DINERBOT T10

Delivery & Marketing
Service Robot

- 3 OPEN TRAYS, 40KG TOTAL LOAD
- 23.8" HD ADVERTISING SCREEN
- 360° STEREO VISION OBSTACLE AVOIDANCE
- UP TO 12.5 HR BATTERY LIFE

APPLICABLE SECTORS:

Hospitality • Restaurants • Hotels • Retail • Shopping Centres

Flexible and Robust

Equipped with open and spacious sensing trays, along with an upgraded ultra-stable chassis, the robot can navigate through narrow passages of 59cm.

Comprehensive Obstacle Avoidance

The environmental perception and obstacle avoidance system have been significantly upgraded. This includes the use of four stereo vision sensors for 300° 3D detection, enhancing the safety of the delivery process.

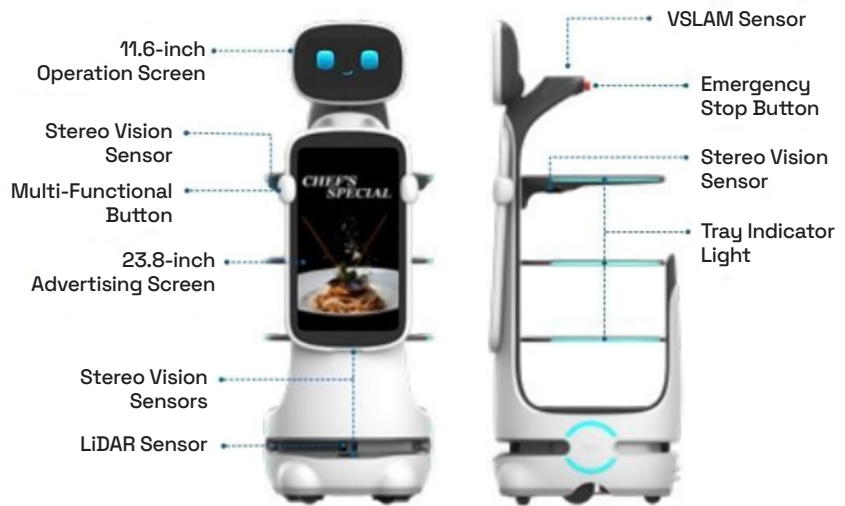

Effective Marketing Tool

Featuring a large screen for advertisements, this robot supports custom image and video playback to effectively communicate messages.

Agile and Elegant

With a flexible movable head, unique facial expressions, and a multi-modal design incorporating voice, touch, and vision, the robot exudes agility and charm.
