1 Activated Silk™

Activated Silk™ combines practical moisture-wicking and a luxurious silk-inspired hand feel. Pure liquid silk protein derived from cocoons creates a bio-based and biodegradable performance finishing agent for nylon and polyester.

2 Cushion Comfort

Unrestricted comfort with cradle-supported, foamed padding and soft rib-knit texture for everyday ease.

A full-page photograph of two women with long, wavy hair sitting back-to-back on a white, draped fabric. They are both wearing light blue lace underwear. The woman on the left is looking upwards and to the left, while the woman on the right is looking directly at the camera. The lighting is soft and even, highlighting the texture of the lace and the smoothness of the fabric they are sitting on.

3 Invisible Lace

A delicate, premium lace story with structured fit options across key shapes for a premium, layered look.

A woman with dark, wavy hair is lying down, looking towards the camera. She is wearing a light blue, short-sleeved sleep top with thin white straps and mesh inserts on the sides. Her hands are resting on her arms, which are crossed over her head. The background is a plain, light-colored surface.

4 Bamboo Sleep

Soft, breathable bamboo blended jersey with strategic mesh inserts for sleepwear that stays cool through the night and transitions smoothly into daywear.

5 Bamboo Chic

Wireless support meets a premium hand feel in a natural-fibre story, created for those who want soft, wireless comfort with a clean, cut-and-sewn finish.

6 Cooling Sensation

Ideal for women experiencing hot flashes, this theme combines shape and breathable comfort in cooling, lightweight pads and temperature-regulating fabrics.

7 Modal 365

Lightweight, breathable sleepwear essentials accented with premium lace and all-season temperature-regulating fabrics that work year-round.
