EXPERIENCE

Product & UX/UI Designer

Freelance, Remote

Nov 2022 - Present

Projects:

- Designed an adaptive website for a digital tool enabling product card infographic creation on e-commerce marketplaces.
- Developed a Figma prototype for a CRM system used in user testing by a crypto exchange company.
- Enhanced user flows for a mobile finance app focused on Bitcoin wallet functionality.

IT Project Manager

SmartSky (NW RCAI), Russia

Apr 2022 - Nov 2022

Software development for commercial aviation

- Led software development projects for the aviation industry, specializing in Electronic Flight Bag Applications.
- Solely managed four diverse development teams, including iOS, Android, front-end, and multi-tiered back-end, while also coordinating with QA and a UX designer.
- Implemented efficient Kanban methodologies for streamlined software development
- Conducted in-depth user interviews with Boeing and Airbus pilots, translating insights into actionable requirements.

IT Project Manager

Nokian Tyres, Russia (Finland, China)

Jun 2018 - Dec 2021

Tire manufacturer

- Led two cross-functional IT projects, implementing B2B and B2B2C business solutions. These projects involved collaboration with both local and global tech contractors and major B2B automotive clients (including Volkswagen Group, Mercedes, Renault, etc.) as well as online retail customers in Russia. Successfully delivered all projects on time and within budget, exceeding business objectives and driving an increase in incremental sales and marginality.
- Managed ERP and B2B portal development in China, including stakeholder requirement gathering, budget management, and negotiations with local contractors.
- Coordinated a portfolio of 30+ IT projects across Russia and Asia, handling budgeting, reporting to the HQs in Finland, and providing project management support.
- Actively contributed to corporate project management model and practices, mentored other project managers and conducted group training sessions.
- Promoted from Portfolio Coordinator to Project Manager in 2020
