Flex & FLOW

Self-care built into every seam. Body-positive comfort for every shape.

Adaptive Fit Inclusive Sizing All-day Ease

Comfort Engineered for Every Body. Every Stage.

Flexi-wire support, cooling ribbed micro, and invisible confidence features that adapt to your body through every change.

A photograph of two women in light blue athletic wear. The woman in the foreground is in sharp focus, looking slightly to the side with a soft expression. She has dark hair and is wearing a light blue tank top with a white trim around the neckline. The woman in the background is out of focus, also wearing a similar light blue top, with her arms raised. The background is a solid, muted blue color.

Bodies change. Comfort shouldn't compromise.
Real life brings weight fluctuations, hormonal shifts,
and daily changes. Your intimates should adapt to you.

Flex & Flow addresses these real comfort needs with
adaptive fit innovations across bras, briefs, and
anti-chafing solutions.

Technology that moves with your body, not against it.
Plus-size availability for every piece.

Engineered for every body and every stage of life.

3 Themes

Adaptive Support

Flexi-wire innovation and memory padding deliver customised lift that adapts to body changes.

Gentle Ease

Wireless comfort with removable pads and flex spacer construction for relaxed, breathable support.

Invisible Confidence

Cameltoe-proof gussets, anti-chafing coverage, and bonded seam-free finishes deliver smooth, invisible wear under any outfit.

Key Focus on Shapes

- 1 Flexi-wired push-up bras | deliver lift without rigidity through flexible carbonised wire.
- 2 Memory padding | lifts and contours to body shape.
- 3 Wireless sleep and lounge bras | provide gentle shaping with flex spacer cushioning.
- 4 Silicone-printed wired bras | provide light support.
- 5 Cameltoe-proof hipsters and thongs | feature silicone or spacer gusset inserts.
- 6 Anti-chafing shorts | deliver extended leg coverage.
- 7 Plus-size | adaptation for every piece.

Key Focus on Fabrics

- 1 creora® Power Fit Micro | soft-touch compression with moisture-wicking.
- 2 Soft Touch Sheer Micro | lightweight breathability.
- 3 Clean Cut Stretch Cooling Ribbed Micro | temperature regulation through ribbed texture and clean-cut construction.

What Makes creora® Power Fit Micro Special?

creora® Power Fit, from Hyosung's flagship high-power spandex portfolio, offers exceptional stretch and recovery, enhancing both fit and comfort.

Enhanced Fabric Power

Fabrics engineered with creora® Power Fit deliver enhanced fabric power even when applied to different companion yarn types, providing greater shape-holding capability than competitor spandex.
