Getting Started

Small by design.
Generous by nature.

Acre was designed around a simple idea: a smaller home can create a bigger way of living.

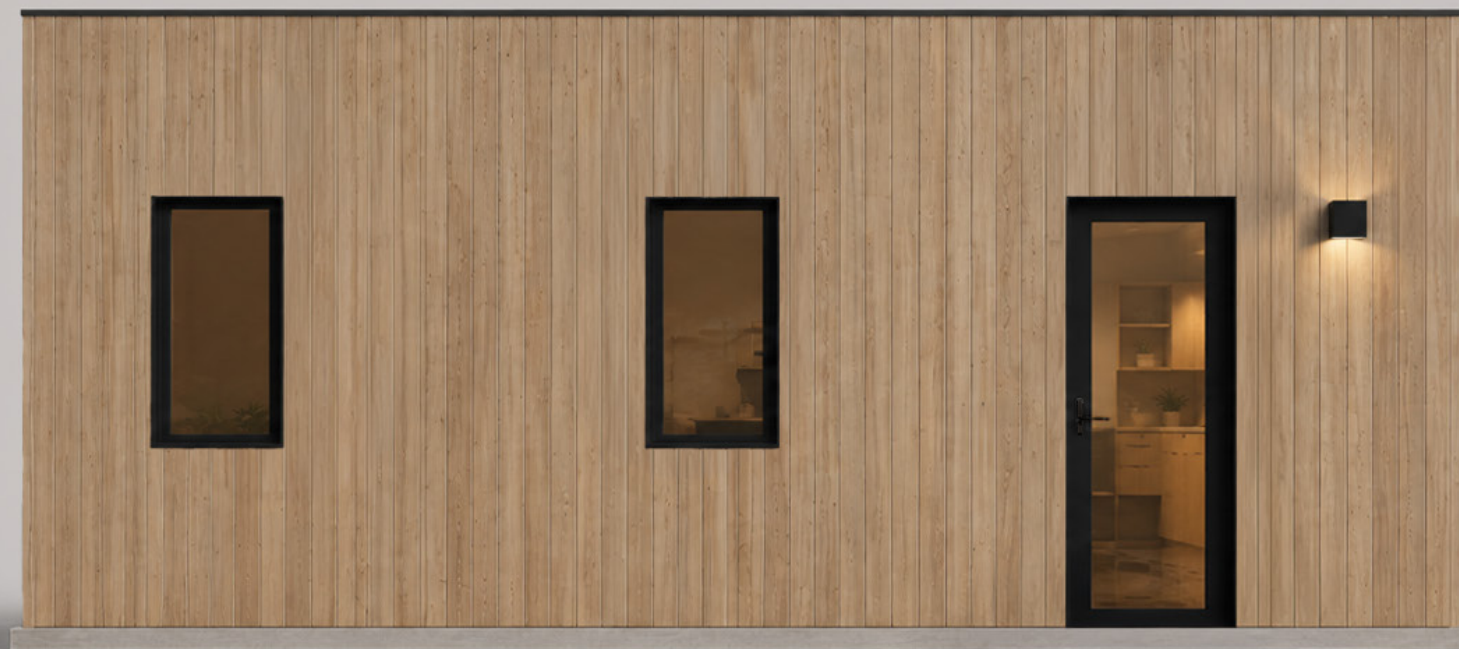

Rooted in biophilic design, each home brings nature, natural light, and thoughtful materials into everyday spaces. Skylights, gardens, and intentional details create a home that feels open, calming, and connected to its surroundings.

Because more space isn't always the answer.

Better space is.

Meet the Collection

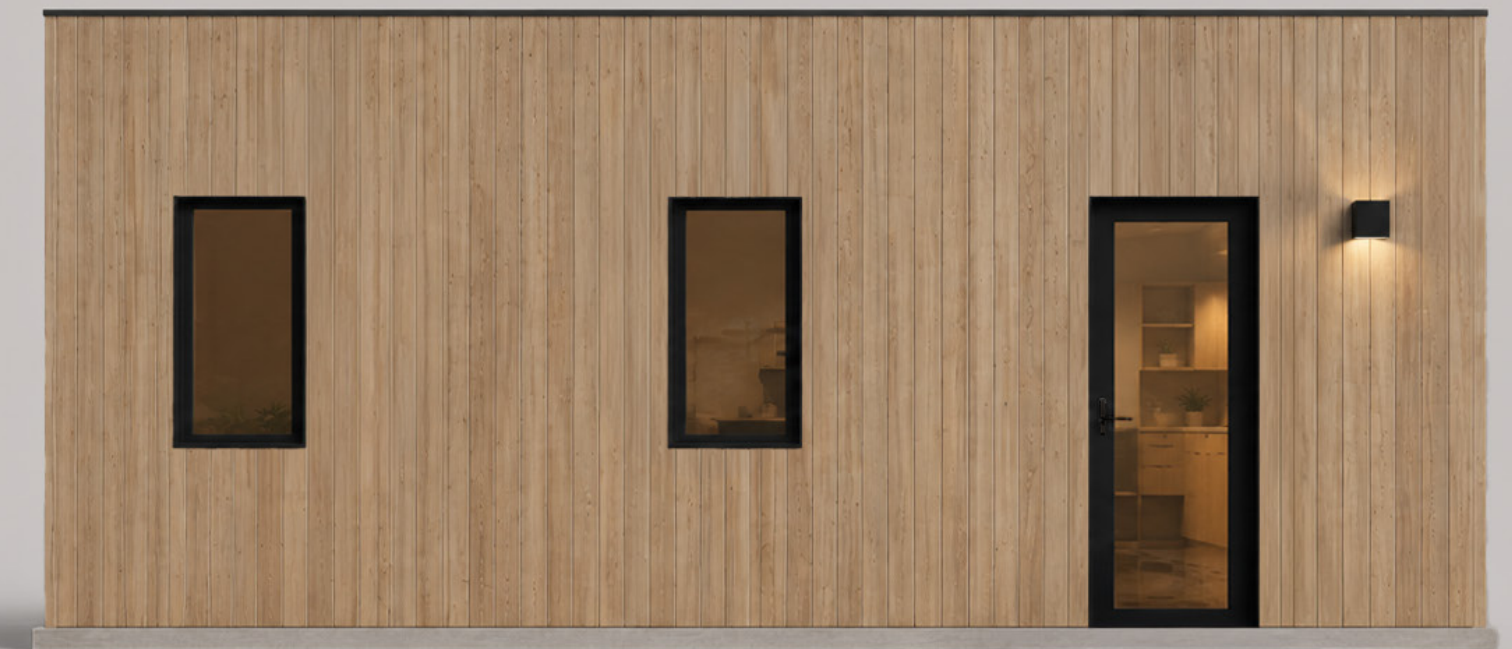

Three thoughtfully designed homes, each offering a unique balance of space, flexibility, and comfort.

One Bedroom
560 SF

Studio
260 SF

Two Bedroom
840 SF

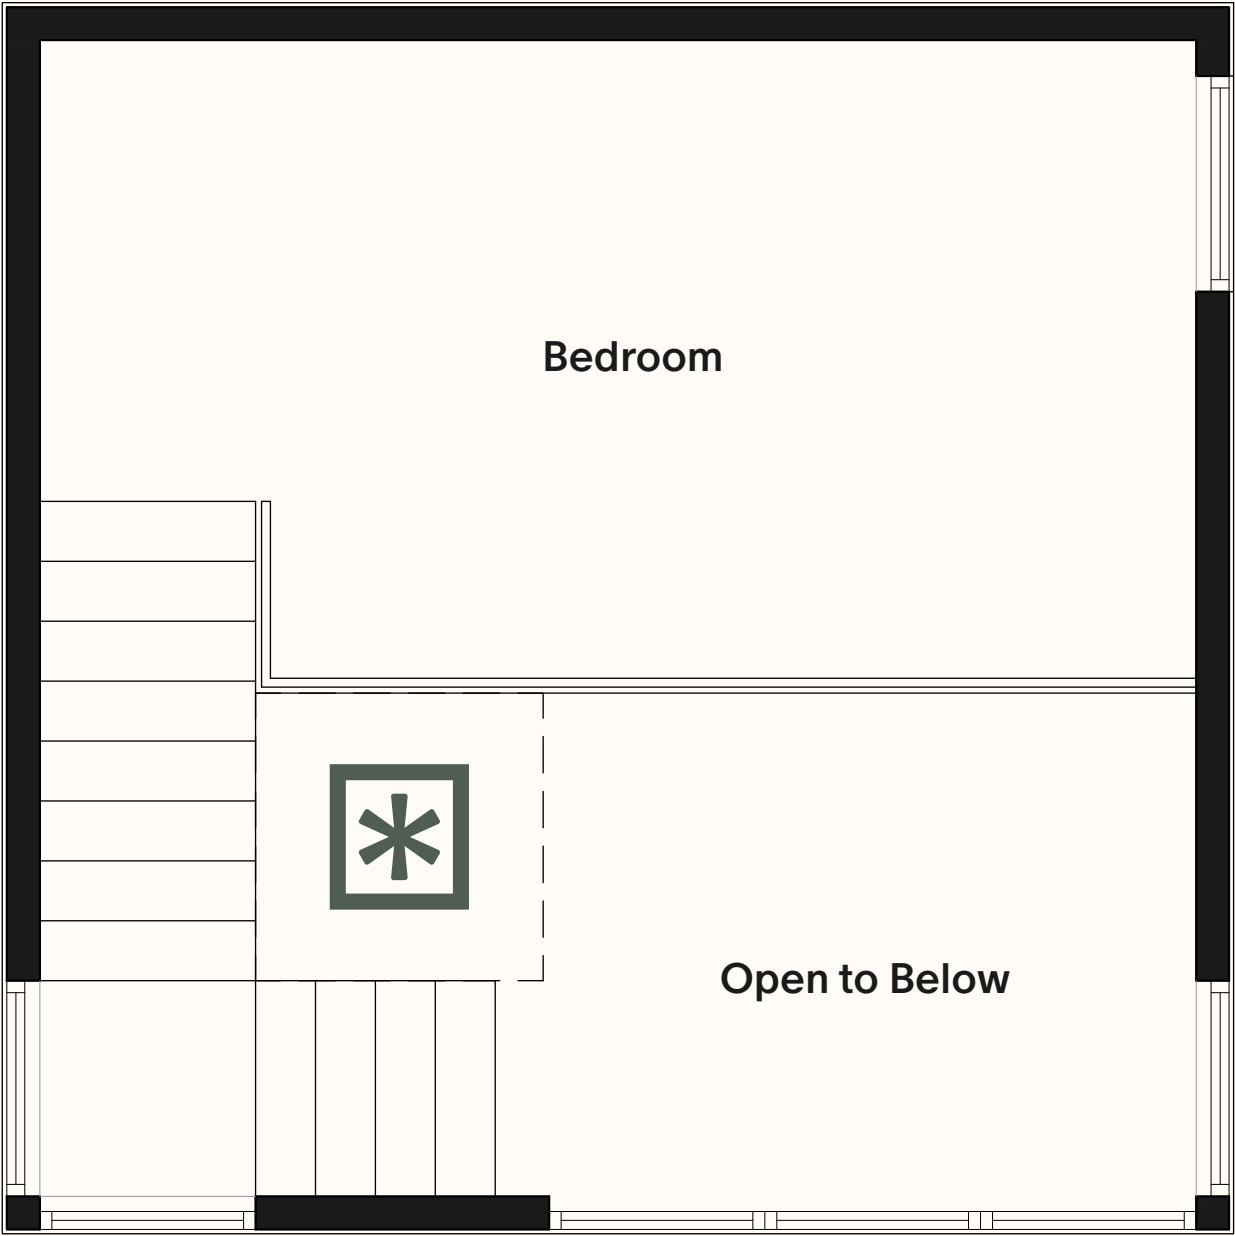

Studio

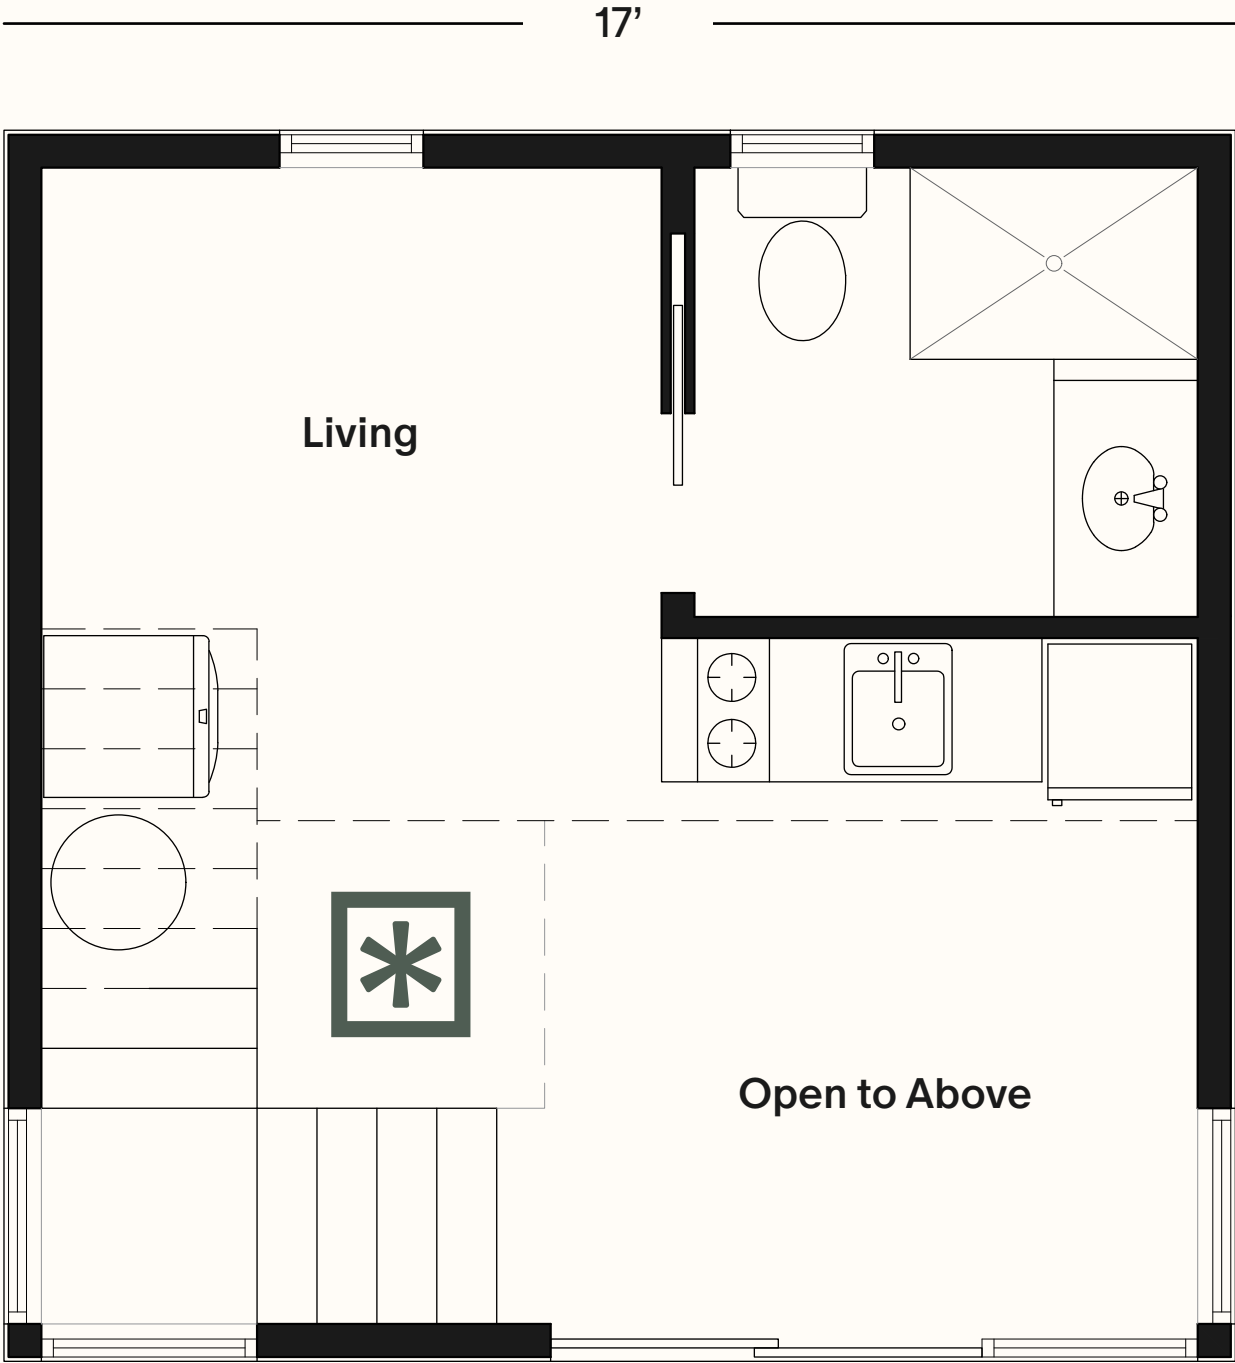

A1

- Low-VOC Interior Finishes

The Process

A simpler path to a thoughtfully designed home.

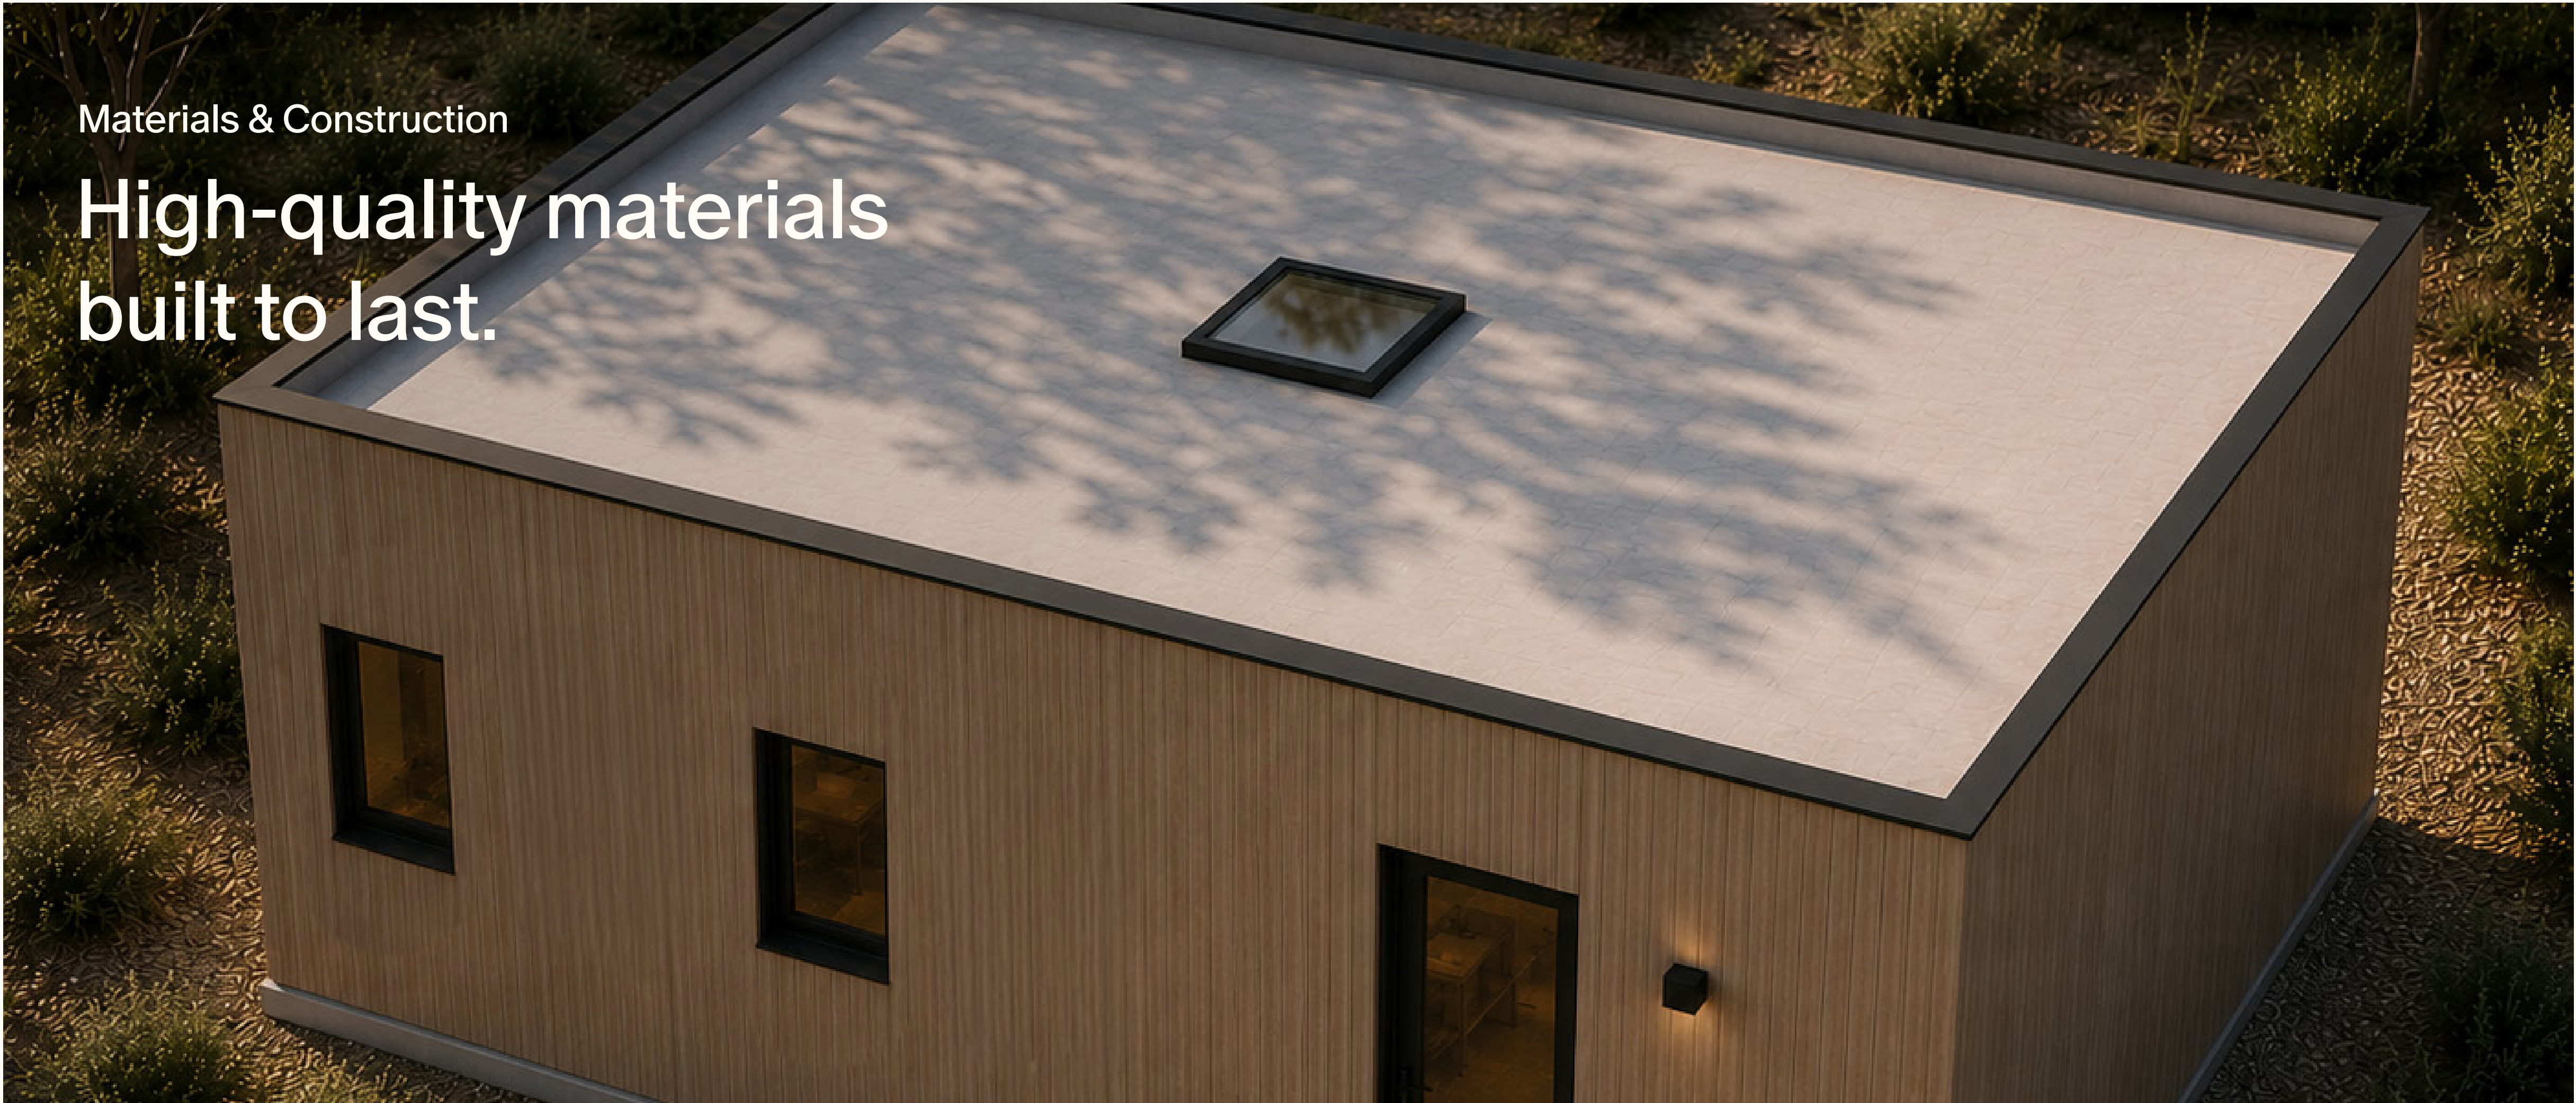

Preparation Phase

- **01 Planning**
Tell us about your property, goals, and the Acre home you're interested in.
- **02 Site Review**
We review your property, placement, utilities, and local requirements.
- **03 Proposal**
Receive your home details, pricing, timeline, and next steps.
- **04 Finalize**
Finalize the details and prepare your home for production.

Building Phase

- **05 Permits & Preparation**
We handle approvals while preparing your home for construction.
- **06 Foundation & Delivery**
Your site is prepared and your Acre home makes its way to you.
- **07 Installation**
Your home is assembled on-site with every detail coming together.
- **08 Welcome Home**
Final inspections are completed and your new space is ready to enjoy.

Materials & Construction

High-quality materials
built to last.

Vertical Cypress Siding

Naturally durable wood that ages beautifully.

European-Style Tilt & Turn Windows

Premium performance and ventilation.

Velux Skylights

Industry-leading daylight and durability.

High-Performance TPO Roof

Durable reflective roofing.

High-Performance Envelope

Comfort, efficiency, and durability.

Stone Wool Insulation

Thermal, acoustic, and fire performance.

Panelized Construction

Designed for faster installation.

acre  adu

Ready when you are.

Every Acre begins with your space.
Tell us about your property, how you want to live,
and we'll help guide the path from idea to home.
