CoWin Financial Lease

Discover how CoWin Financial Lease
can benefit your facility today!

Key Benefits

No upfront investment

Maintain liquidity while upgrading technology.

Flexible 5-year plan

Spread costs for easier budgeting.

Full ownership

Own the system at the end of the lease.

Enhanced safety & autonomy

Equip staff with the best tools.

State-of-the-art technology without impacting liquidity

In partnership with **DLL**, Recornect offers a financial lease solution, allowing you to implement CoWin **without upfront costs**. With **manageable installments over five years**, you gain access to the latest technology while maintaining financial stability. At the end of the lease, **full ownership** is transferred to you.

Empower your staff with the best safety & control tools

Equip your team with **cutting-edge de-escalation and empowerment solutions** to enhance both safety and autonomy. CoWin supports secure, high-tech environments that improve **efficiency and care outcomes**.

How it works

01

Quotation & proposal

Recornect provides a leasing offer, including installation, service, and licensing details.

02

Lease agreement

Upon approval, you receive a lease contract from DLL, your financing partner.

03

Delivery & Installation

Recornect installs CoWin as per the agreement.

04

Payments to DLL

You pay manageable installments, and after five years, ownership is transferred to you.

This solution lets you access cutting-edge technology while ensuring financial flexibility.
