

# Catwalk Edit

S/S 2027

Runway styles reimagined for your assortment.

A woman with long dark hair is lying on her side on a bed with white linens. She is wearing a dark, sheer lace bodysuit with a floral pattern. Her arms are raised and crossed behind her head. She is looking directly at the camera with a slight smile. The lighting is soft and warm, creating a relaxed and intimate atmosphere.

From catwalk to collection.

*Channel the season's strongest  
catwalk moments into  
intimates and sleepwear.*

The Catwalk Edit translates SS2027's strongest runway signals  
into commercially ready intimates and sleepwear.

## *Two macro movements shape the collection*

Innerwear-as-outerwear, where intimate pieces become visible styling items in the overall look.  
And second, pyjama dressing, fuelled by the global wellness shift towards multipurpose pieces  
that span city, resort, and lounge settings.

## *Five themes bring both to life*

Vintage-inspired crepe de chine, allover lace with delicate lace details, breathable yarn dyed cotton,  
lightweight rayon, printed mesh, and Hop Lun's proprietary multicoloured allover lace  
deliver runway designs to energise your assortment.
