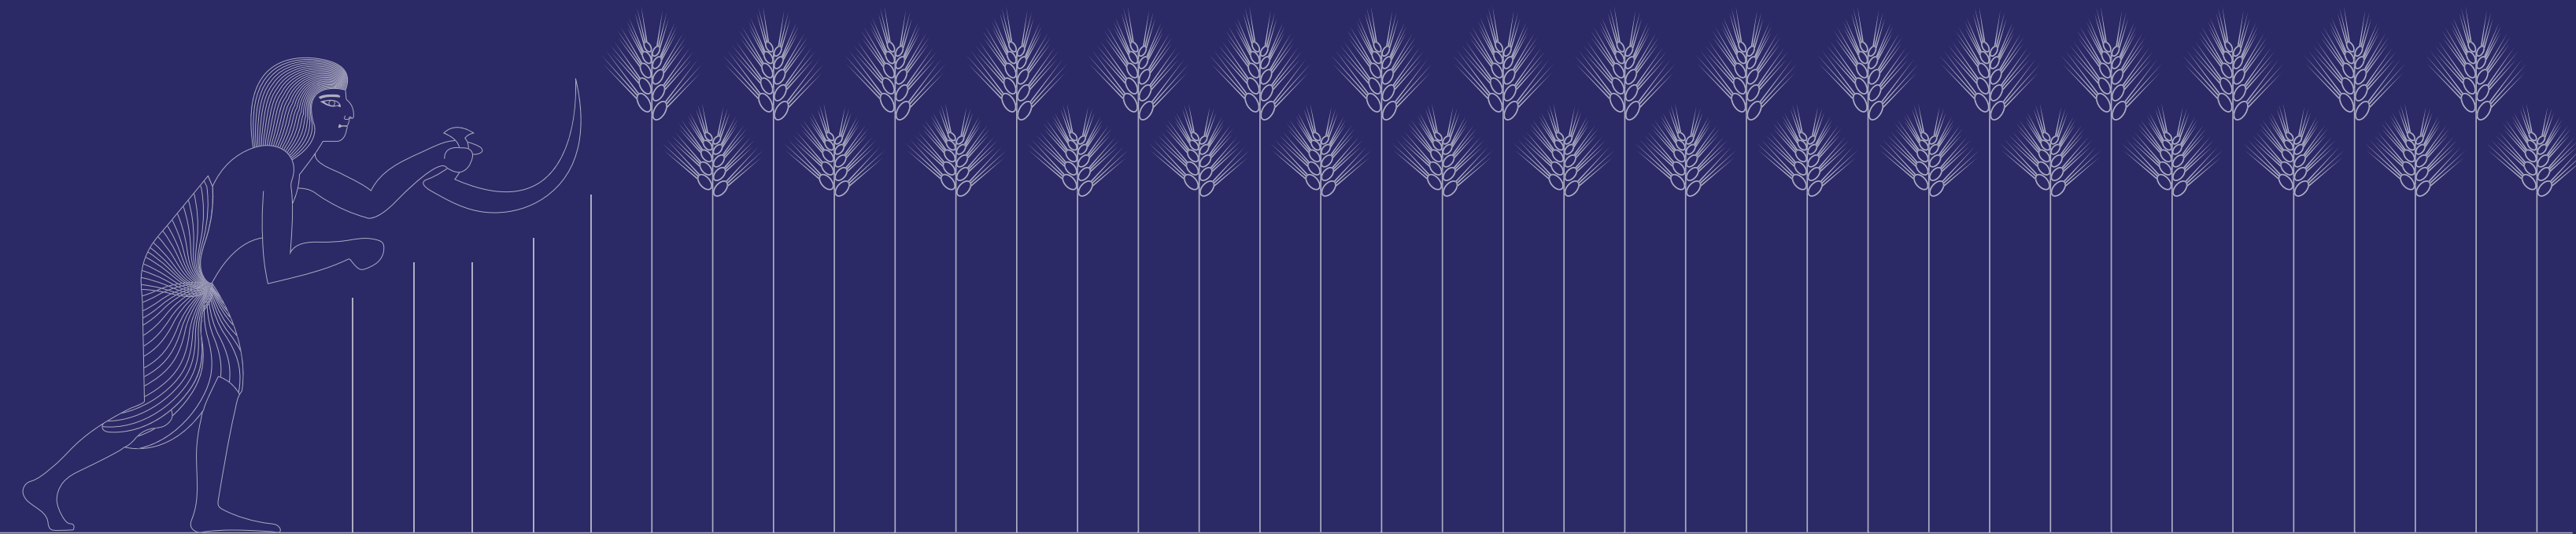

Seasons

January till May

Fruits

Strawberry

Nile Goods proudly presents its Quick Frozen Strawberries, meticulously crafted from the Festival variety renowned for its exceptional dessert and aromatic qualities, featuring a consistent internal red color and superb suitability for freezing and thawing.

These strawberries are cultivated in the expansive fields of several governorates, the largest Egyptian strawberry farms, adhering strictly to the global Good Agricultural Practices (G.A.P.) standard.

Hand-harvested at peak maturity, each strawberry is meticulously decapped and promptly frozen to preserve the utmost level of quality.

Our strawberries are Loose or whole-packed, devoid of additives, and specifically tailored for further processing in applications such as jams/ jellies, ice cream, yogurts, and bakery items.

Choose Nile Goods for a delightful and premium strawberry experience.

Mango

Experience the tropical delight of Nile Goods' Mangoes, a fruit that comes in a wide range of distinct varieties cultivated in the vibrant landscape of Egypt.

Our selection includes premium types such as Keitt, Kent, Tommy Atkins, Maya, Alphonso, Ewase, Seddik, Zebdia, Hindi, Fagr Klan, Naomi, Austin, and the renowned Owais mangoes, celebrated for their exceptional sweetness and rich flavor, creating a true sensory experience for mango enthusiasts.

Egypt also proudly offers Zebdia mangoes, known for their sugary, butter-like texture, adding even more diversity to our mango range and catering to different market preferences.

Nile Goods brings you the finest Egyptian mangoes, carefully selected, to capture the peak of their sweetness, flavor, and quality.

Whether enjoyed on their own or incorporated into smoothies, desserts, or salsas, our mangoes promise a taste of tropical paradise in every bite.

Elevate your fruit experience with the premium quality and wide variety offered by Nile Goods' Mangoes.

Pomegranate

Indulge in the vibrant goodness of Nile Goods' Pomegranates (*Punica granatum*), a delightful and nutritious fruit renowned worldwide.

Pomegranates are celebrated not only for their sweet and juicy arils but also for their health benefits. Rich in antioxidants, vitamins, and minerals, these ruby-red gems contribute to overall well-being.

Pomegranates are a versatile addition to your diet, enjoyed as a refreshing snack, incorporated into salads, or transformed into succulent juices.

Elevate your culinary experience with the burst of flavor and nutrition offered by Nile Goods' Pomegranates, making every dish a delightful and healthy treat.

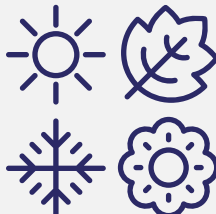

Orange

Nile Goods proudly offers premium Egyptian Oranges, featuring the two most renowned varieties: Navel and Valencia. Navel oranges are known for their seedless nature, easy peeling, and sweet, rich flavor, making them ideal for fresh consumption.

Valencia oranges, on the other hand, are highly valued for their juiciness and balanced taste, making them the preferred choice for juice production. Cultivated in Egypt's fertile lands under strict quality standards, our oranges are carefully selected and harvested at optimal maturity to ensure superior taste, freshness, and shelf life.

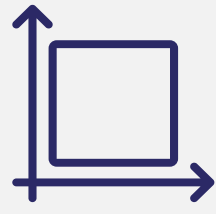

Through efficient handling and cold chain logistics, Nile Goods delivers high-quality Egyptian oranges that meet international market standards, providing our partners with a reliable product and a strong competitive advantage in their local markets.

Alfalfa

Nile Goods proudly offers all kinds of Egyptian Alfalfa (Premium, Grade A, Grade B, etc.), a high-quality forage crop widely recognized for its exceptional nutritional value and strong global demand. Rich in protein, fiber, vitamins, and essential minerals, alfalfa plays a vital role in supporting livestock health and enhancing dairy and meat production.

Our alfalfa is cultivated in Egypt's fertile agricultural lands and processed into different forms, including bales and pellets, to suit various feeding and logistics requirements. Carefully harvested and handled under strict quality standards, it maintains optimal moisture levels, high leaf content, and consistent nutritional value. We ensure that key market requirements such as protein content and humidity levels are met according to client specifications, while bale and pellet sizes can be customized based on demand.

With extensive experience in export markets, Nile Goods ensures that its alfalfa fully complies with the specifications and requirements of GCC and Asian markets. Through efficient processing, packaging, and reliable logistics, we deliver a consistent, high-quality product that meets international standards and provides our partners with a dependable and competitive feed solution.
