

System Operator (Autonomous Trucks)

Maasvlakte 2, Rotterdam, The Netherlands

Embotech is an award-winning software scale-up developing cutting edge autonomous driving technology and solutions for autonomous vehicles, with focus on private ground applications such as trucks at port terminals and passenger cars in factories. We are delivering safe autonomous transportation by leveraging the real-time optimization technology that we have been developing since 2012.

We are looking for a Field System Operator to join our team at Maasvlakte 2. We're looking for someone who is curious about technology and excited to be part of the future of logistics.

In this role, you will safely drive our test vehicles during autonomous driving trials and operate the autonomous systems under the guidance of our Systems Engineers.

We offer an exciting role in a fast-growing company with attractive conditions and flexible hours. Embotech develops innovative products in a modern and dynamic environment, and you can expect an international atmosphere, with highly skilled colleagues with a passion for excellence and efficiency. We are looking for highly motivated people to help us solve one of the most complex challenges of today and take our company to the next level.

Responsibilities:

- Drive testing vehicles safely during autonomous driving trials
- Operate the autonomous systems under the guidance of systems engineers, including:
 - Setting up tests
 - Monitoring tests while they run
 - Reporting on how tests went
- Occasional travel to a customer site or other testing areas for a few days (travel costs covered)
- Helping prepare digital maps used for testing
- Supporting engineers with mechanical or electrical work
- Helping keep vehicles in good shape

Requirements:

- CE driving license
- Valid right to work in the Netherlands, and unrestricted travel in EU and Switzerland
- Good command of English
- A clean Certificate of Good Conduct (VOG/statement of good behavior)
- General familiarity with working on computers
- Nice to have:
 - Basic IT knowledge of the Linux operating system
 - General technical aptitude/interest in technology

Our preferred starting time for this position is **ASAP**

We look forward to receiving your application documents (CV, diplomas and reference letter) by email:
