

A fashion advertisement featuring two models. The model on the left has long blonde hair and is looking over her shoulder, wearing a black sports bra with a thin strap. The model on the right has dark curly hair and is looking forward, wearing a black sports bra with a thin strap and a small 'FLOW' logo on the side. Both bras have a layered, mesh-like design. The background is a solid dark blue-grey color.

Layered Allure

Intelligently designed to support the feminine silhouette. Contrast textures elevate every look.

Sheer finesse • Secure support

1 Texture in Harmony

Soft Micro, Sheer Mesh, and Bonded Precision

2 Sugar glitter accents

A touch of shimmer for secure embellishment

3 VPL-free silhouette

Seamless look with breathable panels for everyday wear

Introducing the Layered Allure capsule, where structure can be soft, and softness can be structured.

Layered effects, achieved through bonded technology, clean-cut silhouettes, and engineered bands, enhance both aesthetic appeal and practical support.

The collection is a cohesive assortment where craftsmanship shines through refined textures, subtle shimmer, and a commitment to creating silhouettes with no visible panty lines (VPL) across both regular and plus sizes.

Explore elevated layering to create beautifully shaped silhouettes while delivering everyday comfort.

Key Focus on Shapes

Layering to create depth and lift for seamless silhouettes . . .

Highlights

Scoop-neck wired bras with bonded wings and front panels.

Sheer balconnet silhouettes with supportive side slings.

High-coverage options with engineered bands.

No VPLs through bonded construction and front mesh inserts.

Regular and plus-size variants showcase the inclusivity of fit and proportion.

Key Capsule Features

Layered elegance • Engineered for lift

1

Core fabrics

Core fabrics combine creora® Power Fit Clean Cut Soft Micro and Sheer Mesh with engineered bands for balanced transparency and support.

2

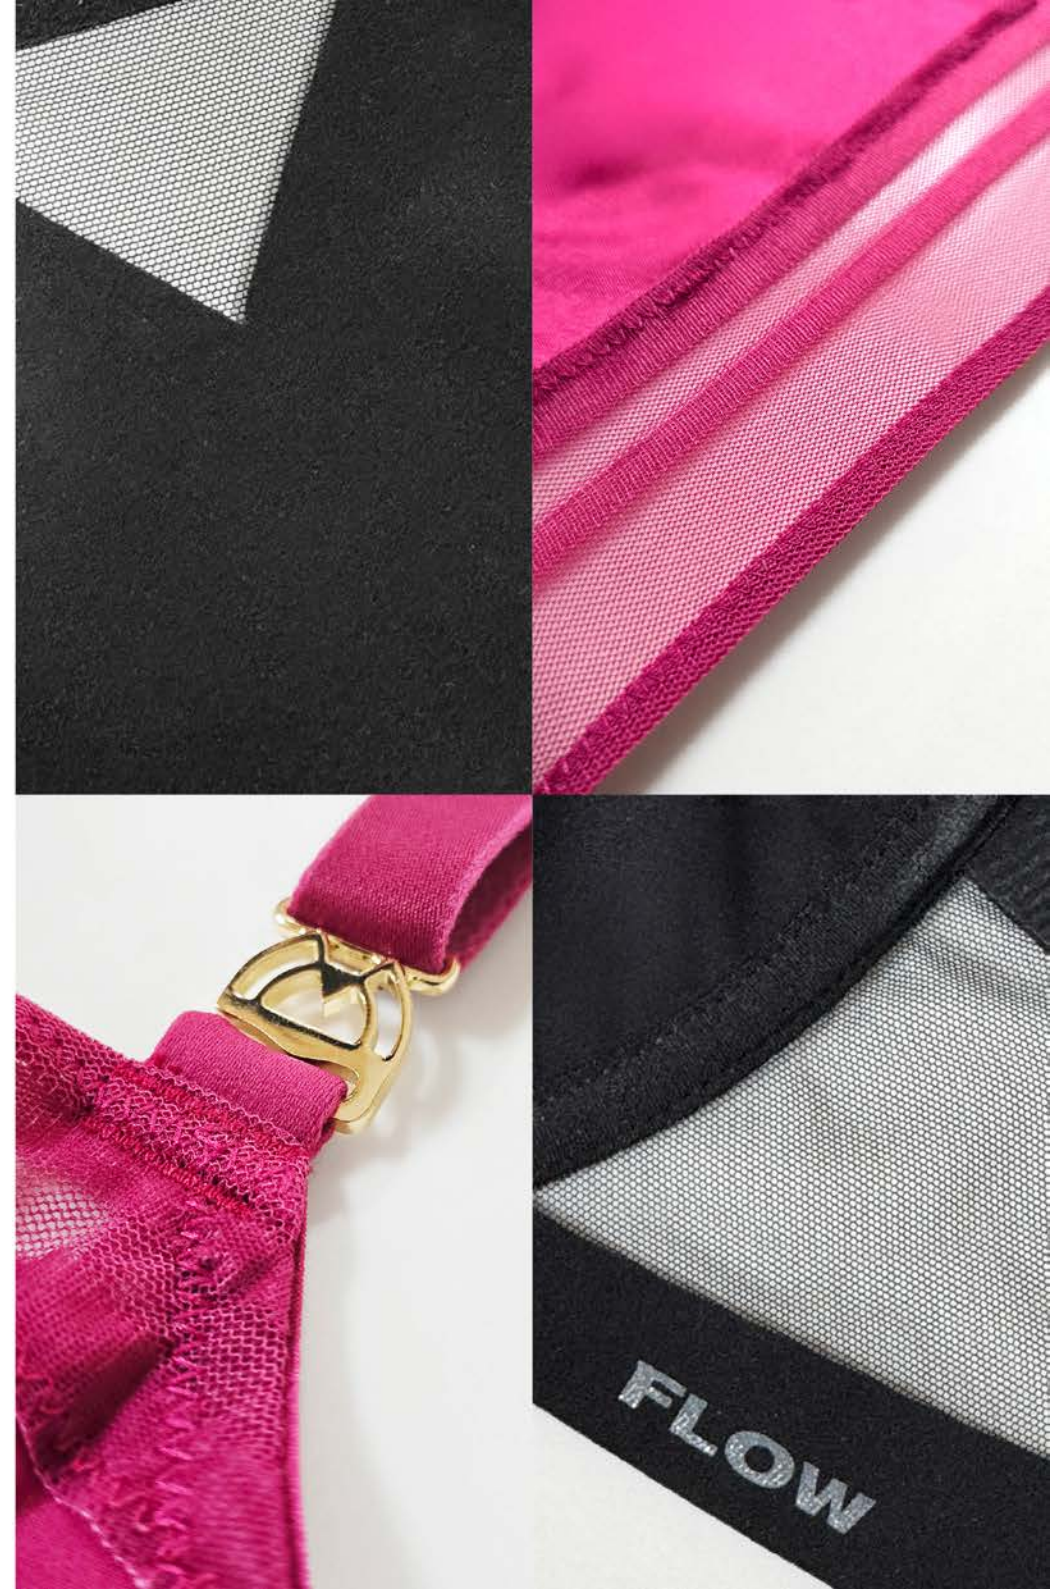

Bonded technology

Bonded technology delivers smooth, seamless lift along necklines, front panels, wings, and hook-and-eye systems.

3

Finishes

Sugar glitter heat-transfer patches add a subtle shimmer finish to every piece.

What Makes creora® Power Fit Clean Cut Soft Micro Special?

creora® Power Fit, from Hyosung's flagship high-power spandex portfolio, offers exceptional stretch and recovery, enhancing both fit and comfort.

Enhanced Fabric Power

Fabrics engineered with creora® Power Fit deliver enhanced fabric power even when applied to different companion yarn types, providing greater shape-holding capability than competitor spandex.
