THE ORGANISERS' ETHOS

We are putting together a FIM 6DAYS[®] that will live long in the memory of those taking part and the thousands of people watching across the world. Held in September, we expect the weather will provide a good challenge to competitors – but not a prohibitive one.

The route will be...

Shaped by the awesome Welsh landscape

Test mileage will be...

Run across terrain that's technical and demanding

Each day will be...

Long and a reminder of why people love Enduro

Conditions will be...

Typically changeable and unpredictable

Our event will be...

The ultimate challenge for riders, teams and machines

"WALES IS THE NATURAL HOME OF ENDURO IN THE UK. I THINK THE TERRAIN AND WEATHER IN THE REGION HOSTING THE SIX DAYS WILL BE EXTREMELY CHALLENGING FOR ALL THE RIDERS. WINNING WON'T BE EASY."

MULTIPLE FIM ENDUROGP WORLD CHAMPION

FIM PRESIDENT

AN EVENT POWERED BY PEOPLE

The FIM International Six Days' Enduro Wales 2027 will be delivered by passionate Welsh motorcycle clubs with support from like-minded volunteers across Britain.

Ours will be a world-class event built on grassroots expertise.

We are grateful to the Auto-Cycle Union's organising clubs, marshals, and officials for their commitment to putting on a world-class event.

Our team is experienced and many of our personnel were responsible for organising FIM EnduroGP Wales, the final round of the World Championship in August.

They know what's required. And they will deliver in 2027.

OUR WORK IS UNDERWAY

We still have 11 months to build an event that the FIM, ACU, Wales, and the Enduro community can be proud of.

We are determined to deliver a world-class sporting challenge and to write a new chapter for Enduro in Wales, as well as a memorable new century of editions for the FIM 6DAYS® Enduro of Nations.

We welcome your support and we look forward to seeing you at the start in 2027.
