A woman with long, dark, wavy hair is posing against a black background. She is wearing a magenta-colored top with a lace-trimmed band. Her right arm is raised, with her hand resting on her head, and her left arm is bent across her chest. She has a tattoo on her right ring finger. The lighting is dramatic, highlighting her skin and the texture of the fabric.

Key Focus on Shapes and Fabrics

Feminine Fusion accentuates sculptural, supportive shapes through innovative layering techniques. The interplay of contrasting materials, and clean finishes adds an illusion of depth.

Luxurious fabrics elevate the sensory experience, from silk-like smoothness to delicate allover lace that craft a modern, confident look.

Creora Powerfit Clean Cut Soft Micro

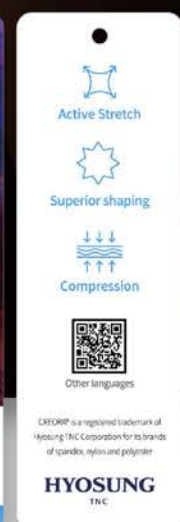

creora® Power Fit, from Hyosung's flagship high-power spandex portfolio, offers exceptional stretch and recovery that enhances both fit and comfort in our Feminine Fusion pieces.

Enhanced Fabric Power

Fabrics engineered with creora® Power Fit deliver enhanced fabric power even when applied to different companion yarn types, providing greater shape-holding capability than competitor spandex.
